Soluzioni

classe 2ª

I primi segni e le prime note: il pentagramma, la chiave di violino, sol, mi, la, fa, si, ta e ti-ti.

do re mi fa sol la si

Per l'insegnante

Indice delle schede

Per l'insegnante. Le schede seguono l'ordine del percorso: grafia, note, ritmo, ascolto. Ogni segno nuovo si mostra prima alla LIM, poi si ripassa sul tratteggio e infine si scrive a mano libera. Le soluzioni sono in un fascicolo a parte.

Soluzioni · Righi e spazi

Il pentagramma ha 5 **righi** e 4 **spazi**. Si contano dal basso. Scrivi i numeri nelle caselle.

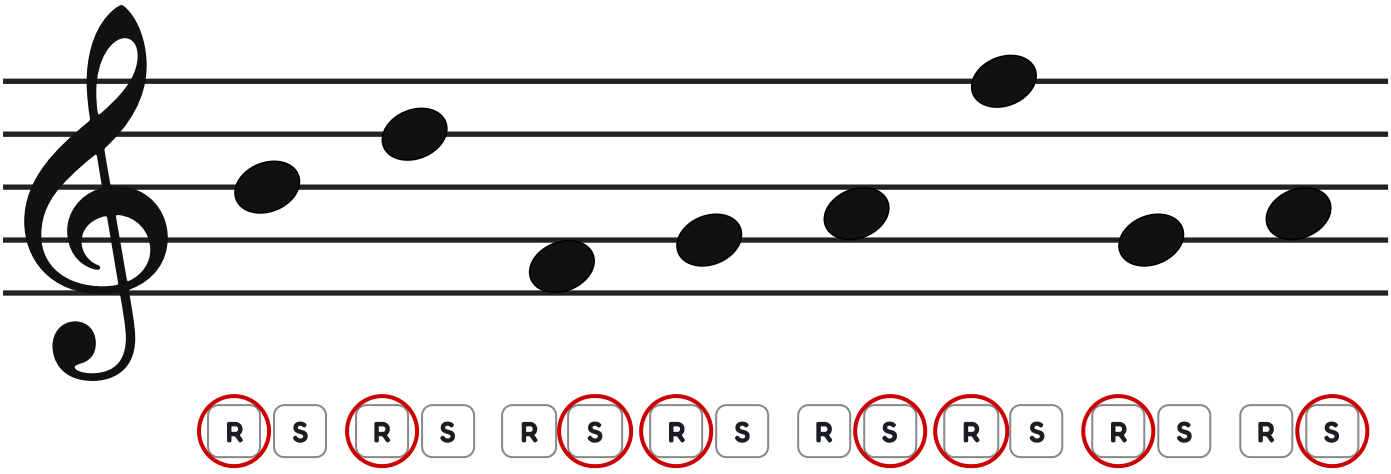

Si conta **dal basso**, come i piani di una casa: il 1° rigo è quello più in basso.

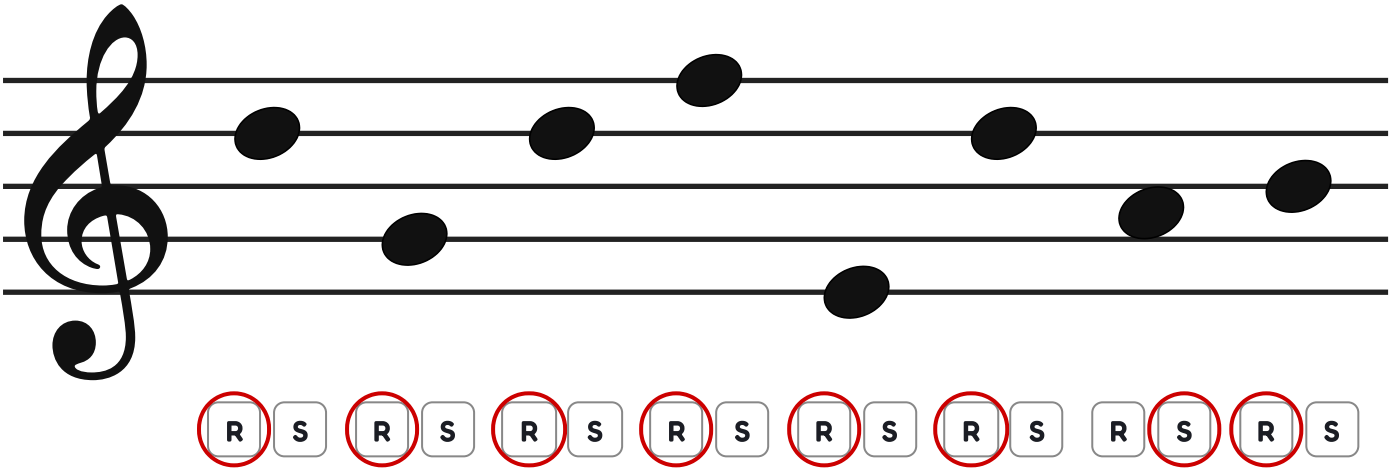

Ripassa con un pastello:

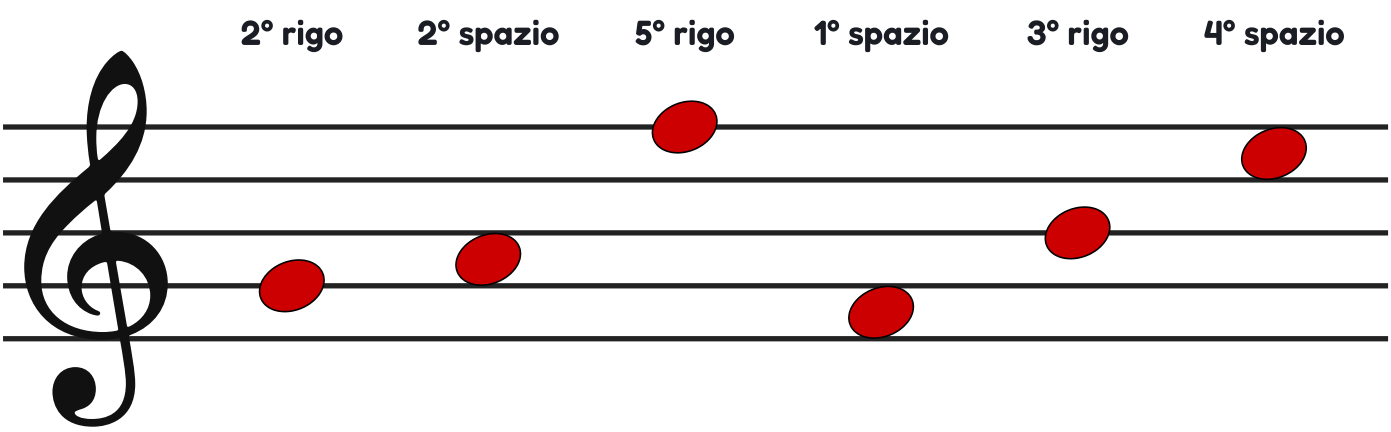

Soluzioni · Rigo o spazio?

Sotto ogni nota fai una crocetta: **R** se è sul rigo, **S** se è nello spazio.

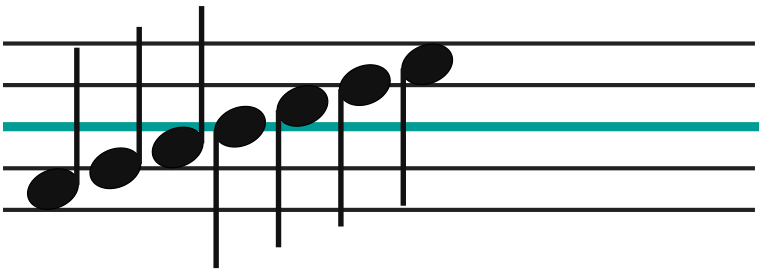

Disegna una testa di nota dove ti dice la scritta:

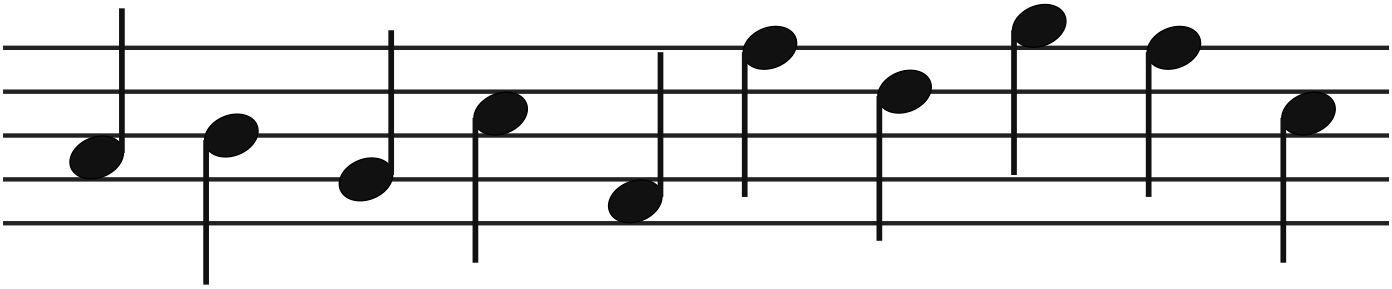

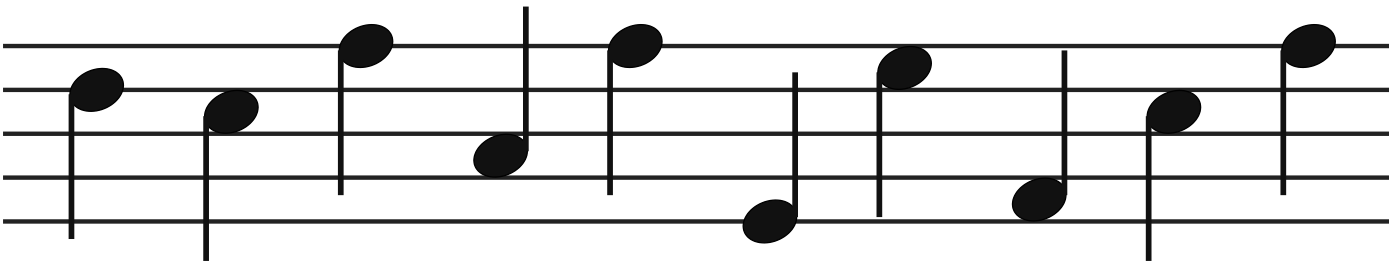

Soluzioni · La regola del 3° rigo

Aggiungi il gambo a ogni testa: **in su** o **in giù**? Guarda il 3° rigo.

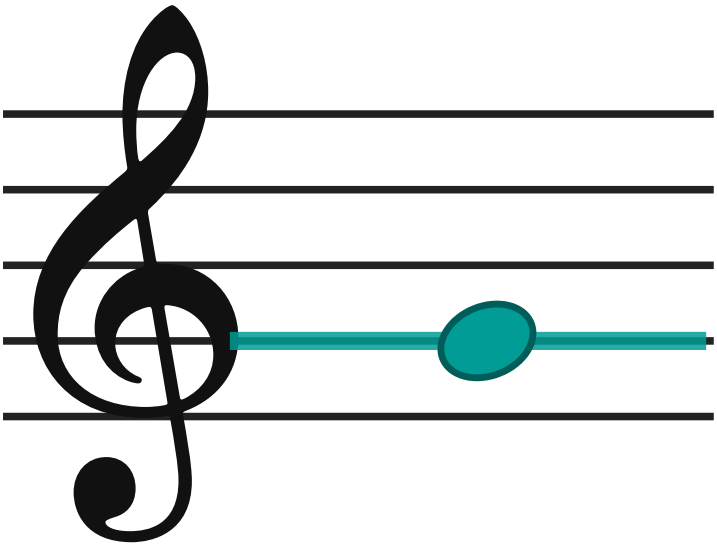

Sotto il 3° rigo: gambo **in su**, a destra.
Sopra il 3° rigo: gambo **in giù**, a sinistra.
Sul 3° rigo: di solito **in giù**.

Soluzioni · Il sol

Il sol abita sul **2° rigo**. Ripassa i sol e poi disegnane altri.

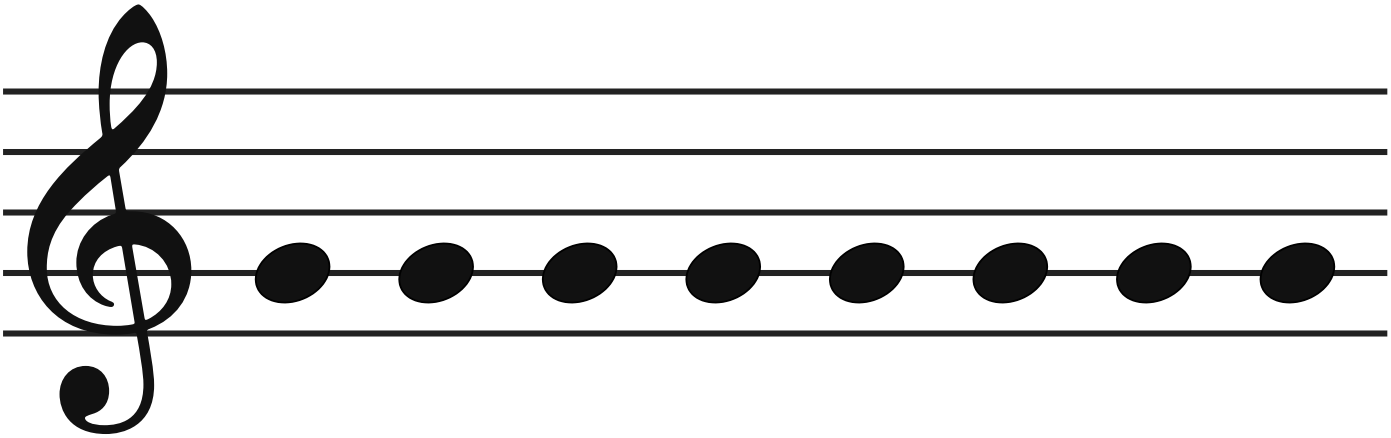

SOL

Abita sul **2° rigo**, il rigo abbracciato dal ricciolo della chiave di violino. Per questo la chiave si chiama anche **chiave di sol**.

Ripassa le note tratteggiate:

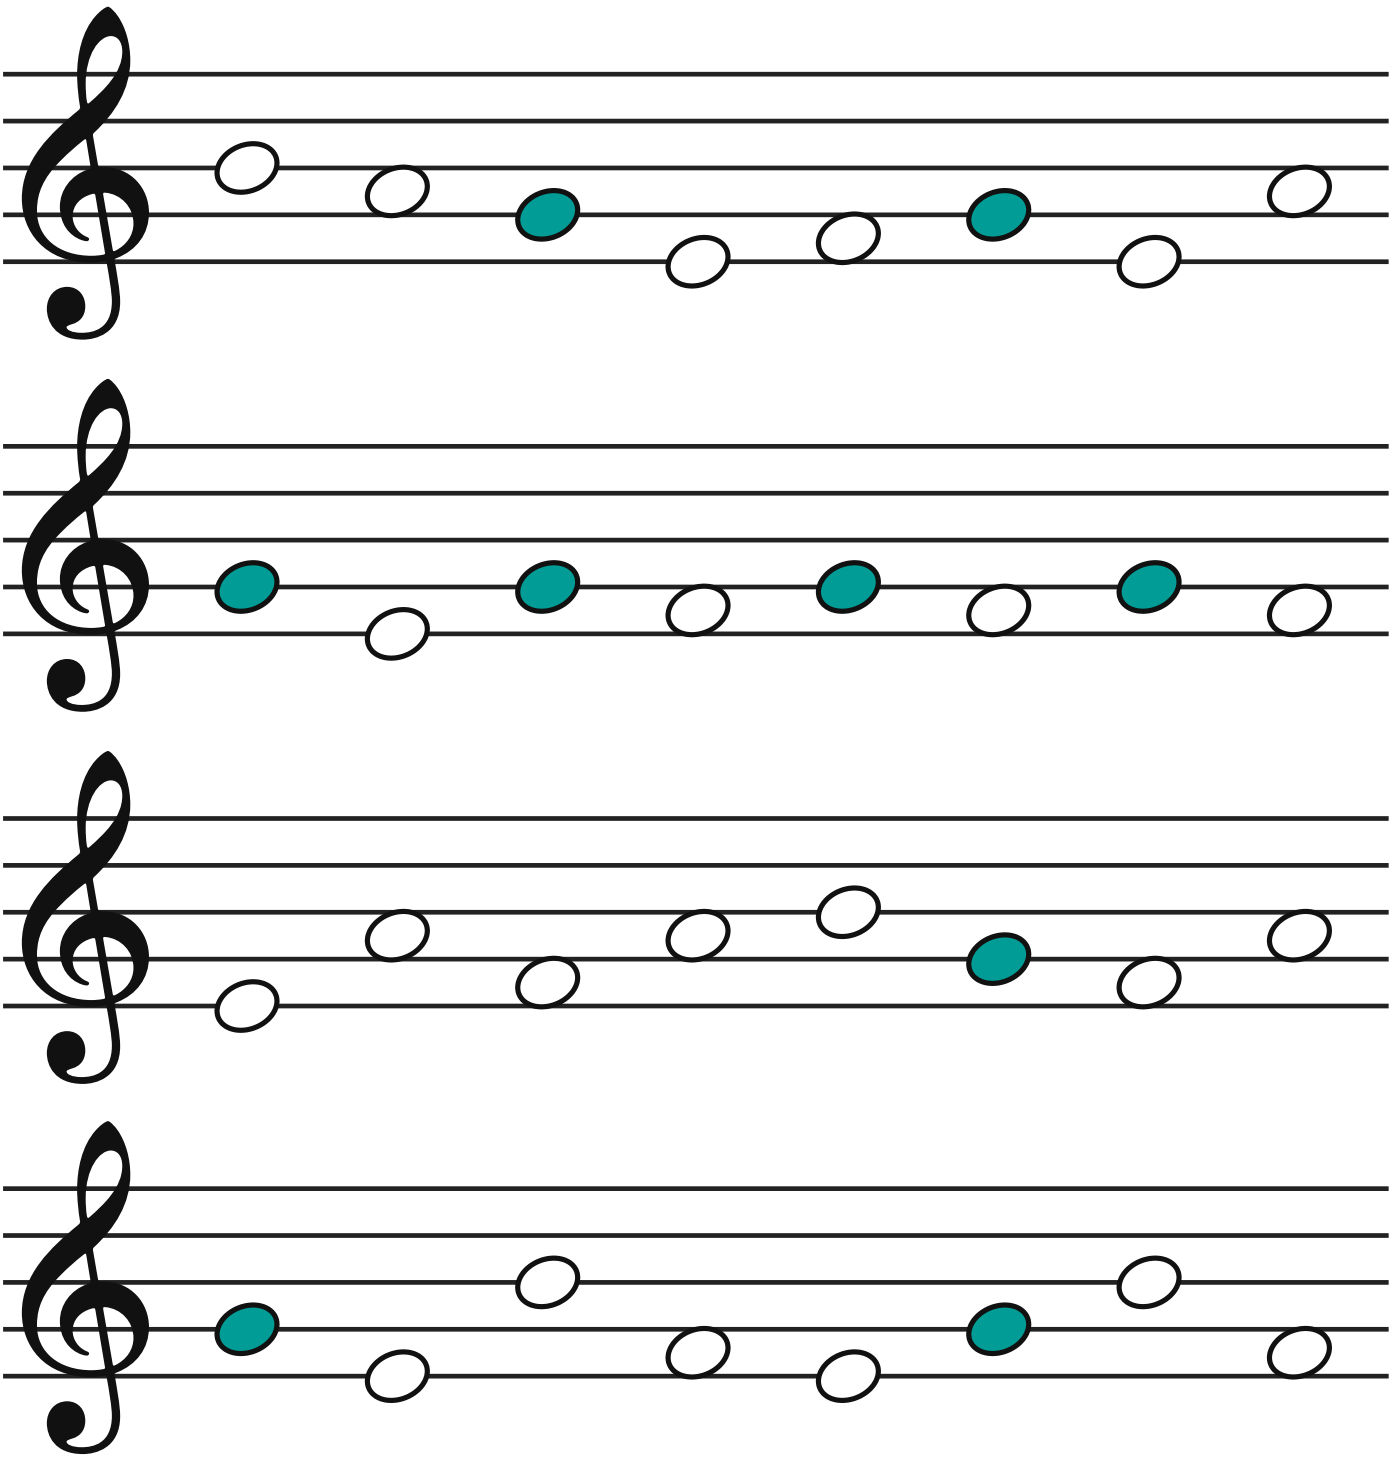

Ora disegna tu tanti sol:

Soluzioni · Caccia al sol

Trova tutti i **sol** e colorali. Poi contali.

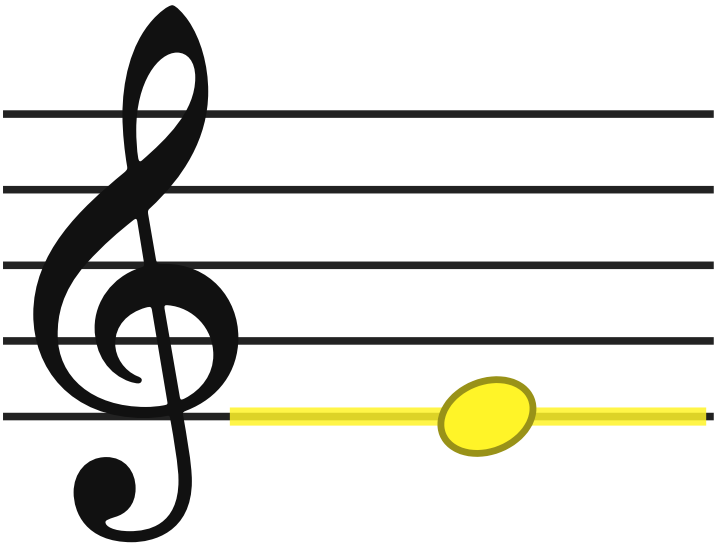

sol

Quanti sol hai trovato? **9**

Soluzioni · Il mi

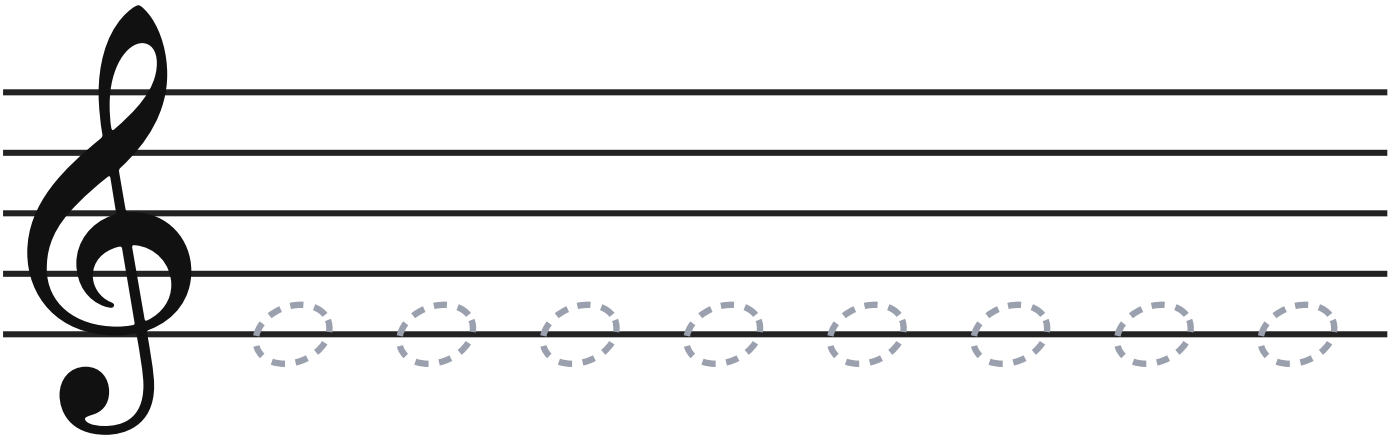

Il mi abita sul **1° rigo**. Ripassa i mi e poi disegnane altri.

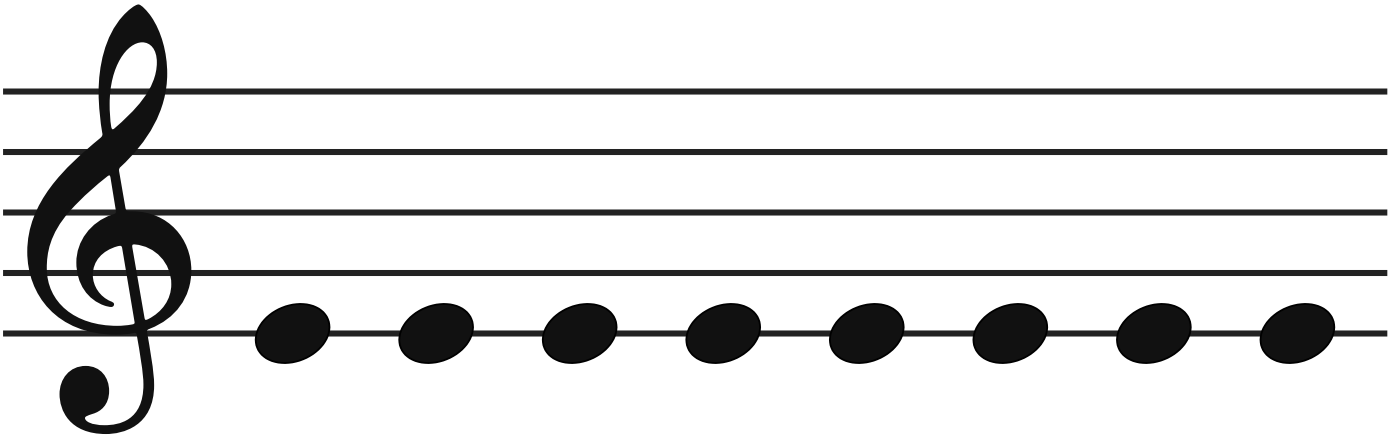

MI

Abita sul **1° rigo**, il primo dal basso: è il piano terra del pentagramma.

Ripassa le note tratteggiate:

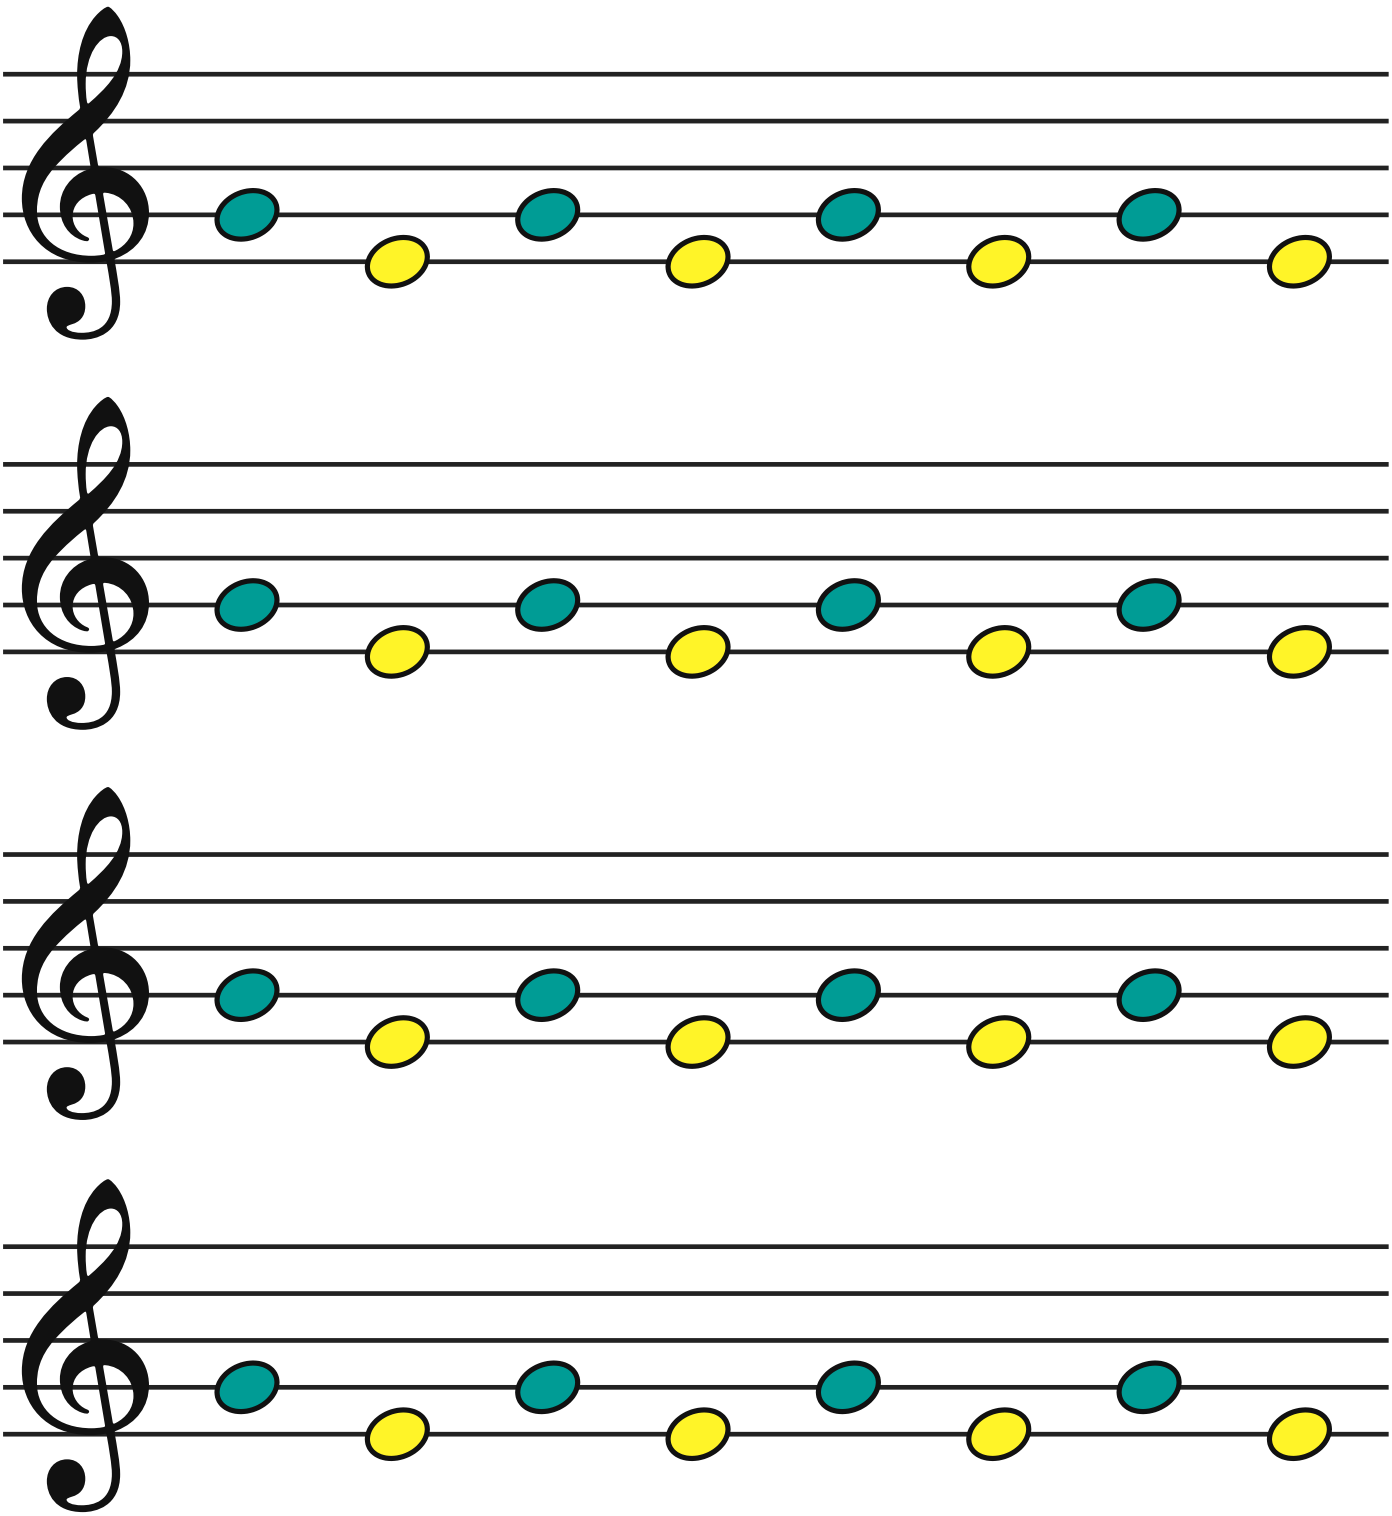

Ora disegna tu tanti mi:

Soluzioni · Sol o mi?

Colora ogni nota con il suo colore.

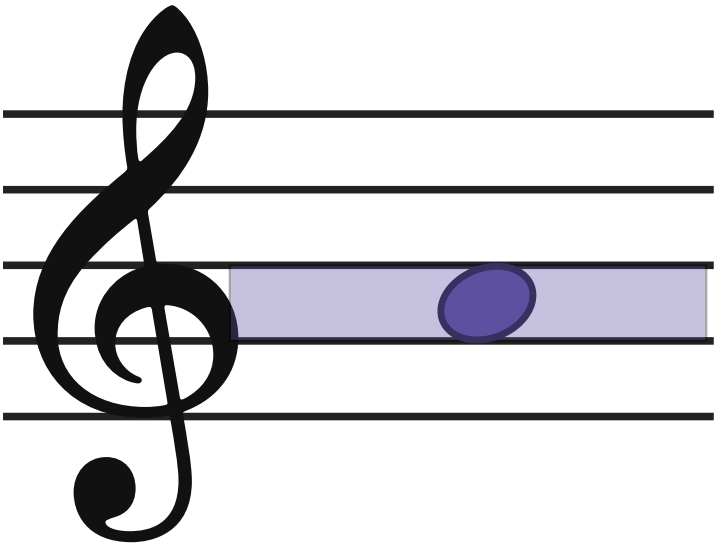

mi sol

Nome _____ 2N-05

Soluzioni · Il la

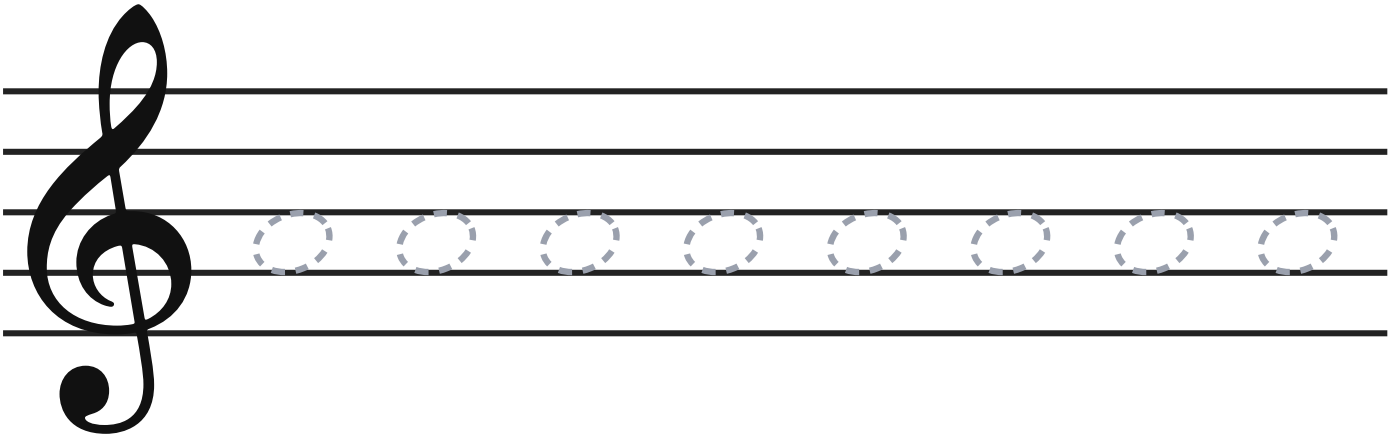

Il la abita nel **2° spazio**. Ripassa i la e poi disegnane altri.

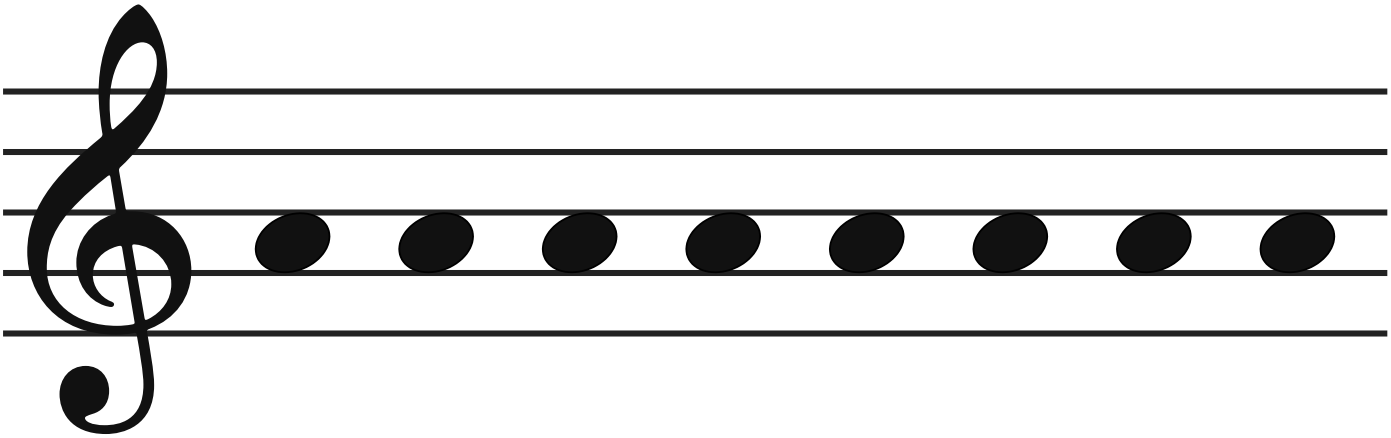

LA

Abita nel **2° spazio**, proprio sopra il sol: è il suo vicino di casa del piano di sopra.

Ripassa le note tratteggiate:

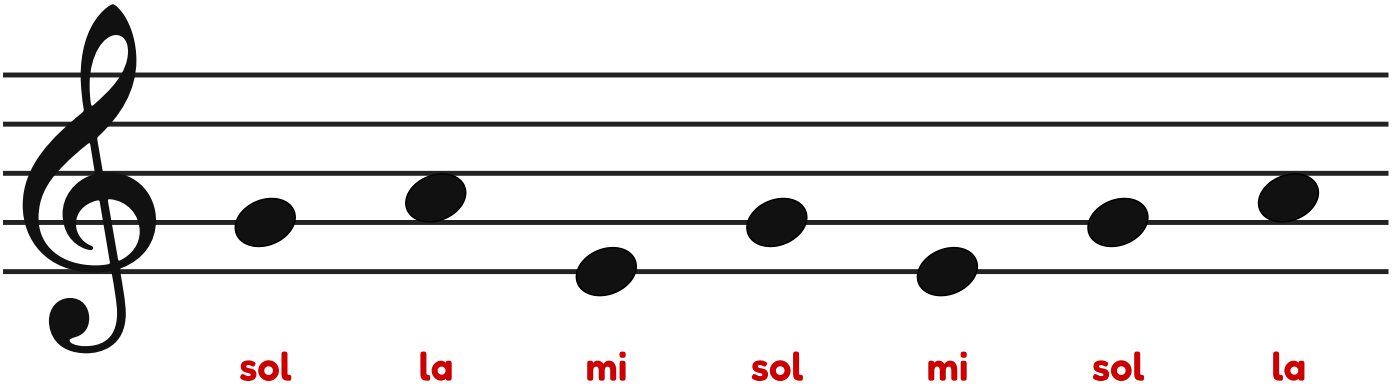

Ora disegna tu tanti la:

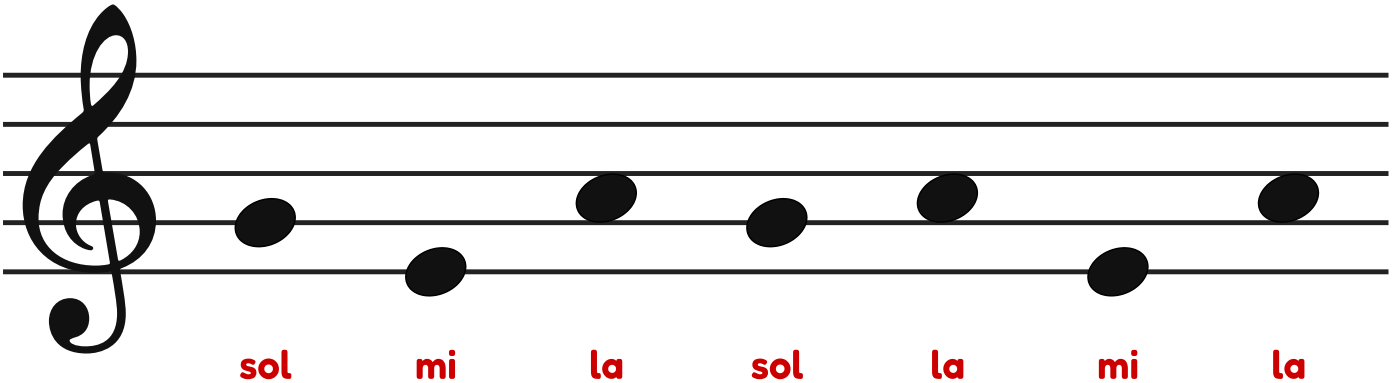

Soluzioni · Come si chiama?

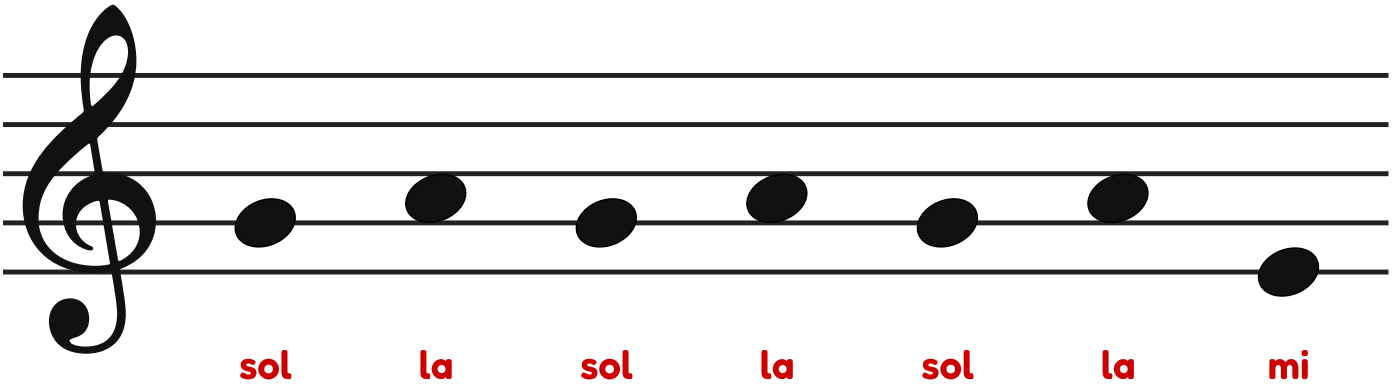

Scrivi il nome sotto ogni nota: **sol**, **la** o **mi**.

sol la mi sol mi sol la

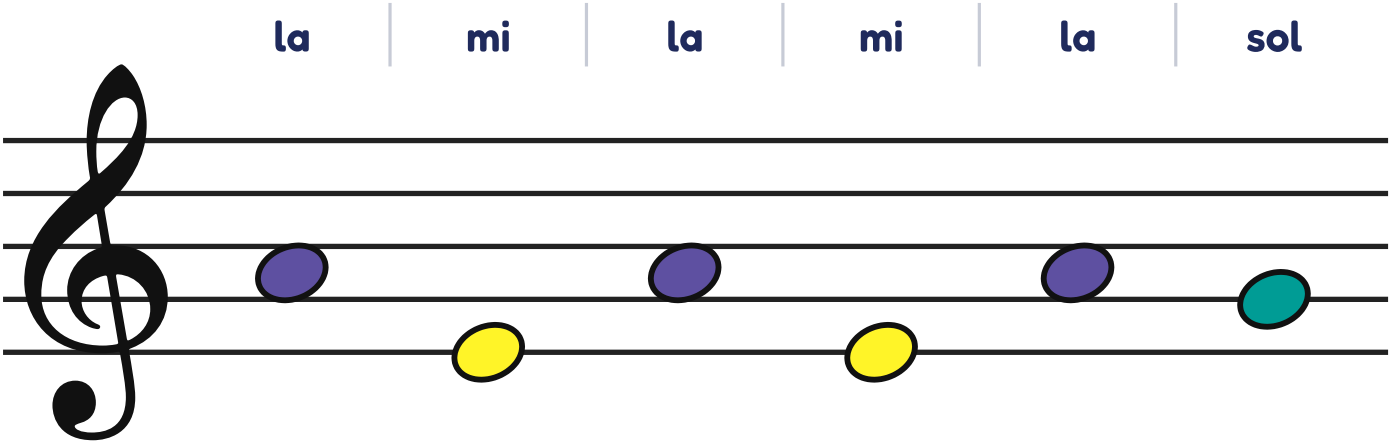

sol mi la sol la mi la

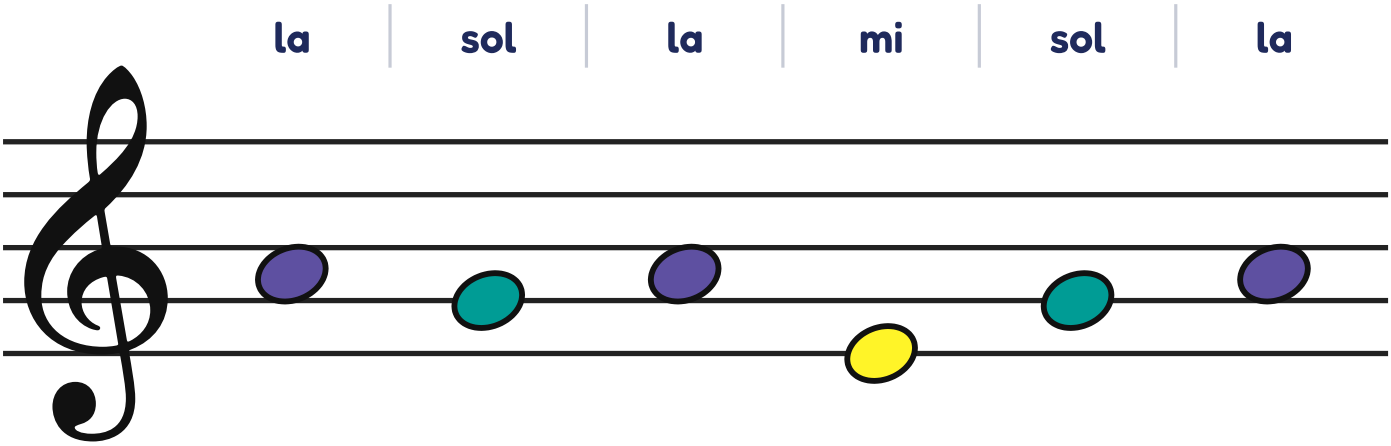

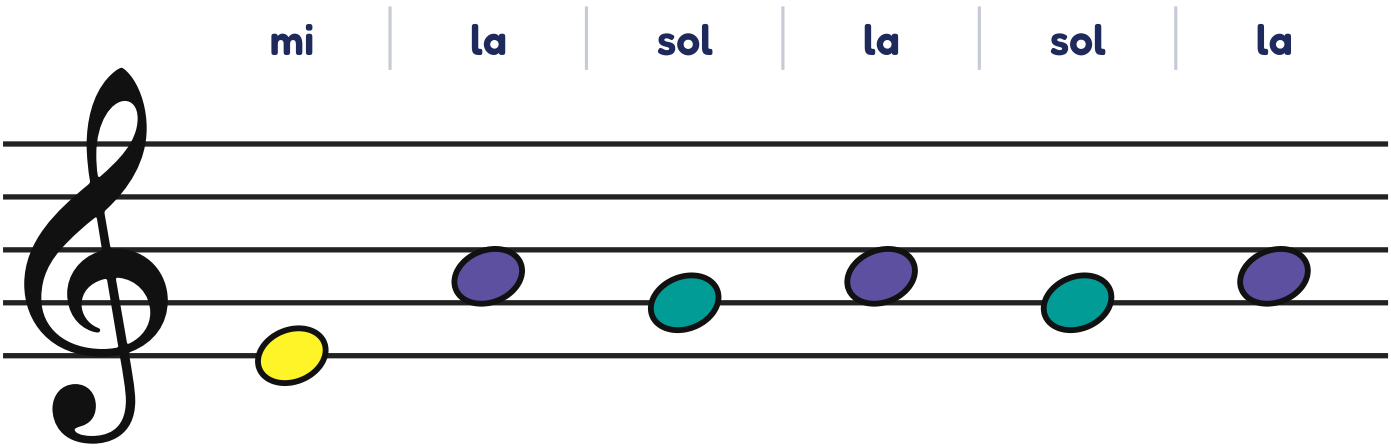

sol la sol la sol la mi

Soluzioni · Disegna la nota

Leggi il nome e disegna la nota al posto giusto.

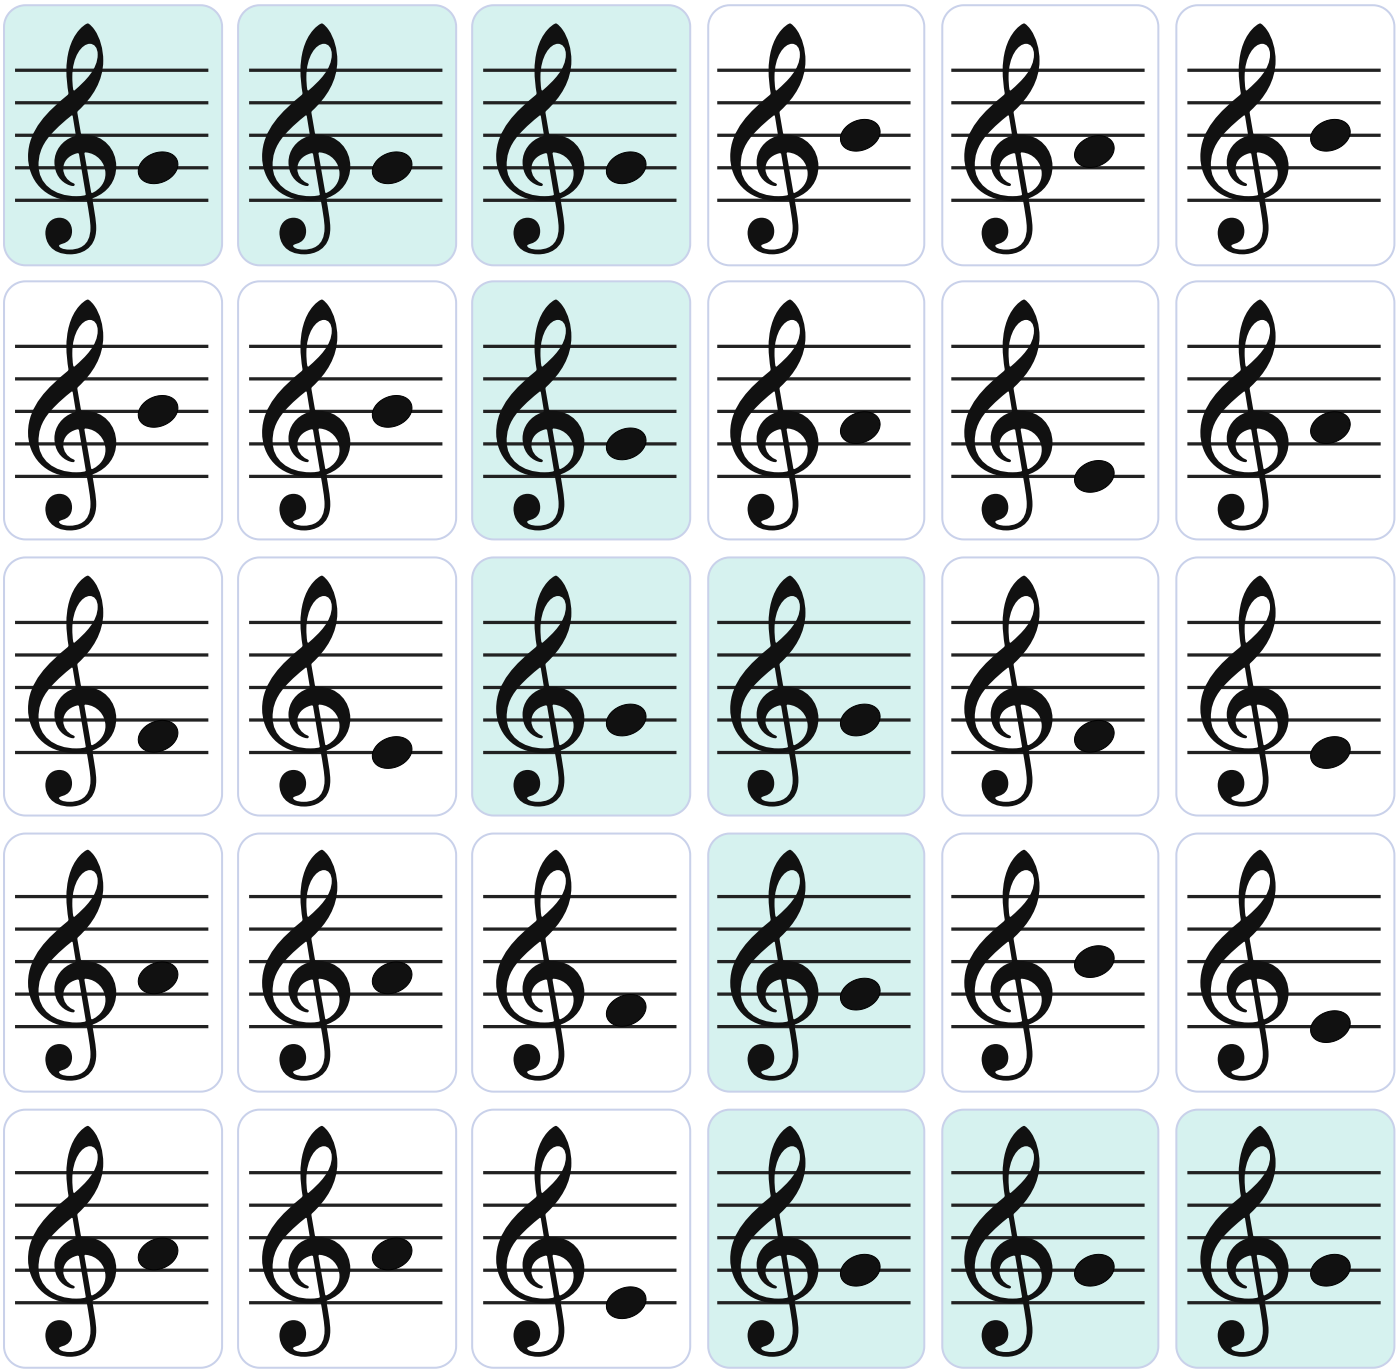

Nome _____ 2N-08

Soluzioni · Il labirinto dei sol

Aiuta il pulcino a tornare a casa: può camminare **solo sui sol**. Colora la strada.

Partenza

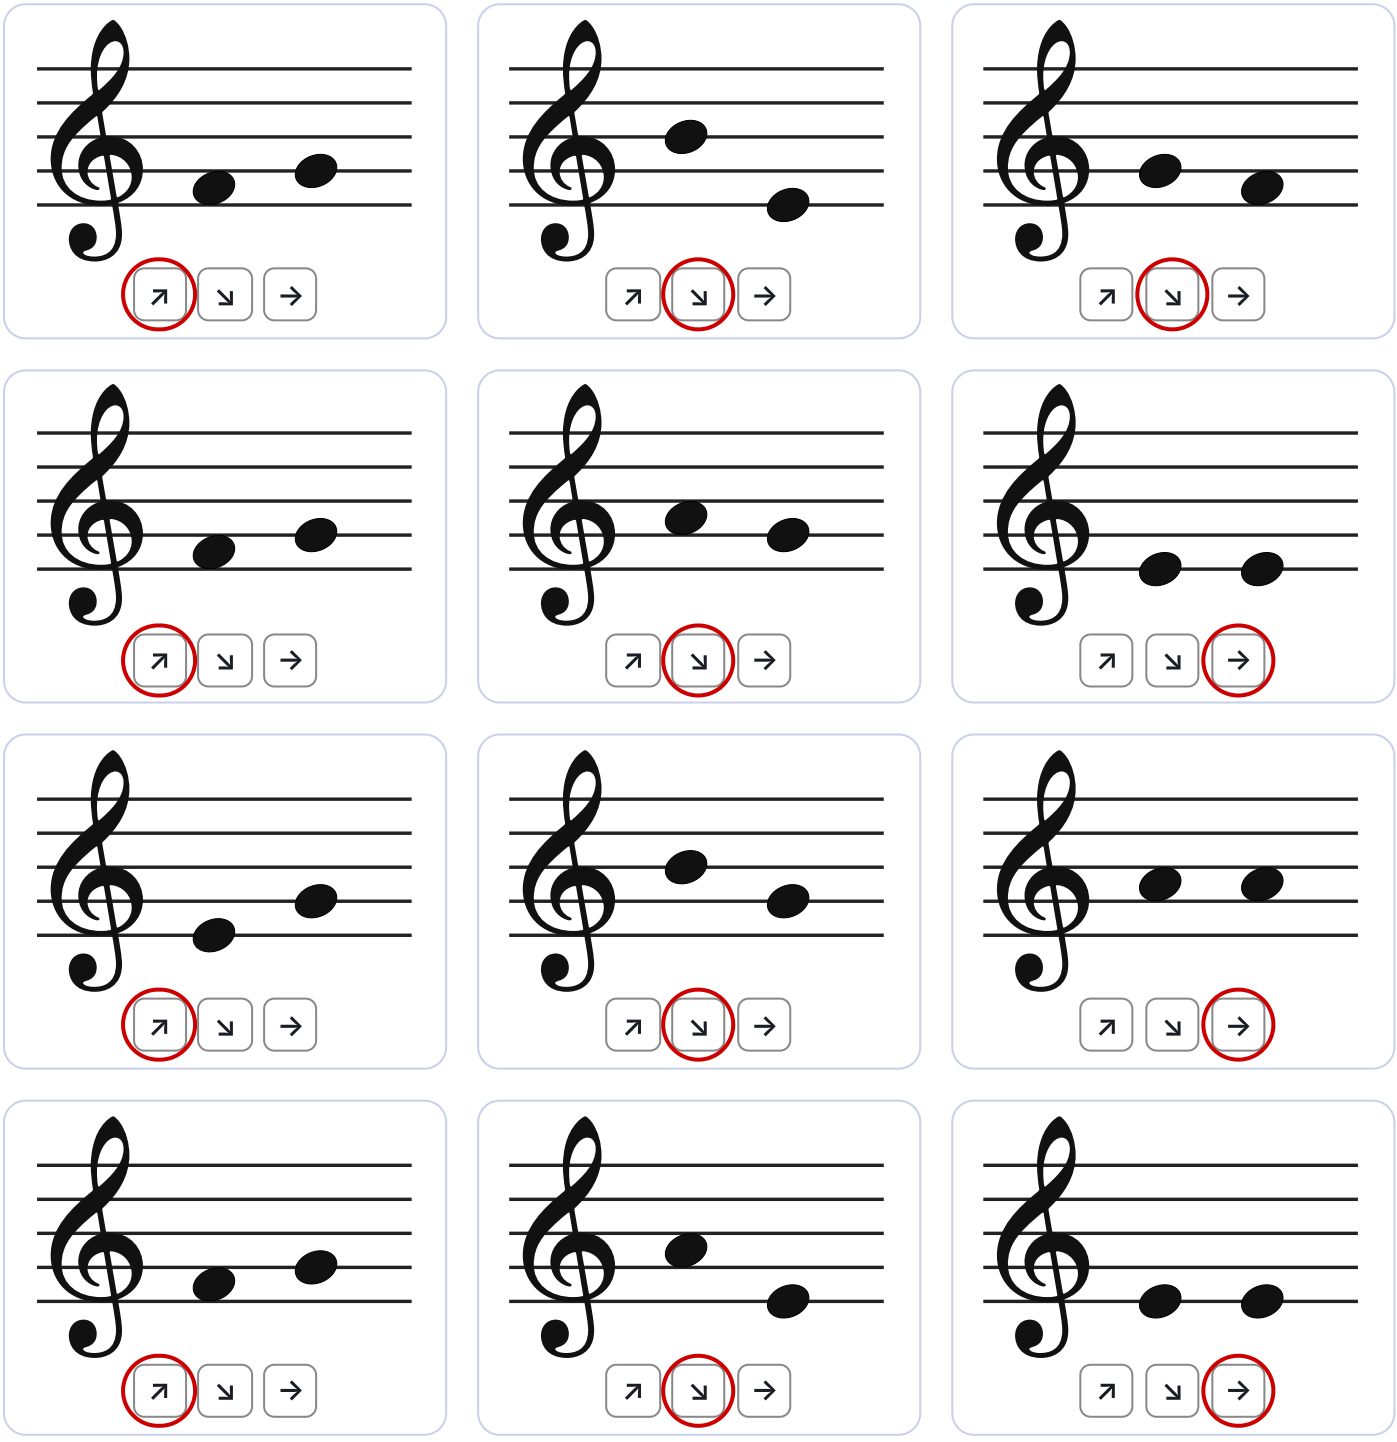

Arrivo

Soluzioni · Sale, scende o resta uguale?

Guarda le due note: la melodia **sale**, **scende** o resta **uguale**? Fai una crocetta.

↗ sale ↘ scende → uguale

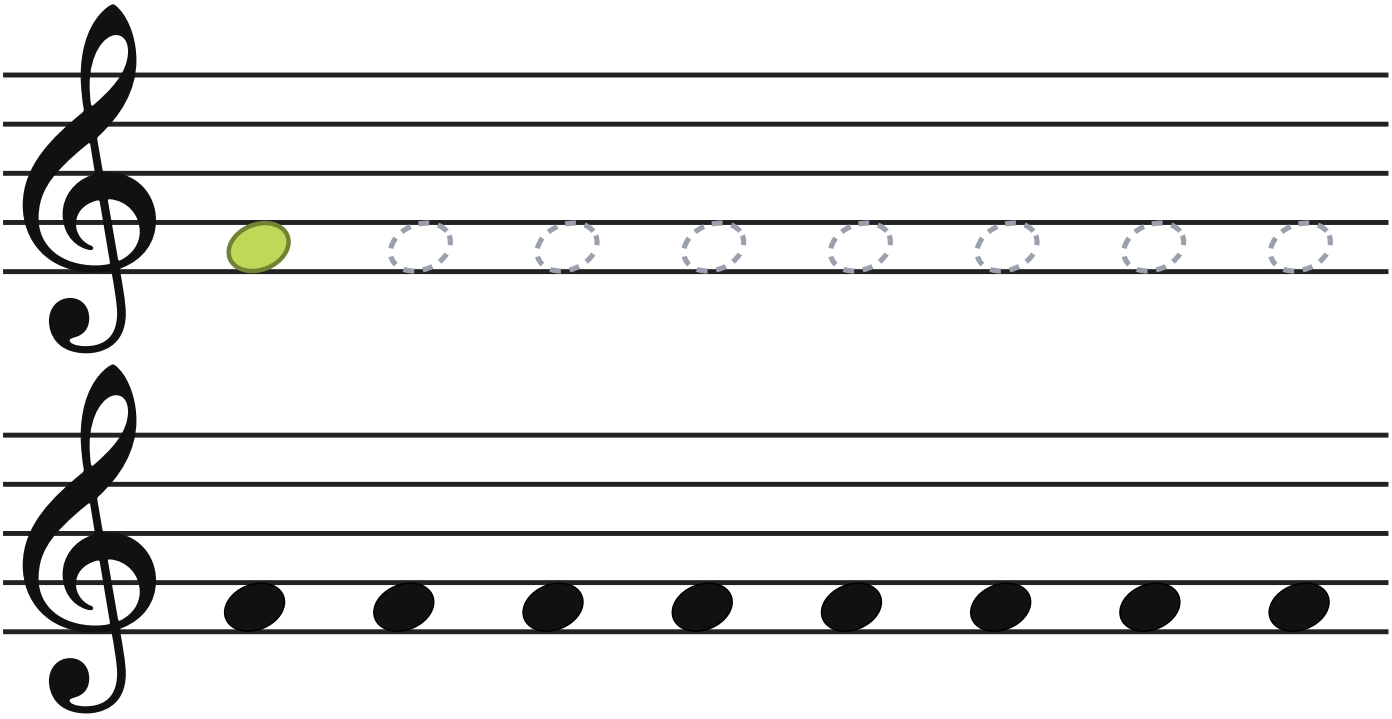

Soluzioni · Arrivano il fa e il si

Il **fa** abita nel 1° spazio, il **si** sul 3° rigo. Ripassa e poi disegna tu.

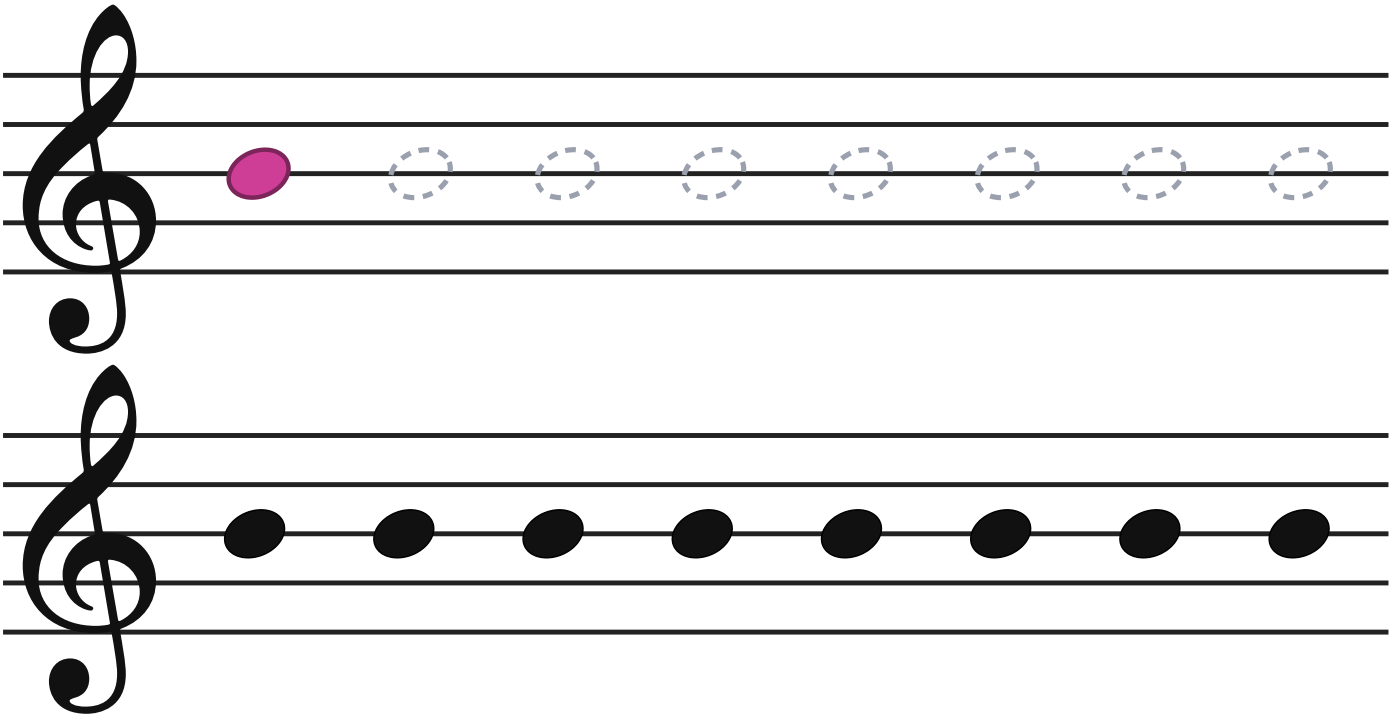

FA

Il **fa** abita nel **1° spazio**, tra il mi e il sol.

SI

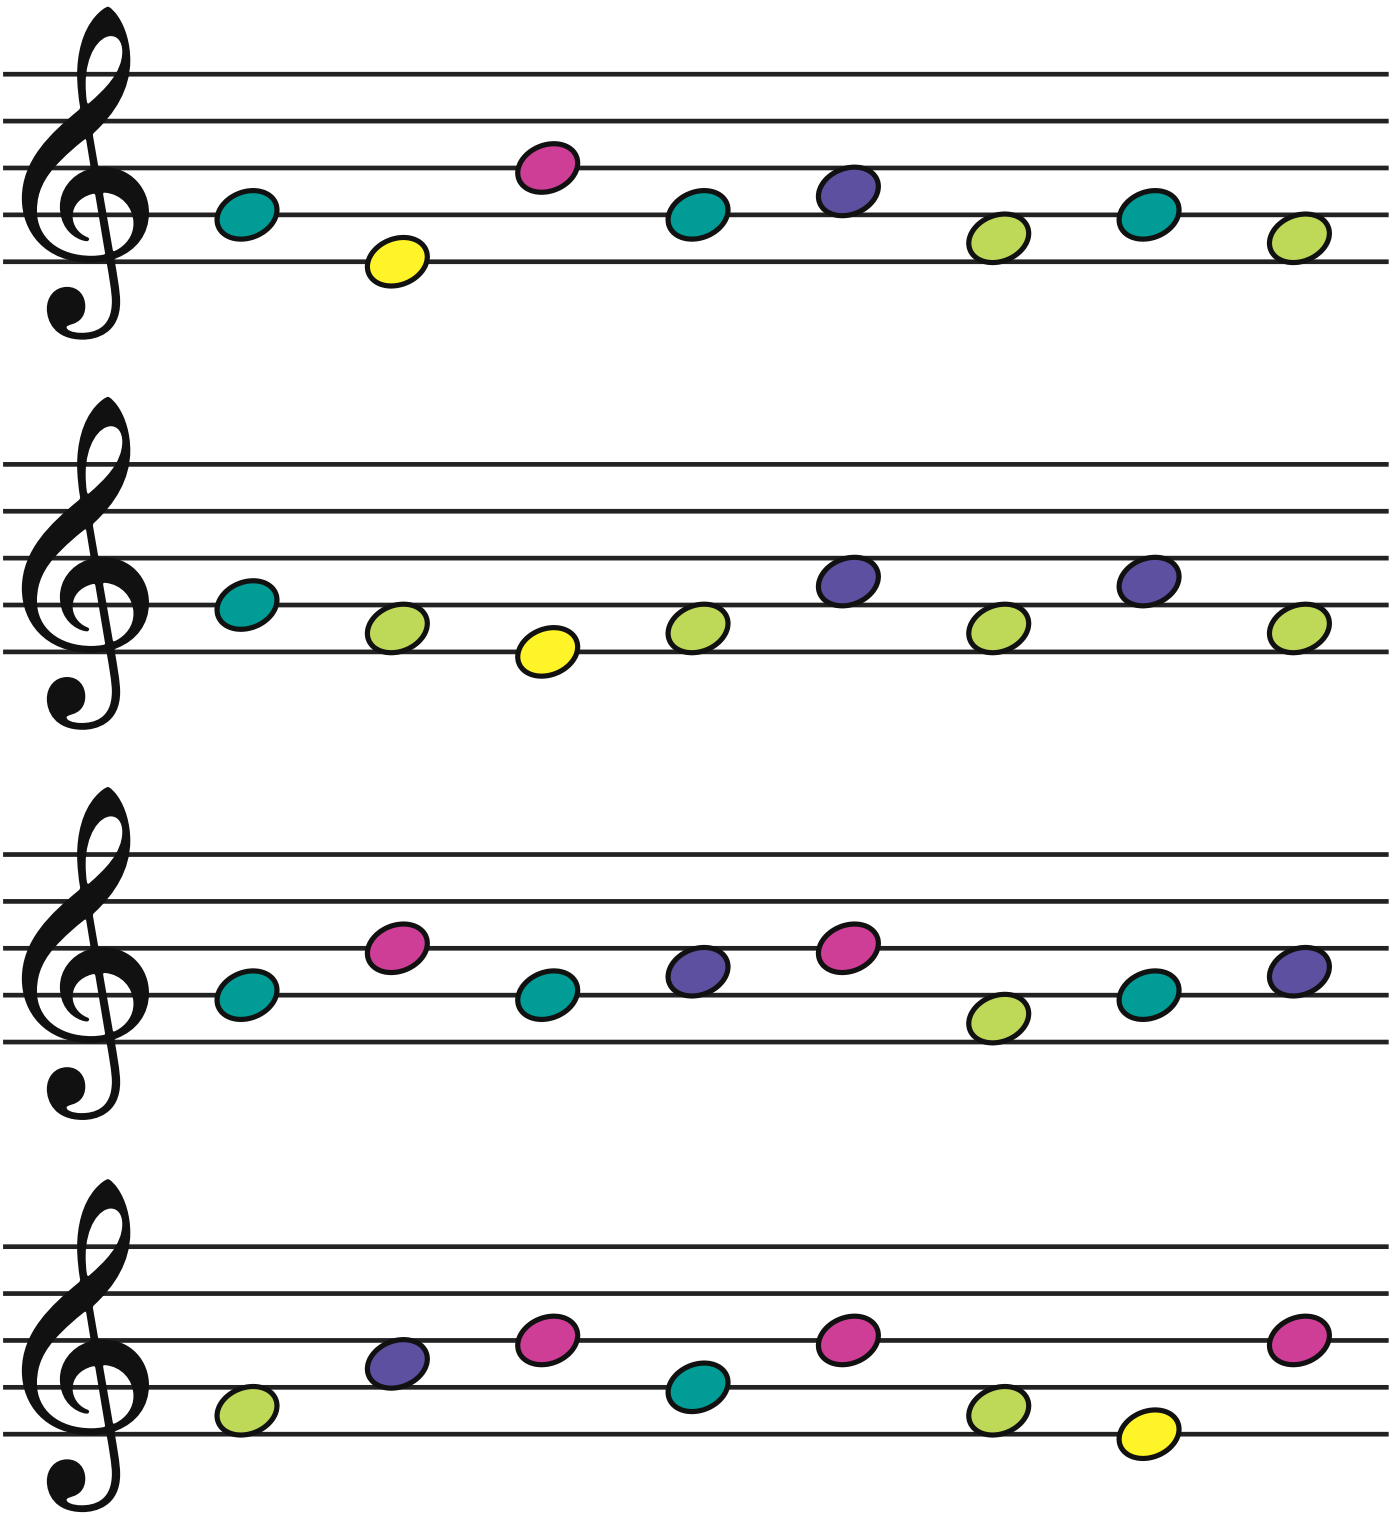

Il **si** abita sul **3° rigo**, il rigo di mezzo.

Soluzioni · Le note dal mi al si

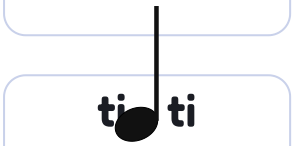

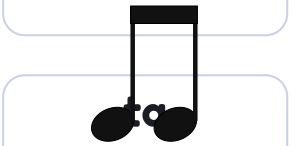

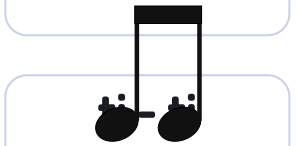

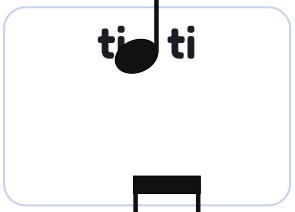

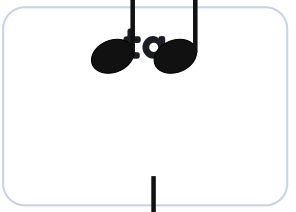

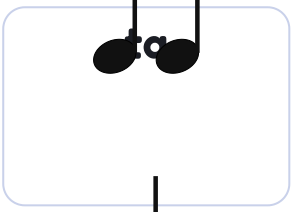

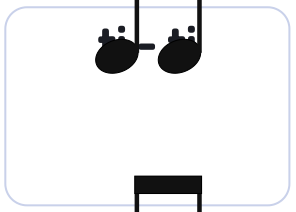

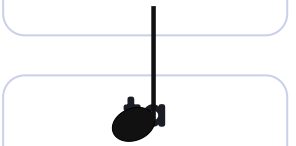

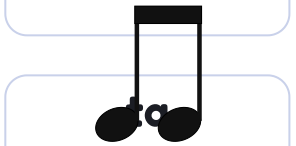

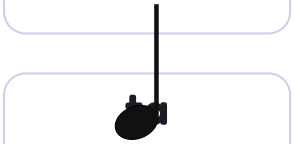

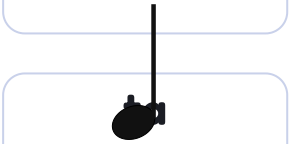

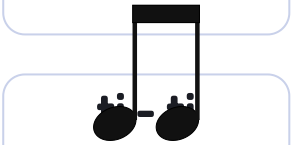

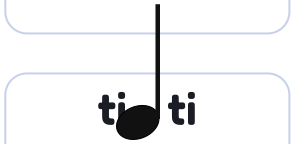

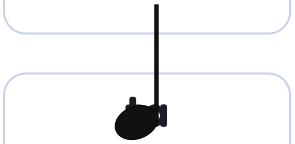

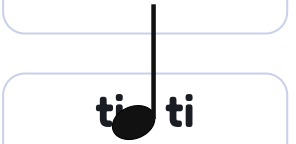

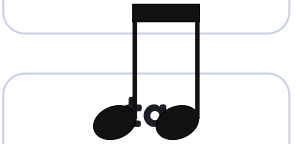

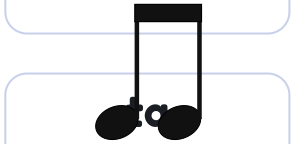

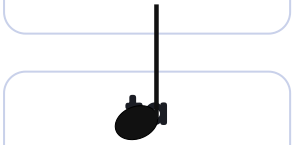

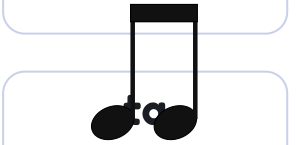

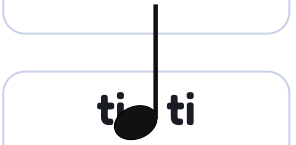

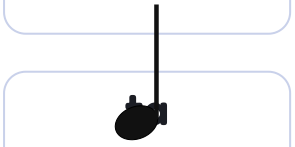

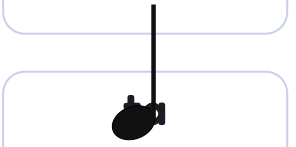

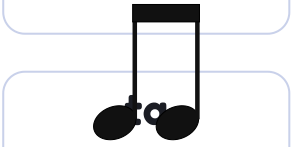

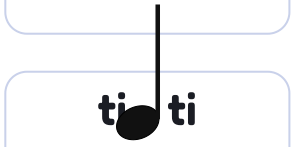

Colora ogni nota con il suo colore.

mi fa sol la si

Soluzioni · Dalle sillabe alle figure

Sotto ogni sillaba disegna la figura giusta: **ta** = semiminima, **ti-ti** = due crome.

	ta	ti – ti	ti – ti	ti – ti
1				
2				
3				
4				
5				
6				
7				

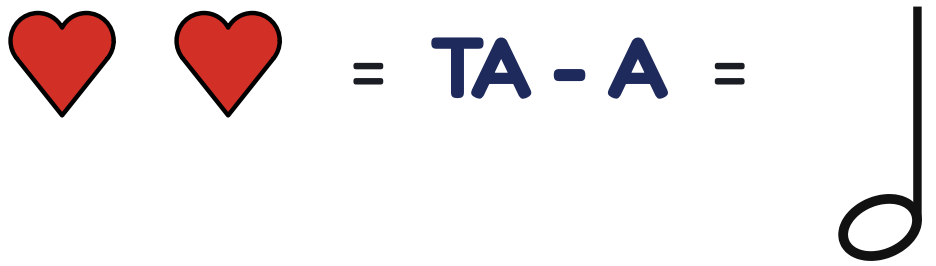

Soluzioni · Filastrocche ritmate

Dì la filastrocca battendo le mani. Sotto ogni battito scrivi la figura: una sillaba = **ta**, due sillabe = **ti-ti**.

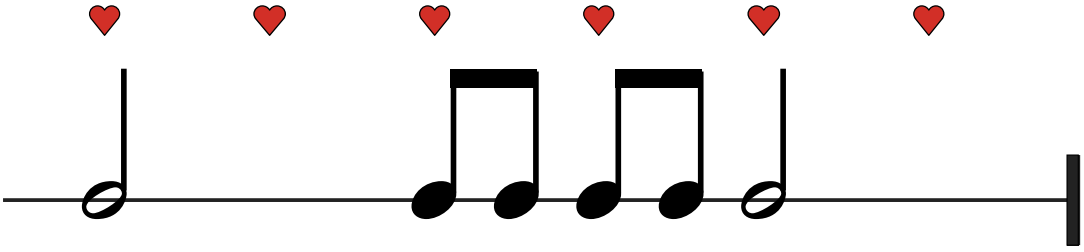

1	TOC	TOC	CHI	C'È?
2	SO-LE	SO-LE	SPLEN-DI	QUI
3	UN	DUE	TRE	STEL-LA
4	SAL-TA	SAL-TA	LA	RA-NA
5	DIN	DON	SUO-NA	DAN
6	PIO-VE	PIO-VE	SUL	TET-TO

Soluzioni · La minima: ta-a

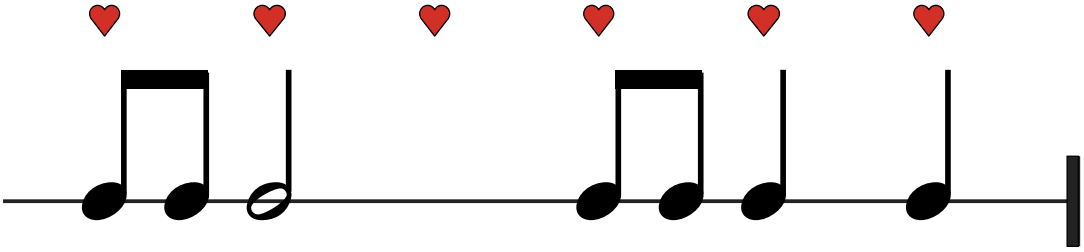

La minima dura **due battiti**: ta-a. Leggi e batti, poi scrivi quanti battiti dura ogni riga.

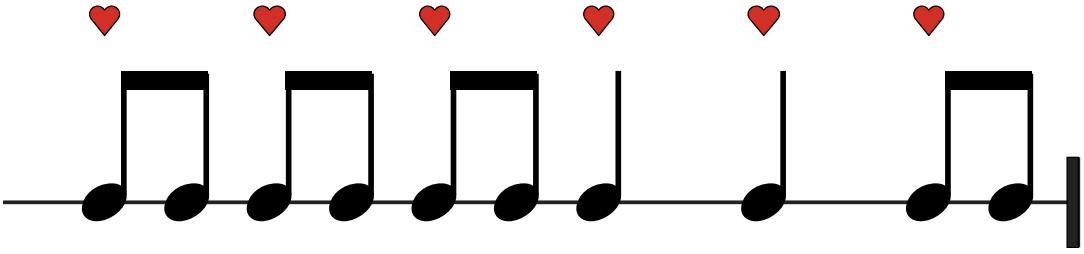

La **minima** ha la testa vuota e dura **due battiti**.

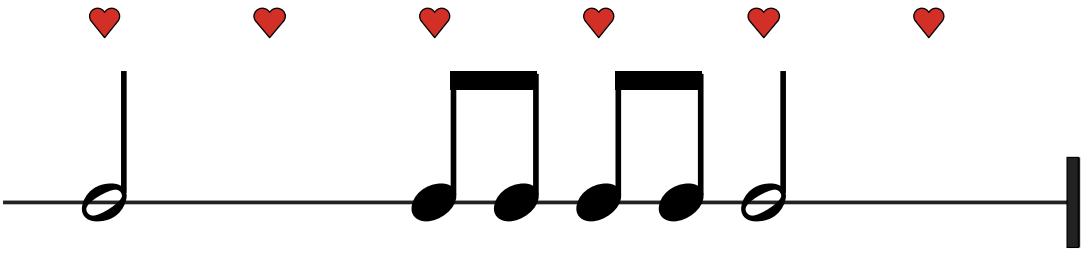

battiti: **6**

battiti: **6**

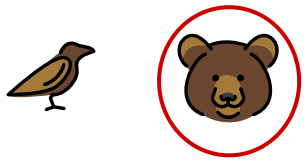

battiti: **6**

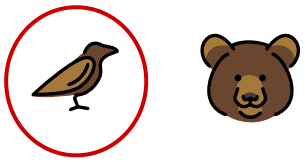

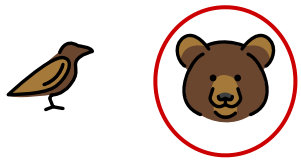

battiti: **6**

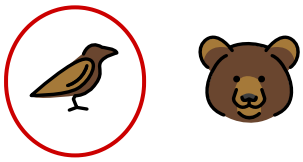

Soluzioni · Sale o scende?

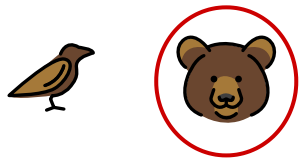

L'insegnante suona due note: **sol** e **mi**. Se la melodia sale cerchia l'uccellino, se scende cerchia l'orso.

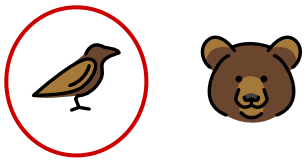

1 

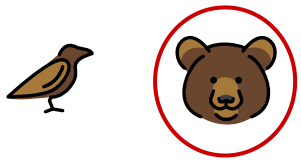

2 

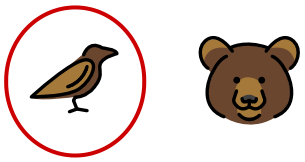

3 

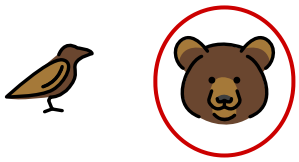

4 

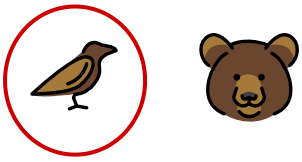

5 

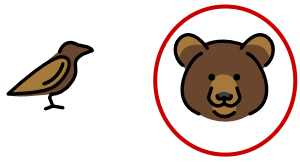

6 

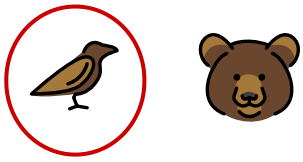

7 

8 

9 

10 

11 

12 

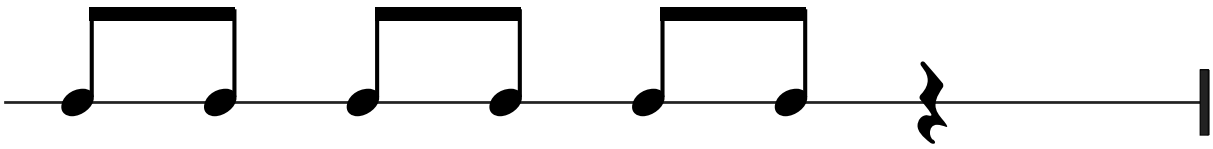

Da suonare: 1) sol → mi · 2) mi → sol · 3) sol → mi · 4) mi → sol · 5) sol → mi · 6) mi → sol · 7) sol → mi · 8) mi → sol · 9) sol → mi · 10) mi → sol · 11) sol → mi · 12) mi → sol

Soluzioni · Quale riga ho suonato?

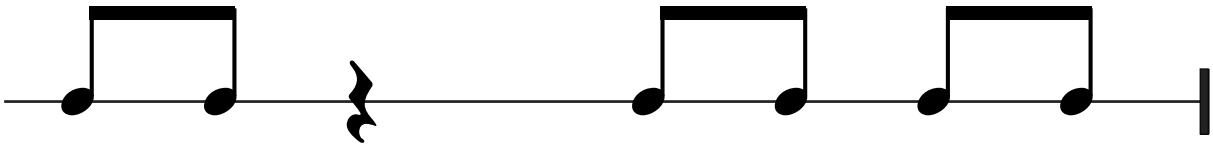

Ascolta il ritmo e fai una crocetta sulla riga giusta: **A**, **B** o **C**.

Ascolto 1

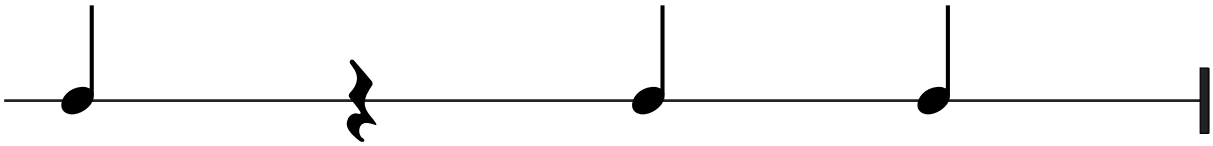

A

B

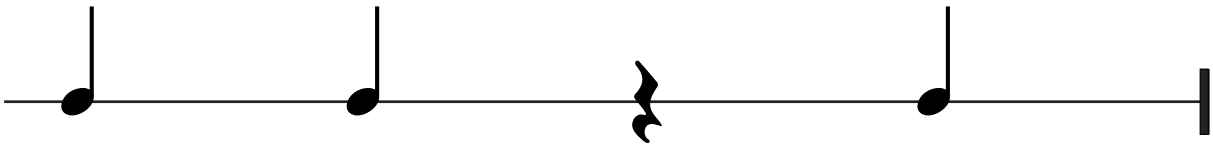

C

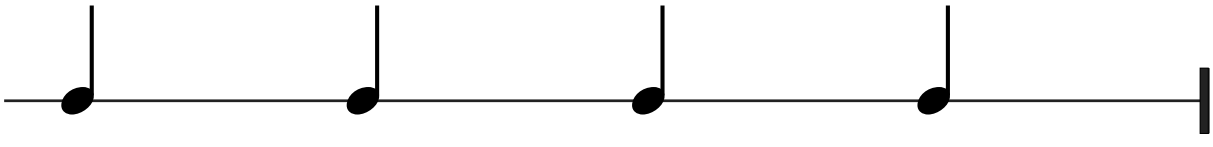

Ascolto 2

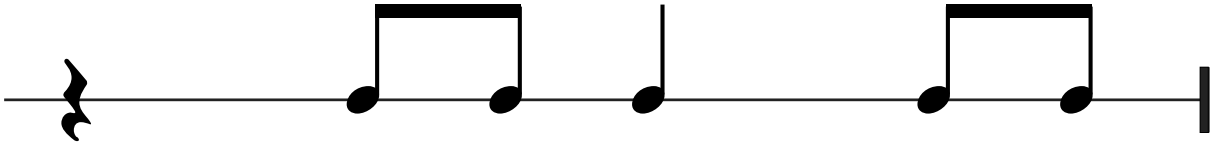

A

B

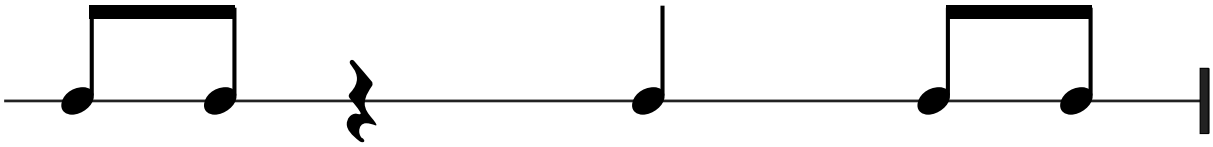

C

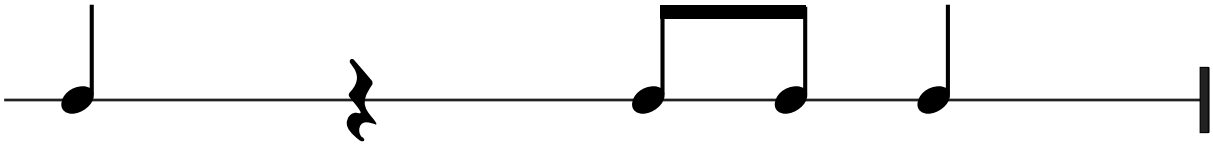

Ascolto 3

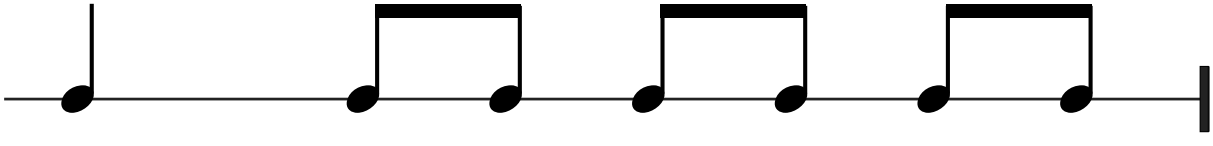

A

B

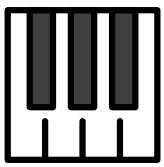

C

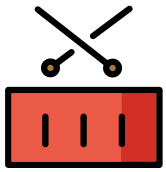

Soluzioni · Note o ritmo?

Alcuni strumenti suonano le **note** (una melodia), altri fanno solo il **ritmo**. Fai una crocetta.

tastiera

note **ritmo**

tamburo

note **ritmo**

violino

note **ritmo**

maracas

note **ritmo**

flauto

note **ritmo**

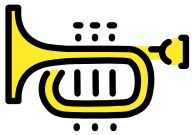

tamburo lungo

note **ritmo**

chitarra

note **ritmo**

tromba

note **ritmo**

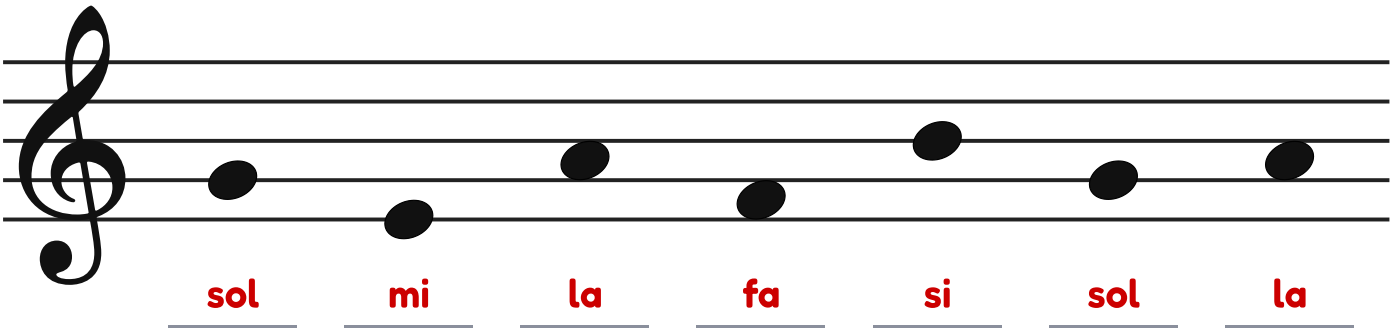

arpa

note **ritmo**

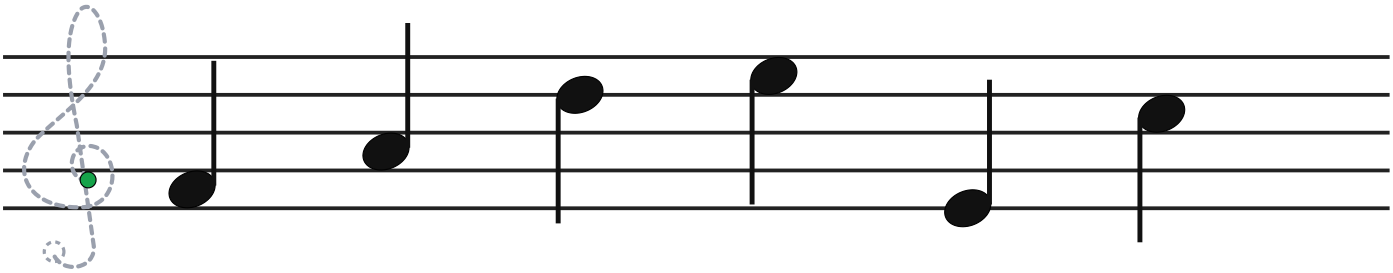

Soluzioni · Che cosa ho imparato

Fai tutti gli esercizi con calma. Alla fine colora la stella!

1. Scrivi il nome delle note.

2. Ripassa la chiave e poi aggiungi il gambo alle note.

3. Quanti battiti dura?
