Il mio quaderno di musica

classe 3ª

Tutte le note da do a do, il taglio addizionale, la battuta e il tempo: 2/4, 3/4, 4/4.

do re mi fa sol la si

Nome _____

Indice delle schede

Per l'insegnante. In terza si completa la scala da do a do e si scopre la battuta. Le schede di ritmo usano una sola riga: lo spazio tra le note è proporzionale alla durata, così si vede quanto dura ogni figura. Le soluzioni sono in un fascicolo a parte.

Grafia

3G-01 Il taglio addizionale: il do 3

Nome _____ 3G-01

Il taglio addizionale: il do

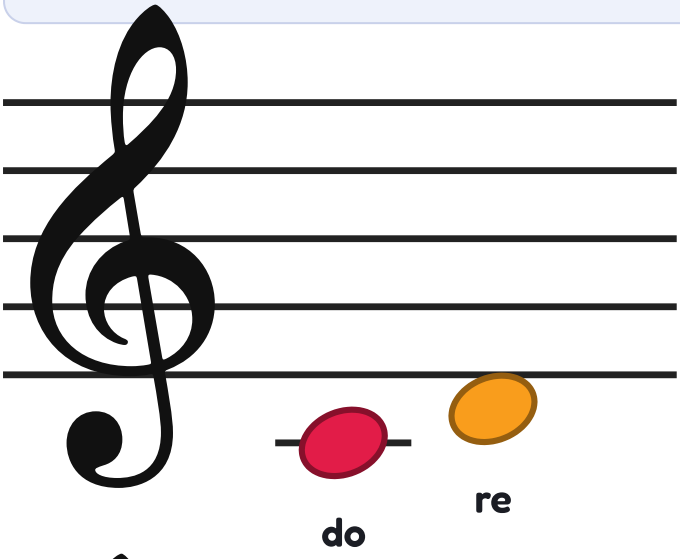

Il **do** sta sotto il pentagramma, tagliato da una piccola riga in più. Ripassa e poi disegna tu.

Quando le note scendono sotto il pentagramma, si aggiunge un pezzettino di rigo: il **taglio addizionale**. È corto, solo per quella nota.

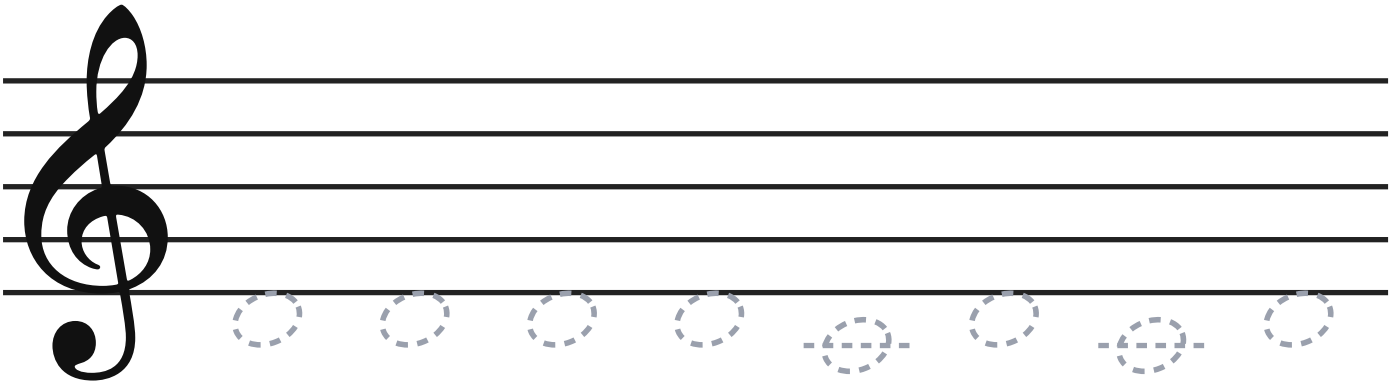

Il re appeso sotto il pentagramma

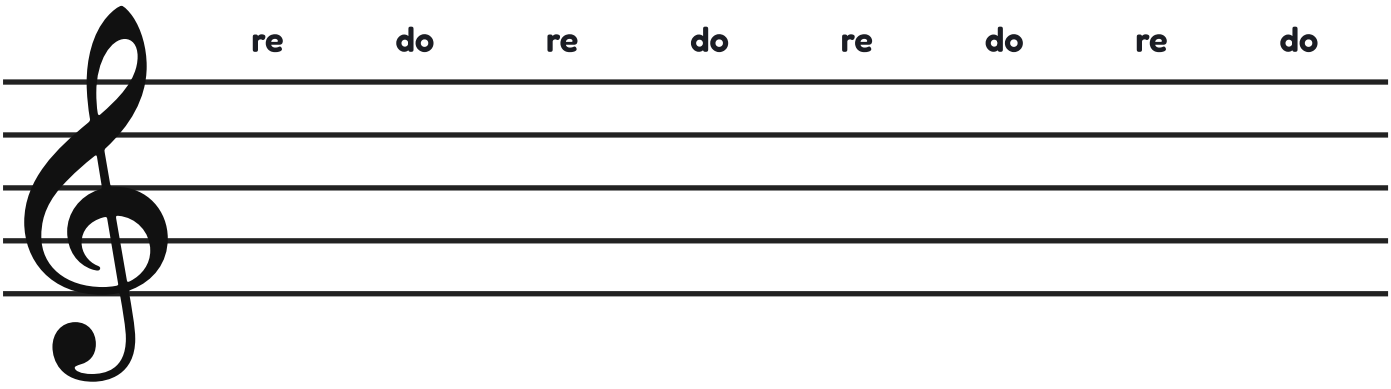

Il **re** sta appeso sotto il 1° rigo, senza taglio. Ripassa, poi disegna do e re.

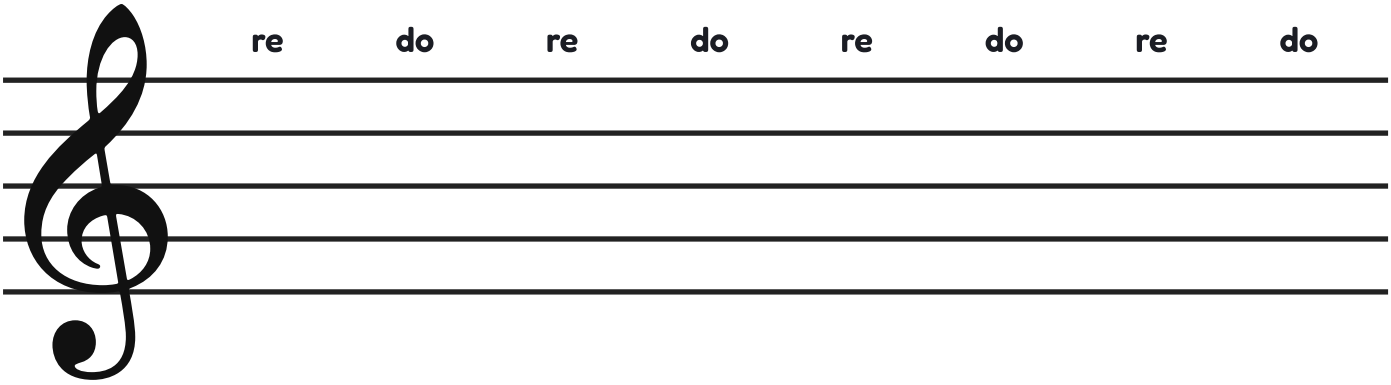

Il **do** ha il taglio in mezzo alla testa.
Il **re** tocca il 1° rigo da sotto, come una goccia appesa.

re do re do re do re do

re do re do re do re do

La semibreve

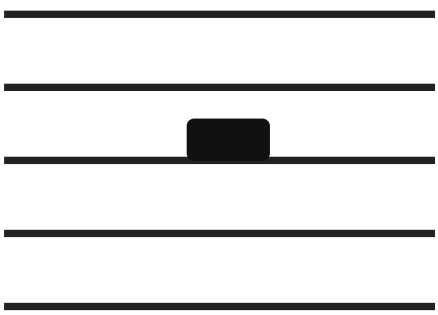

La **semibreve** è una testa vuota, senza gambo. Ripassa, poi disegnala tu.

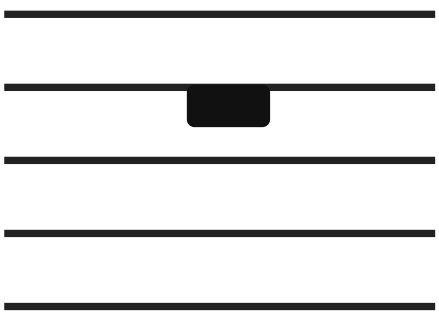

La semibreve è la figura più lunga: dura **4 battiti**. È un ovale vuoto e un po' più largo.

Il cappello e il buco

La pausa di **minima** è un cappello appoggiato sul 3° rigo. La pausa di **semibreve** è un buco appeso al 4° rigo. Ripassa e disegna.

pausa di minima: 2 battiti
il cappello sta **sopra** il rigo

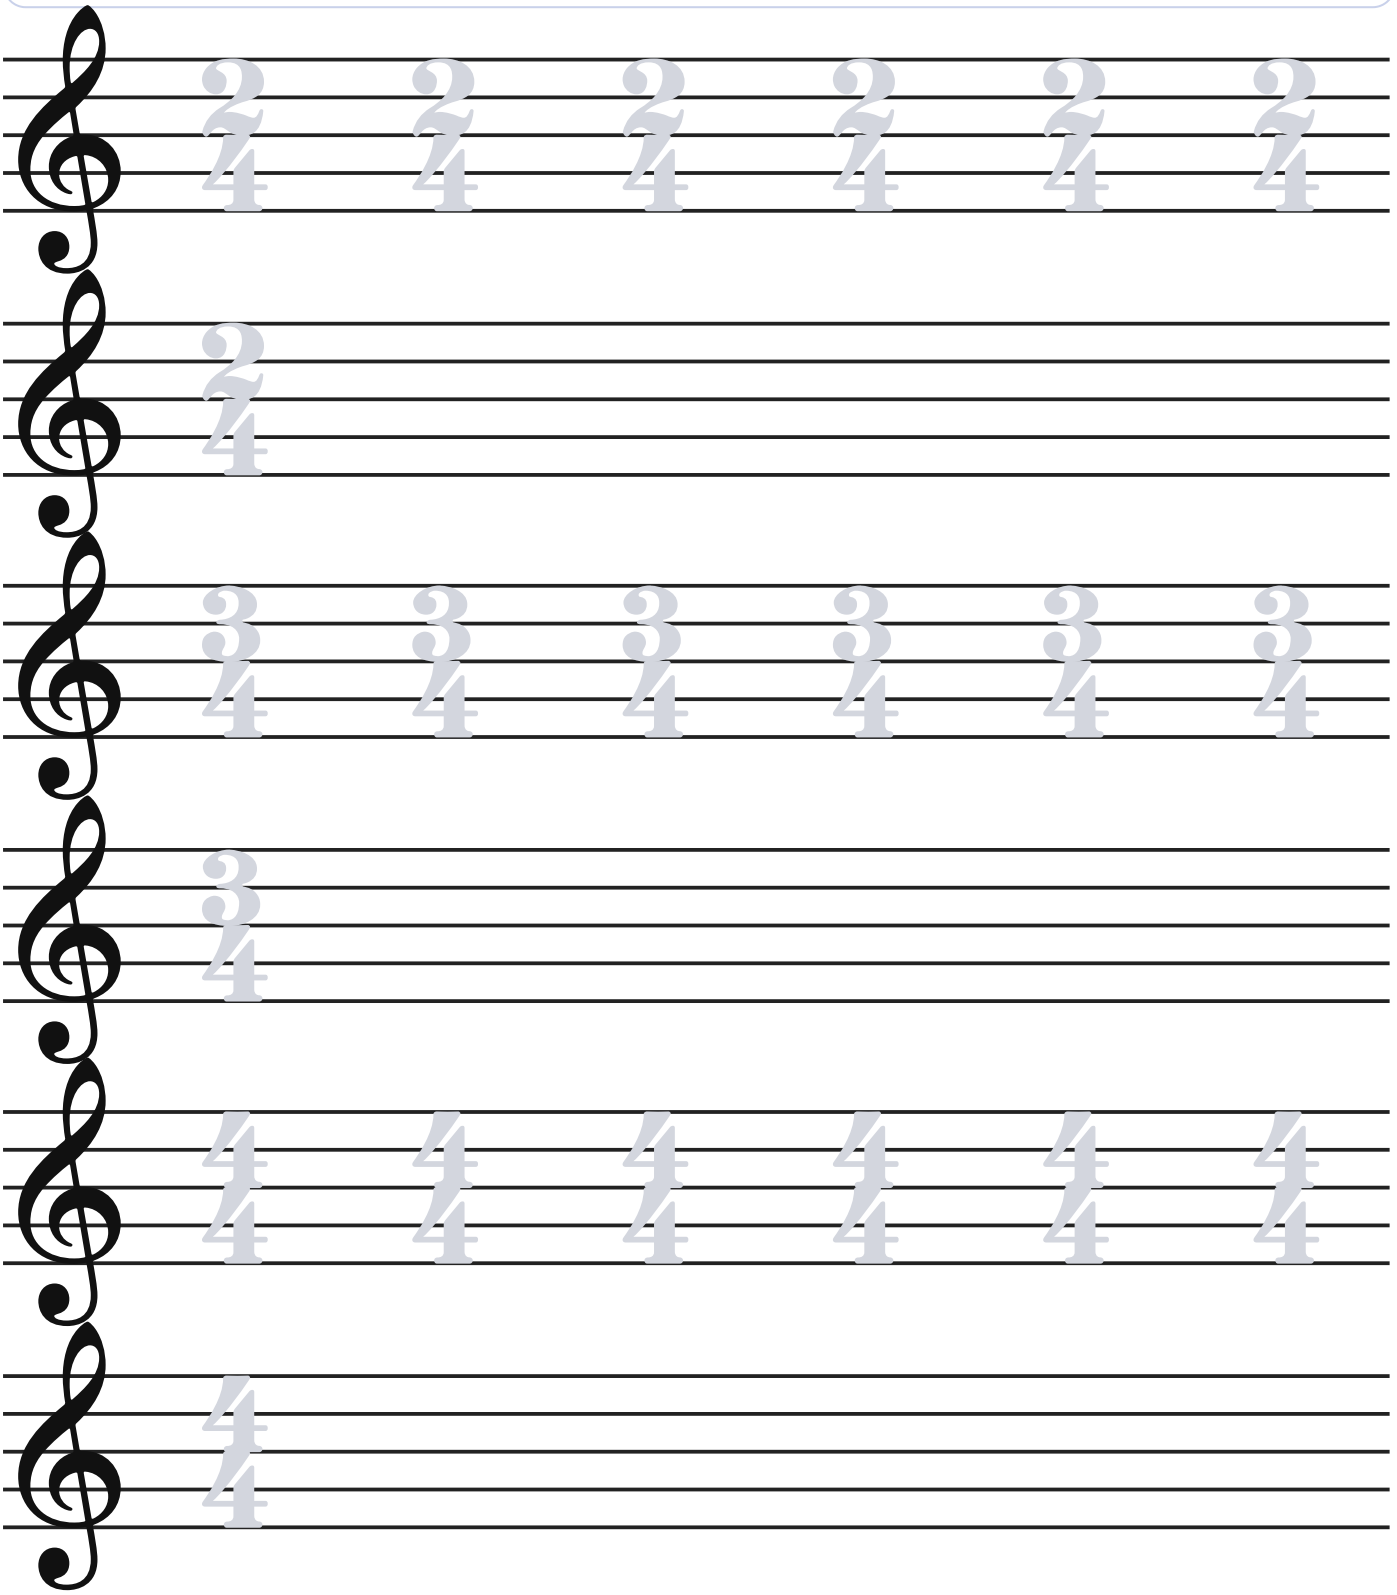

pausa di semibreve: 4 battiti
il buco sta **sotto** il rigo

I numeri del tempo

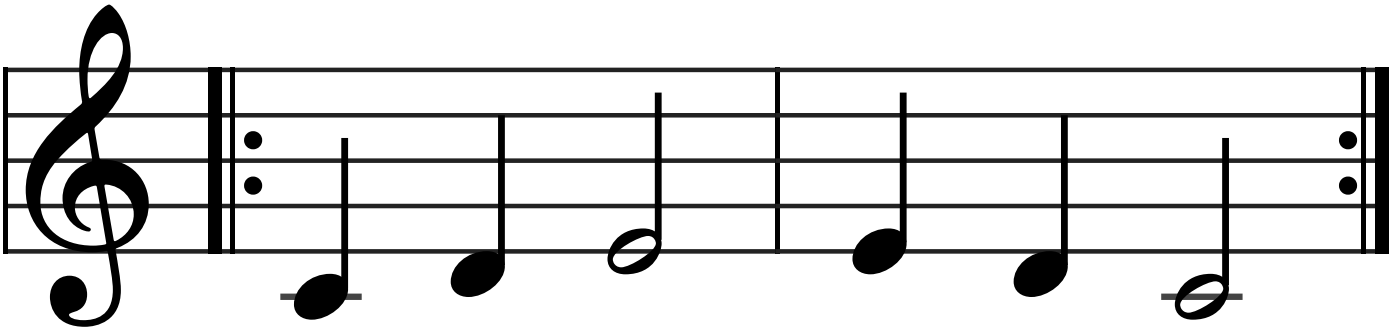

Ripassa le indicazioni di tempo, poi scrivile tu all'inizio dei pentagrammi.

Il numero **in alto** dice quanti battiti ci sono in ogni battuta. Il **4** in basso dice che il battito è una semiminima.

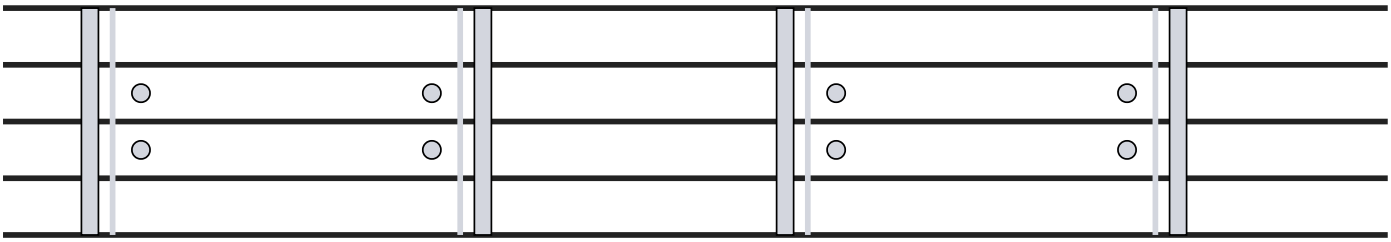

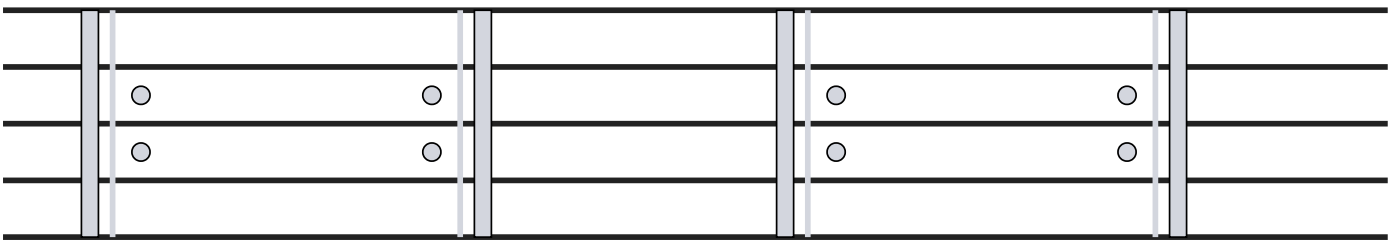

Il ritornello

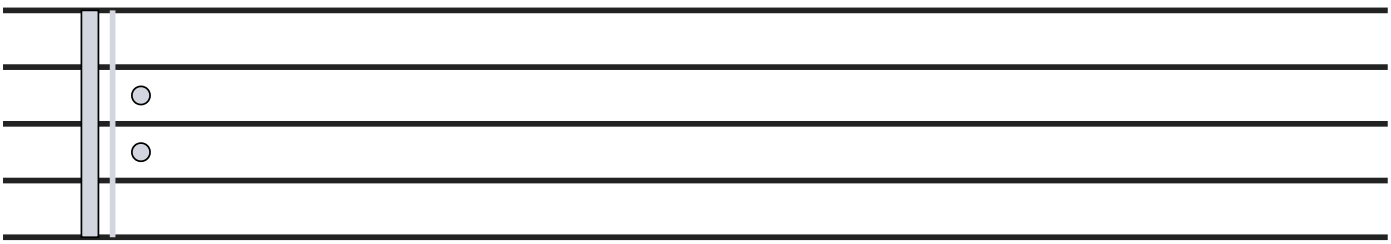

I due puntini del **ritornello** dicono: torna indietro e suona di nuovo! Ripassa i segni e disegnali tu.

Il ritornello ha una stanghetta grossa, una sottile e **due puntini** negli spazi di mezzo. I puntini guardano verso la musica da ripetere.

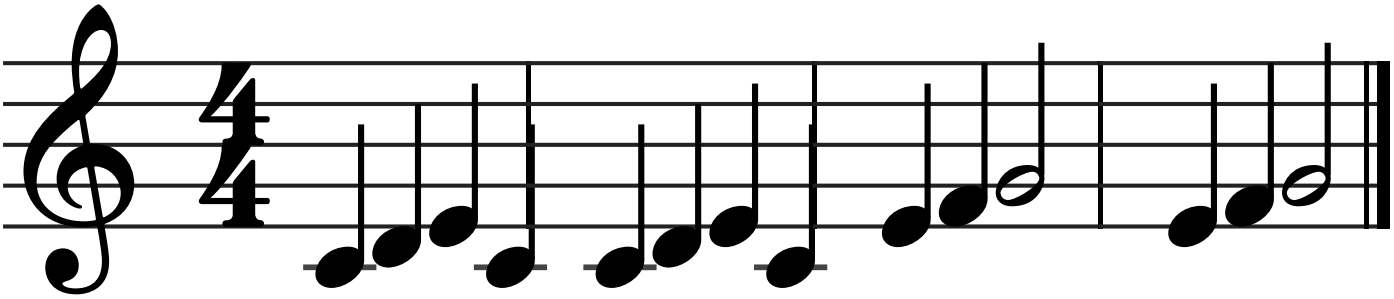

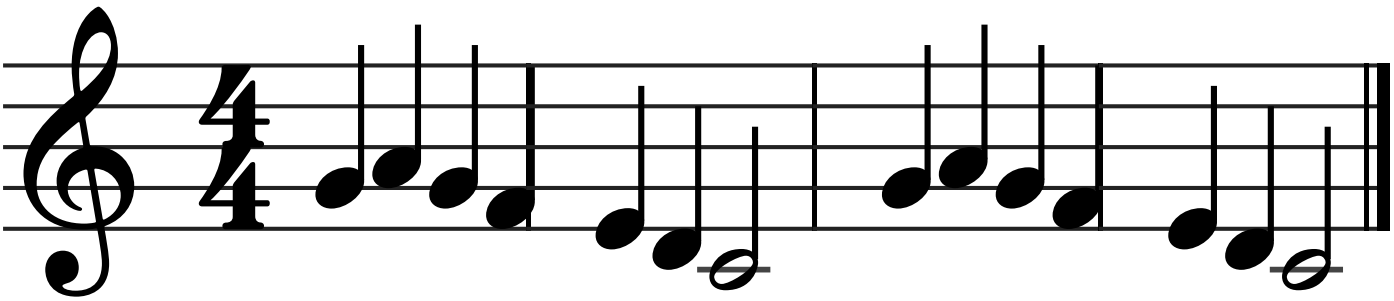

Ricopia la melodia

Ricopia la melodia sul pentagramma vuoto, segno per segno. Chiave, tempo, note e stanghette!

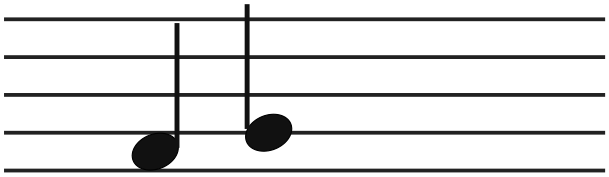

Prima guarda bene una battuta, poi scrivila. Controlla i gambi: **su a destra**, **giù a sinistra**.

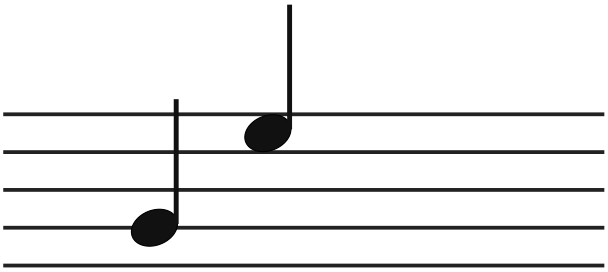

Trova l'errore

In ogni riquadro c'è **un errore** di scrittura. Cerchialo e scrivi che cosa non va.

4

5

6

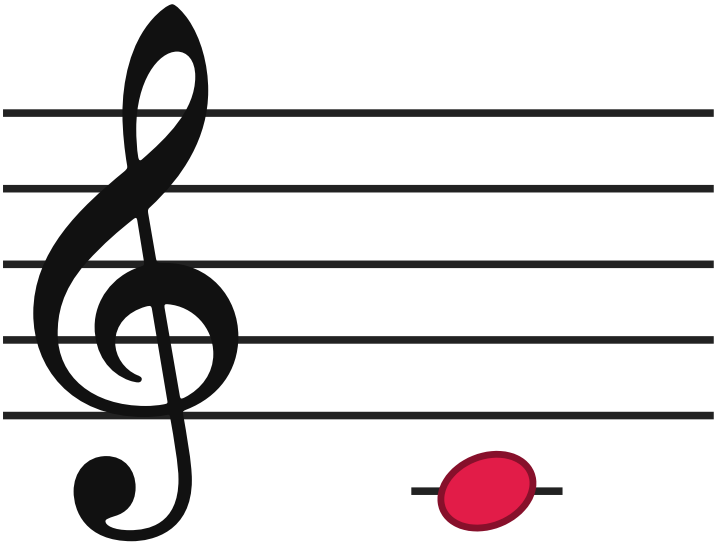

(2 battiti)

Nome _____ 3N-01

Il do e il re

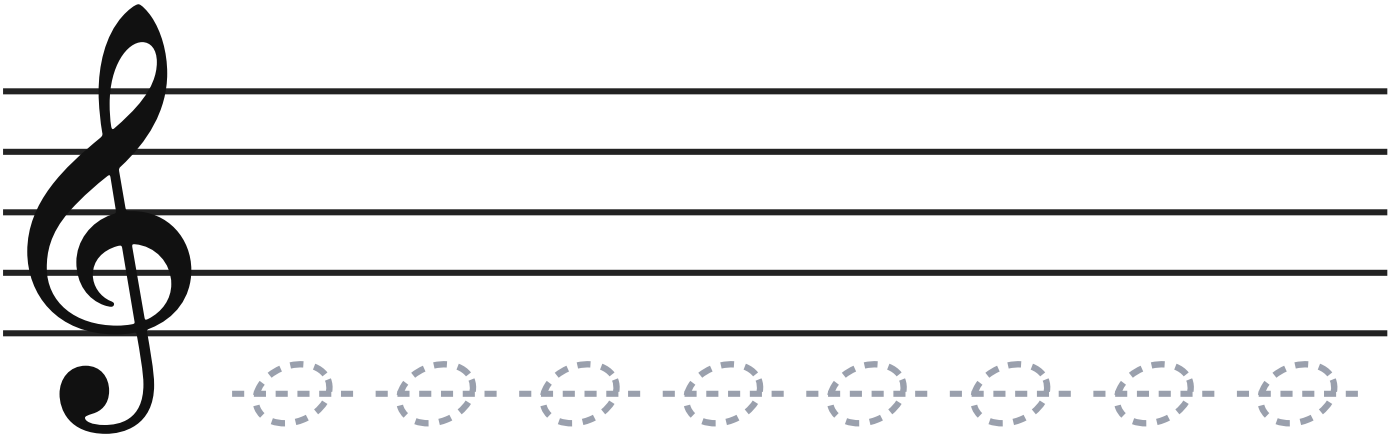

Il **do** ha il taglio addizionale, il **re** sta appeso sotto il 1° rigo. Ripassa e poi scrivi.

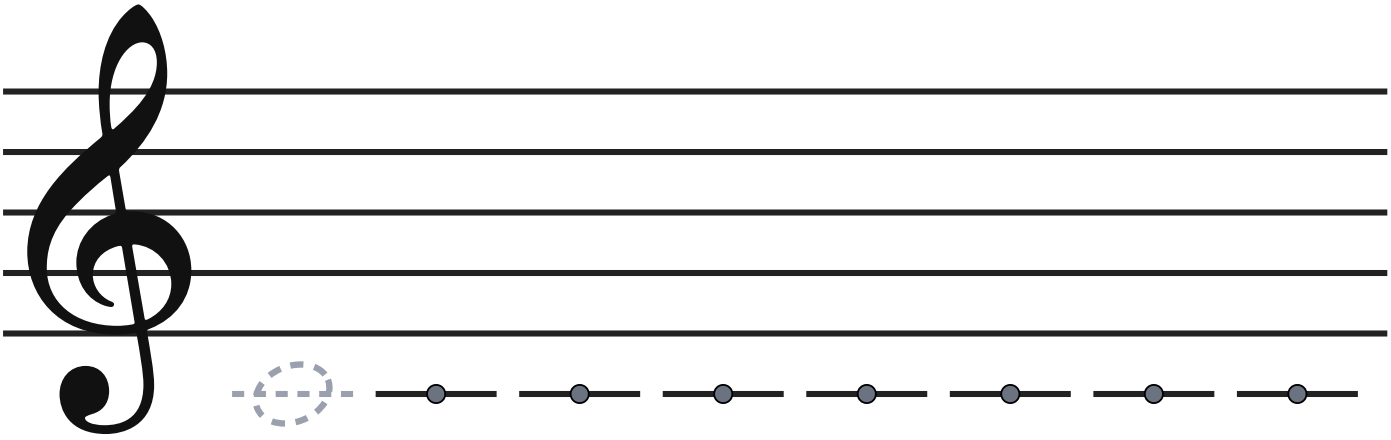

DO

Il **do** abita sotto il pentagramma, su un piccolo **taglio addizionale**. Subito sopra c'è il **re**, appeso al 1° rigo.

Ripassa le note tratteggiate:

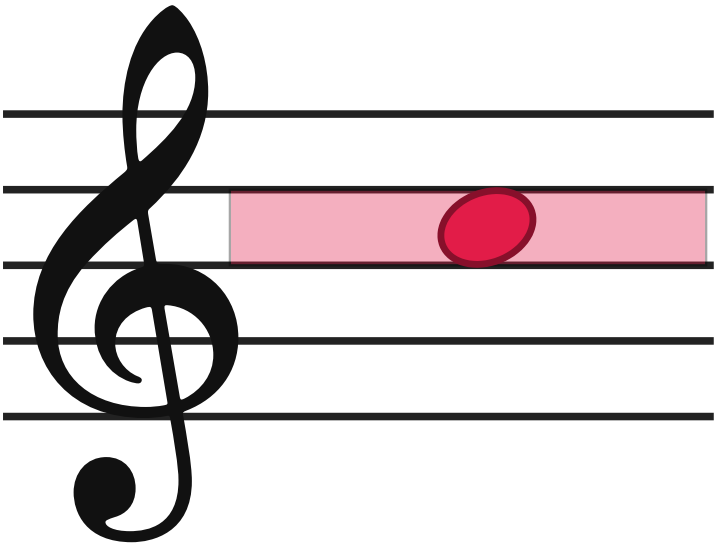

Ora disegna tu tanti do:

Il do acuto

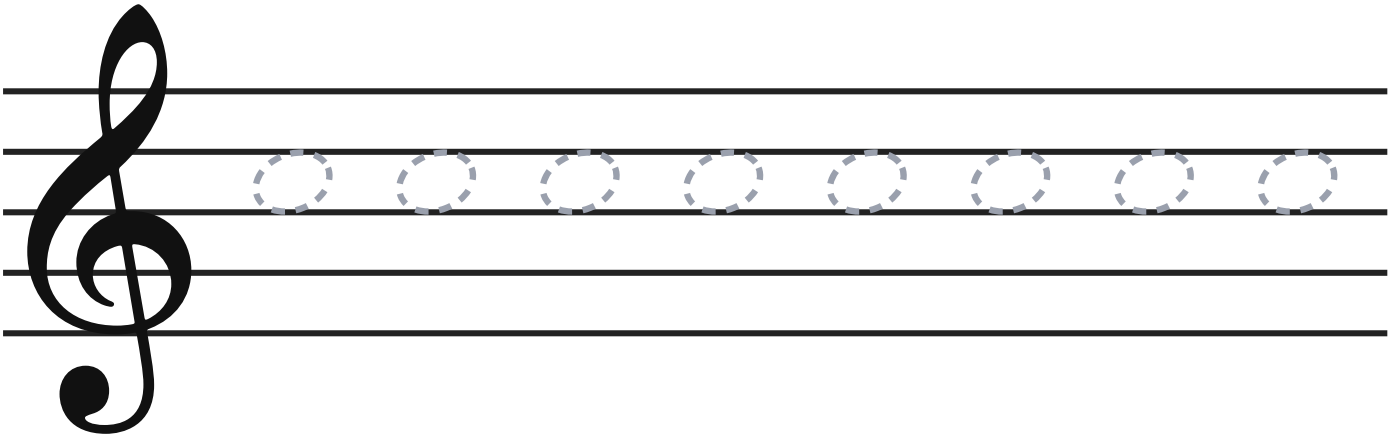

Il **do acuto** abita nel 3° spazio. Ripassa e poi disegnane altri.

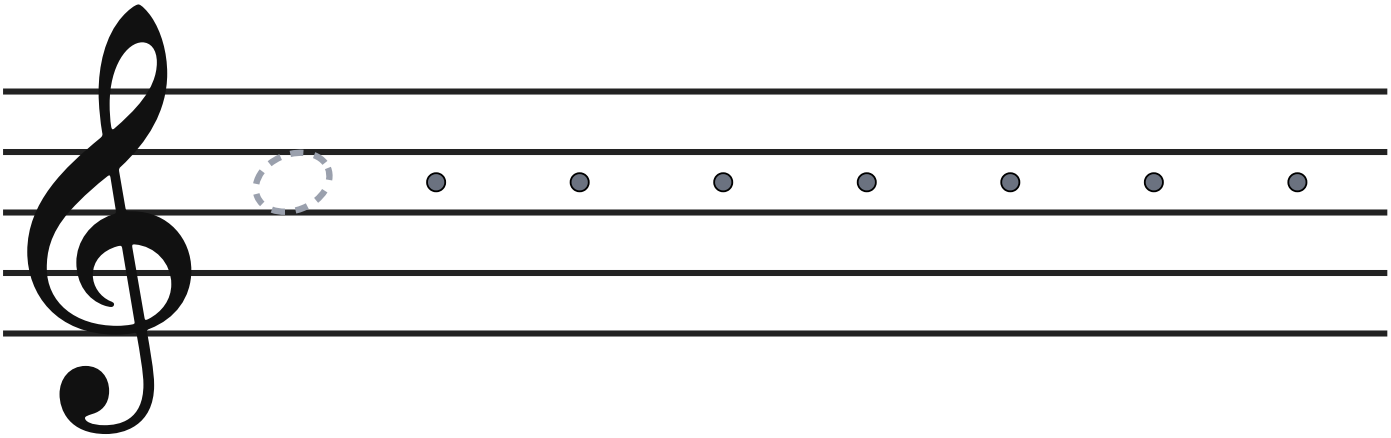

DO

Il **do acuto** abita nel **3° spazio**. Ha lo stesso nome del do sotto il pentagramma, ma suona più in alto.

Ripassa le note tratteggiate:

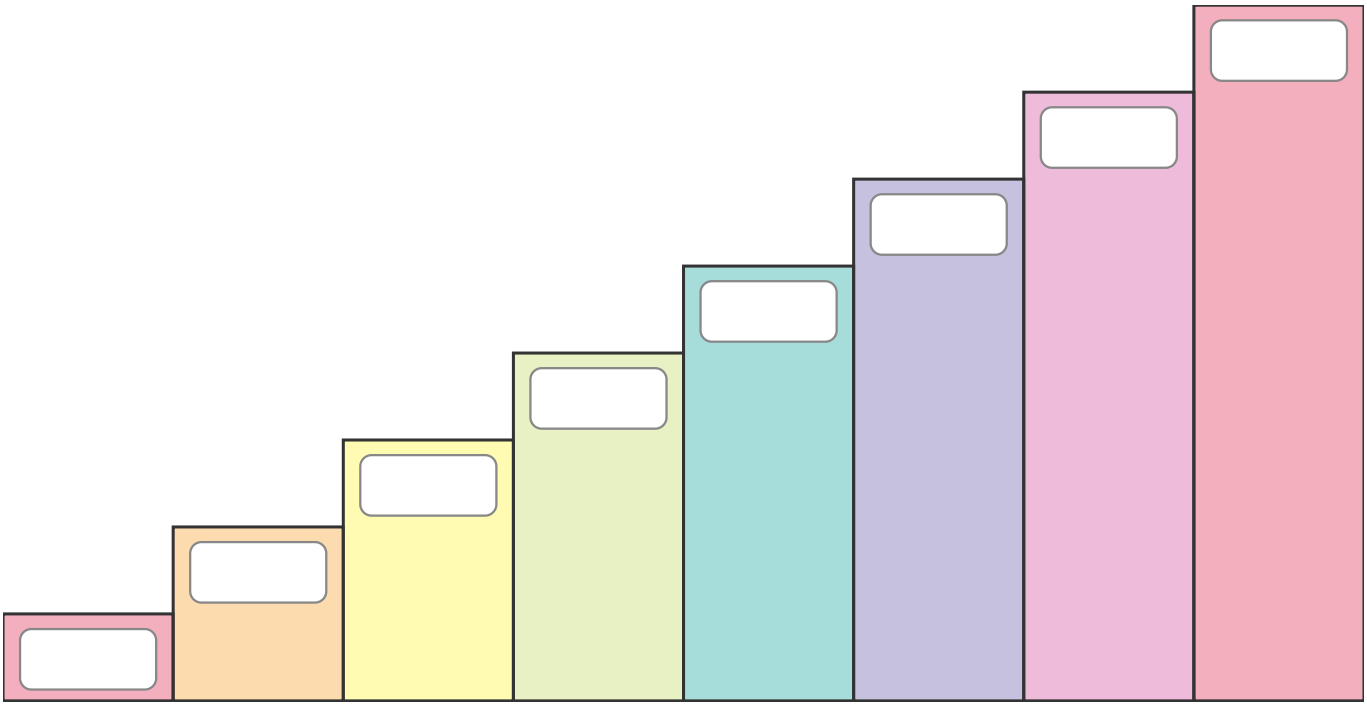

Ora disegna tu tanti do:

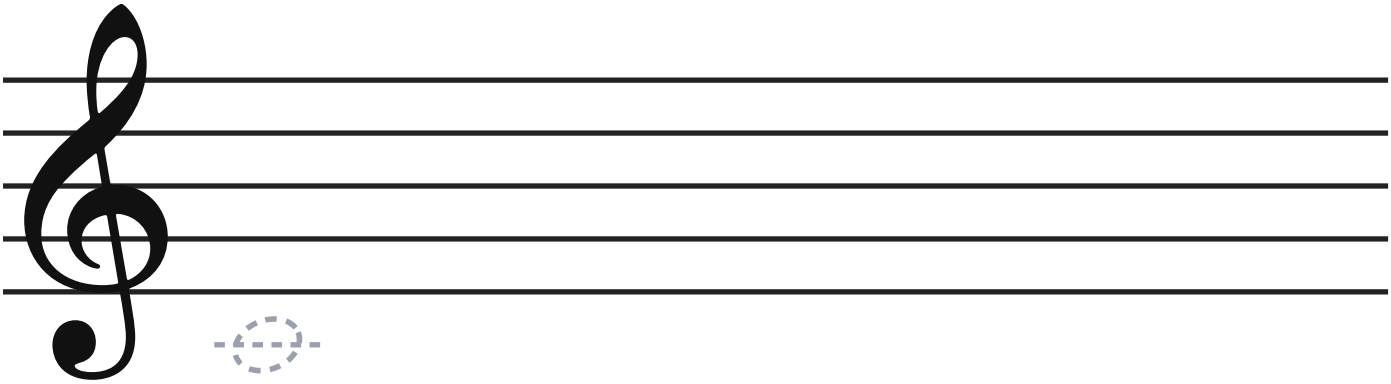

Nome _____ 3N-03

La scalinata delle note

Sali la scala: scrivi il nome su ogni gradino, poi disegna le note sul pentagramma.

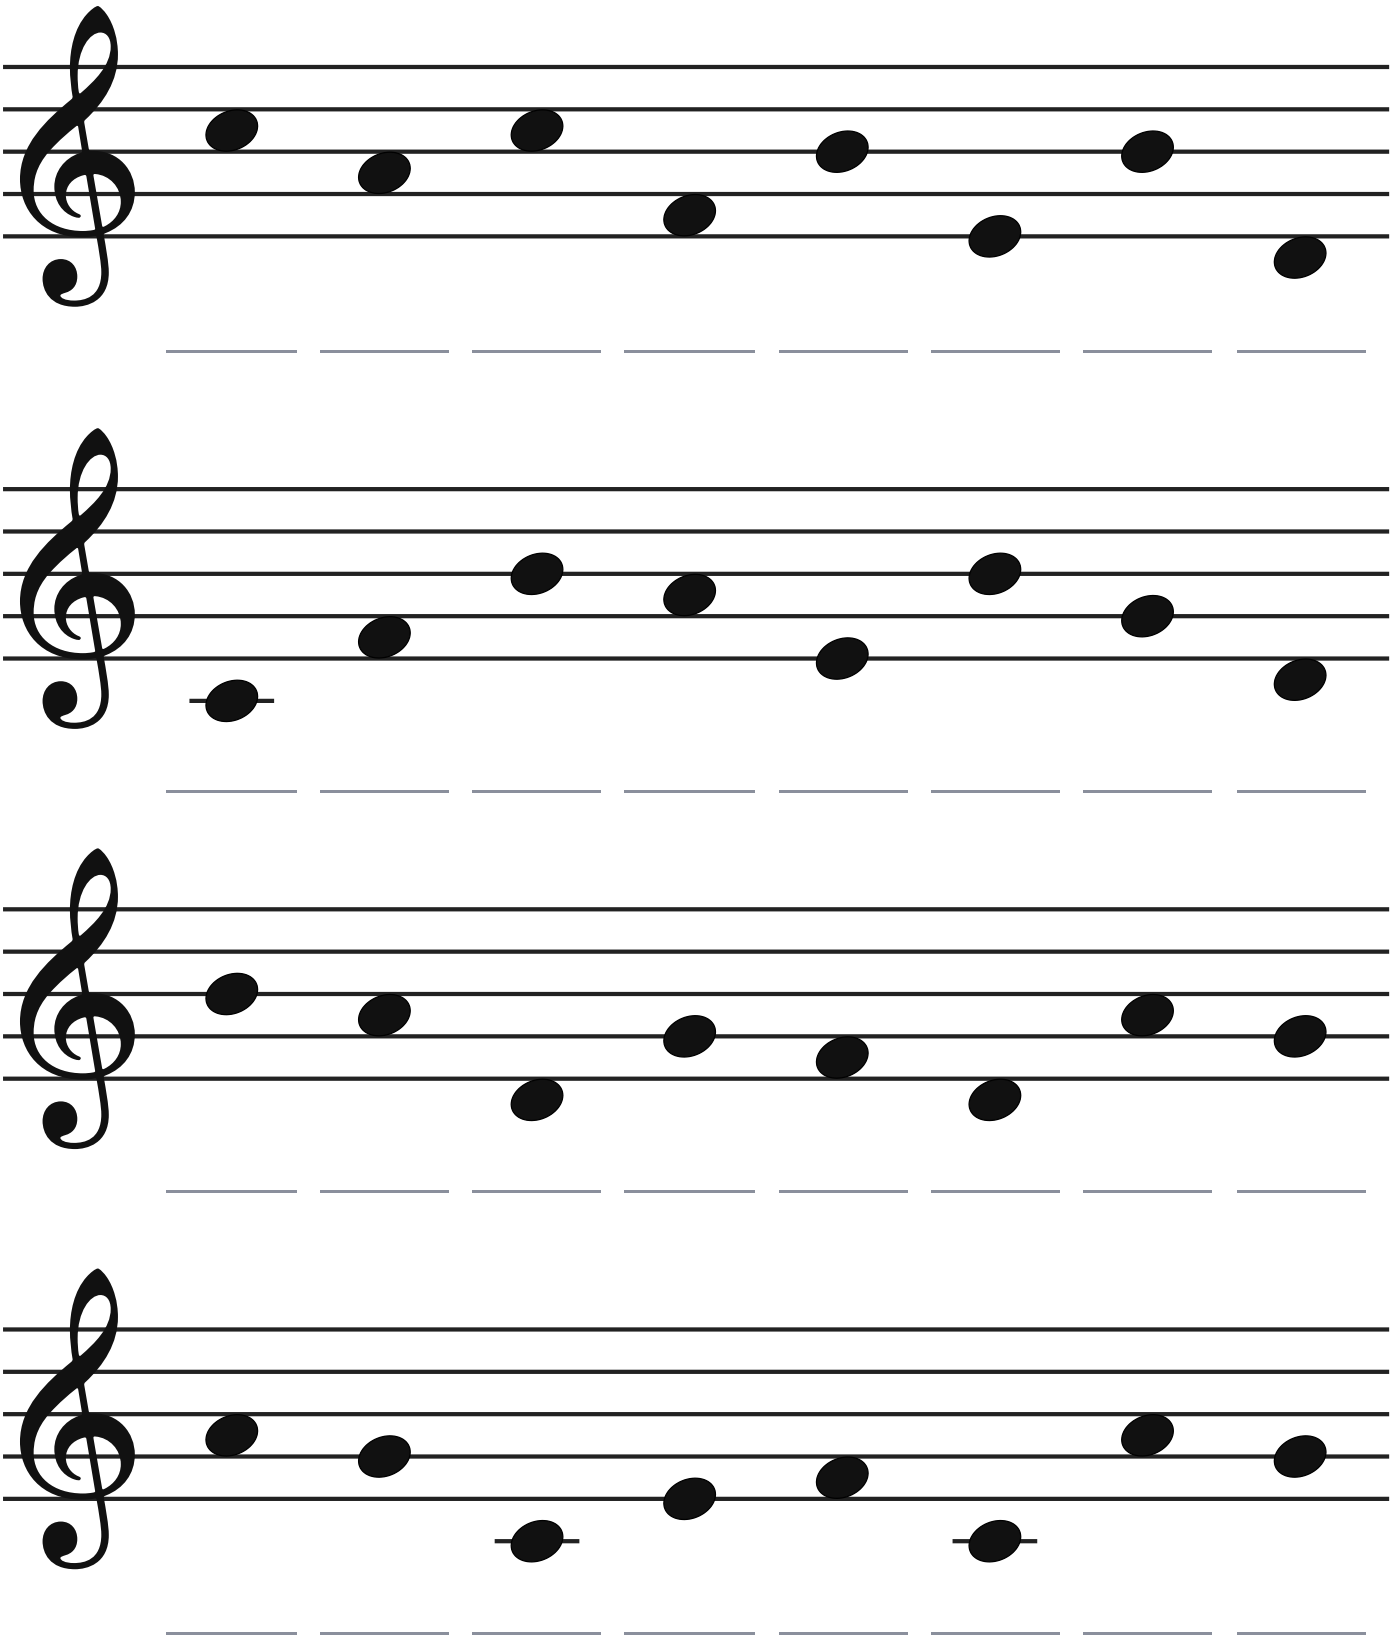

Il primo gradino è il **do**. Poi re, mi… fino al do acuto!

Come si chiama?

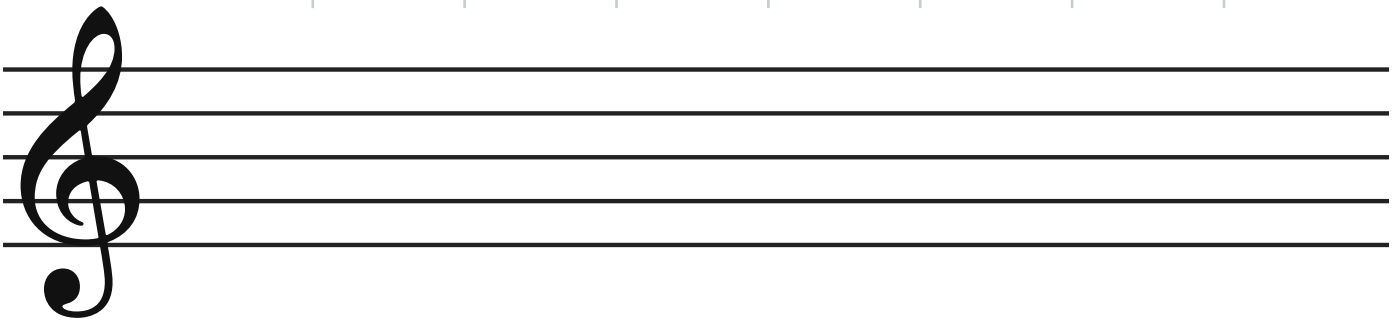

Scrivi il nome sotto ogni nota.

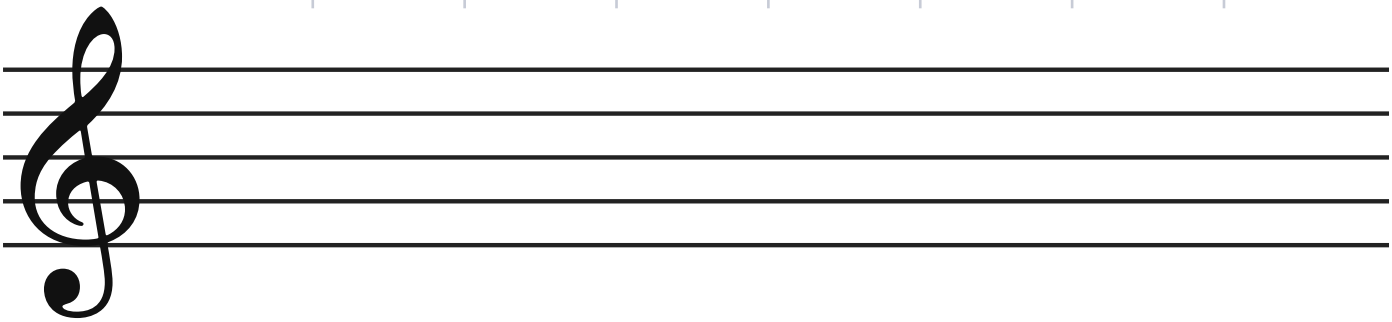

Disegna la nota

Leggi il nome e disegna la nota al posto giusto. Attento al do: quale dei due?

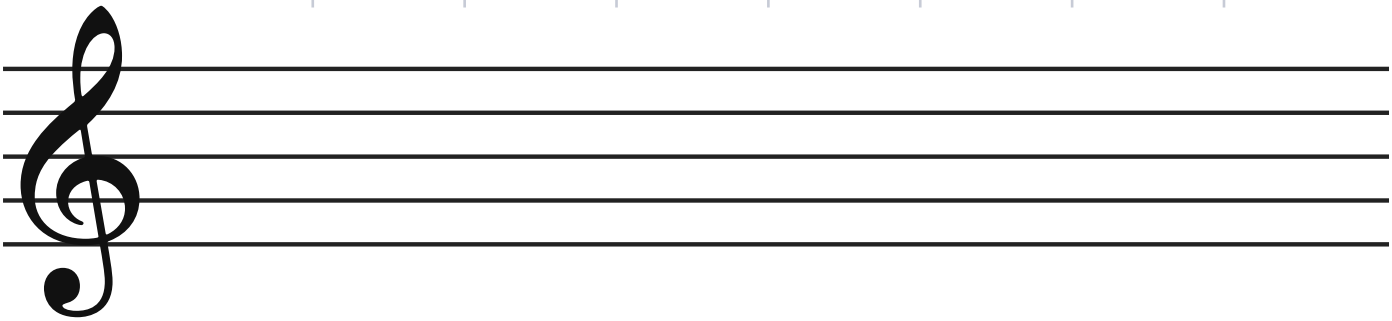

fa | **sol** | **la** | **sol** | **re** | **do** | **re** | **si**

do | **la** | **mi** | **la** | **sol** | **la** | **fa** | **sol**

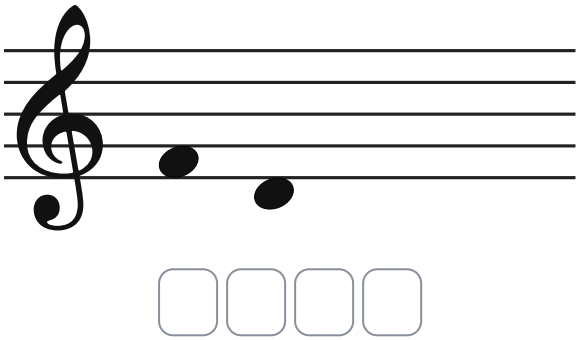

fa | **re** | **do** | **si** | **fa** | **si** | **fa** | **mi**

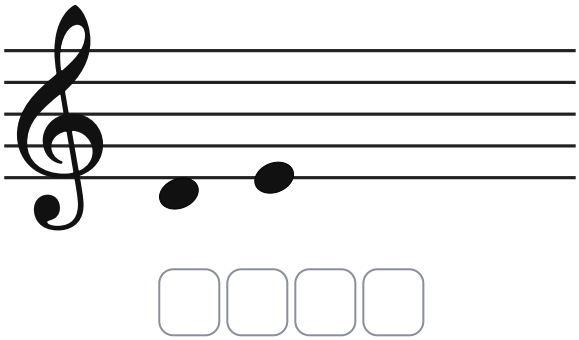

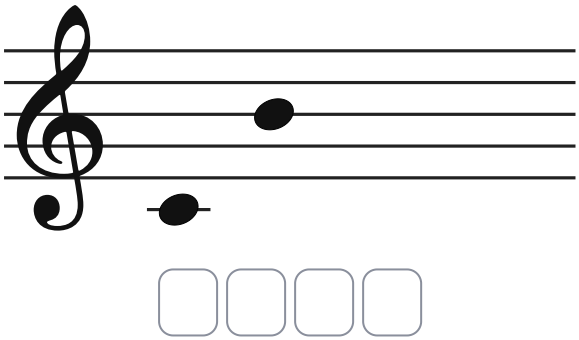

In questa scheda il **do** è sempre quello sotto il pentagramma, con il taglio.

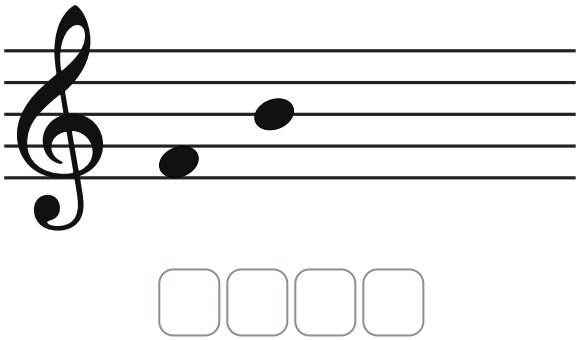

Parole fatte di note

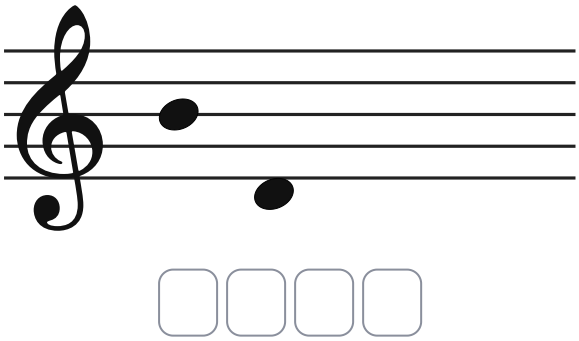

Leggi le note e scopri la parola nascosta. Scrivila nelle caselle.

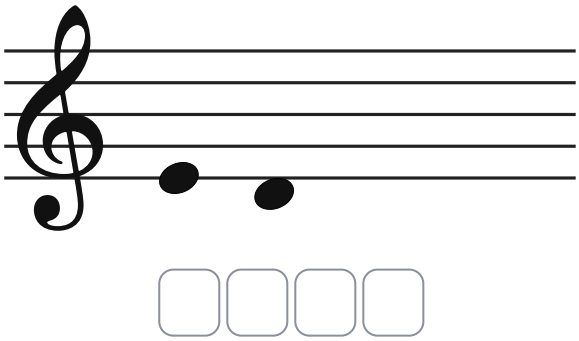

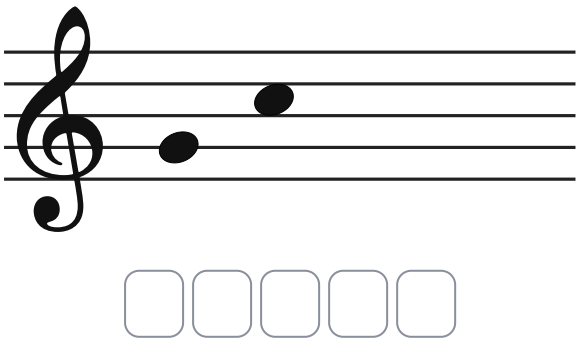

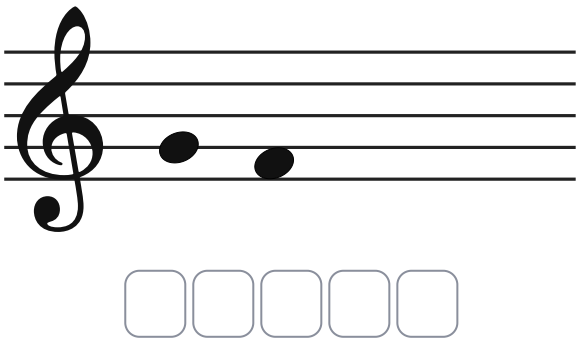

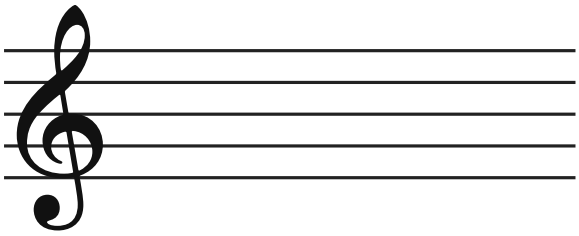

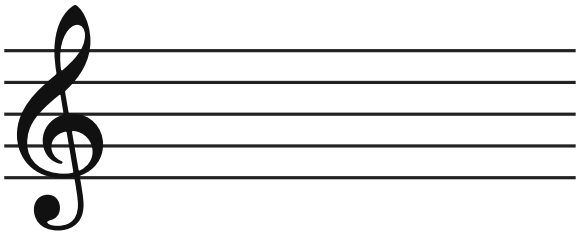

Scrivi le parole con le note

Ogni parola è fatta di note. Disegnale sul pentagramma.

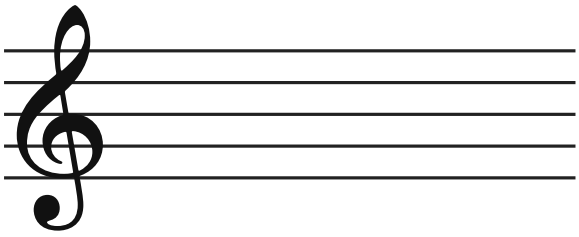

DO - SI

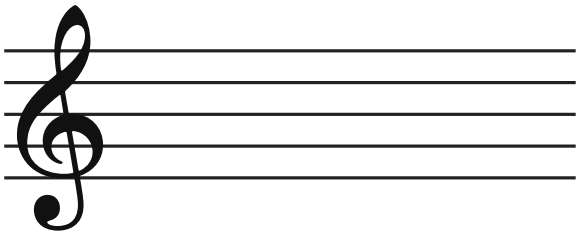

FA - SI

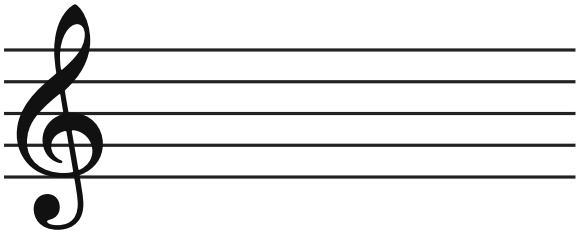

MI - RE

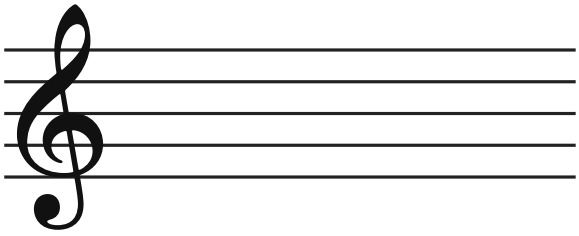

SOL - DO

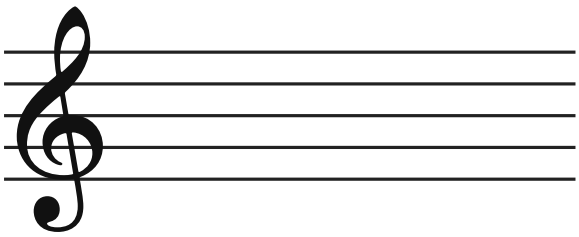

FA - RE

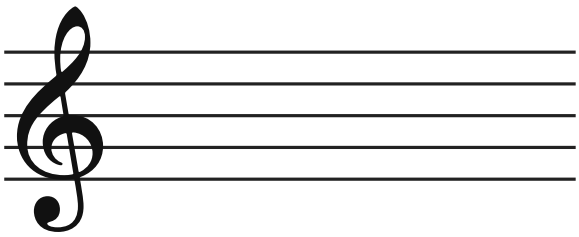

RE - MI

SOL - FA

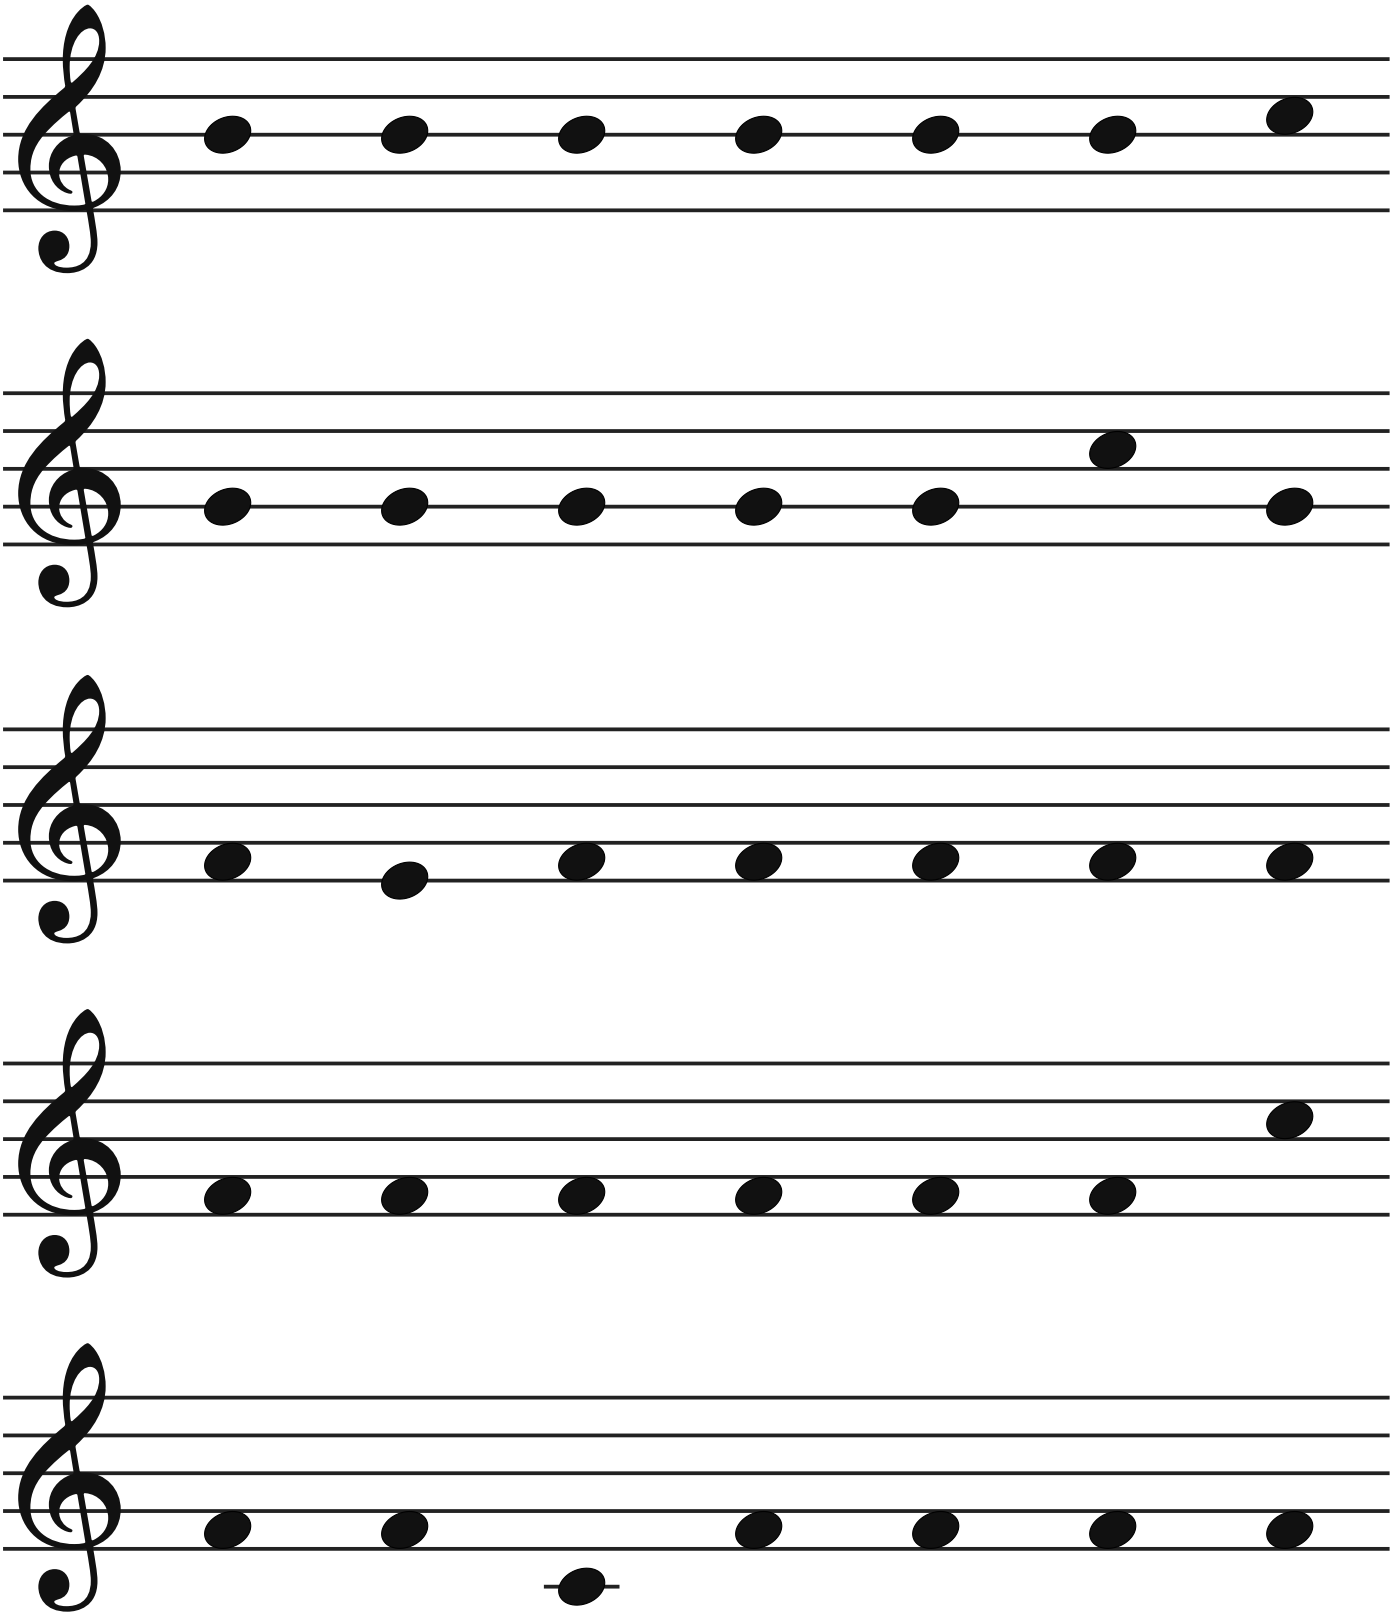

SI - RE

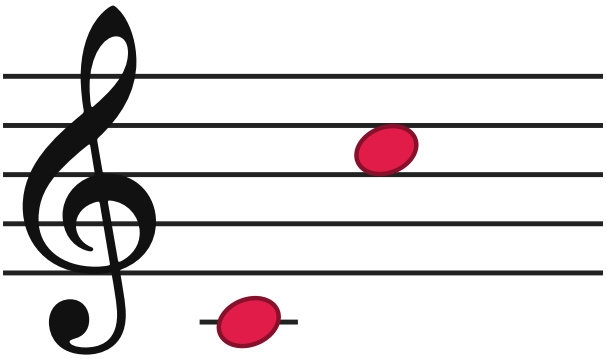

Trova l'intruso

In ogni riga tutte le note hanno lo stesso nome, tranne una: l'intruso! Cerchialo.

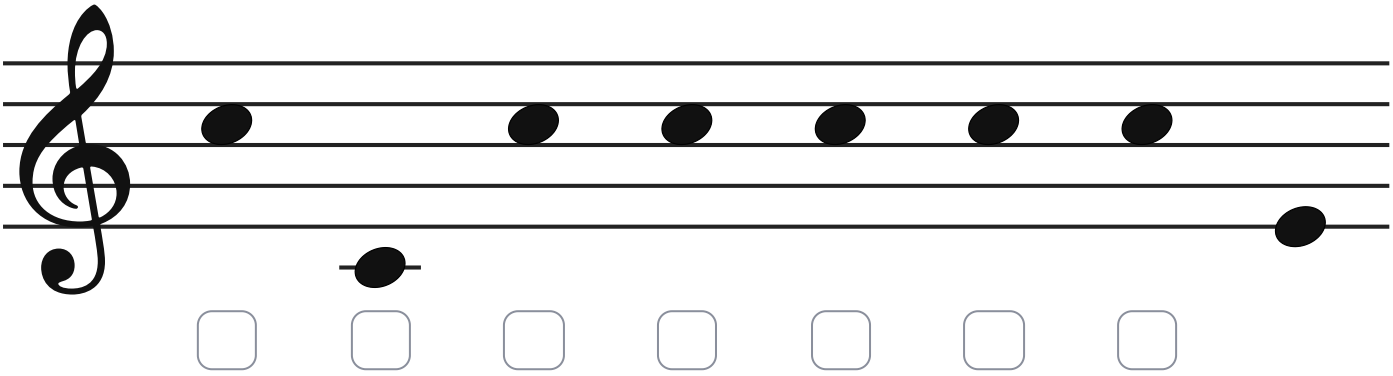

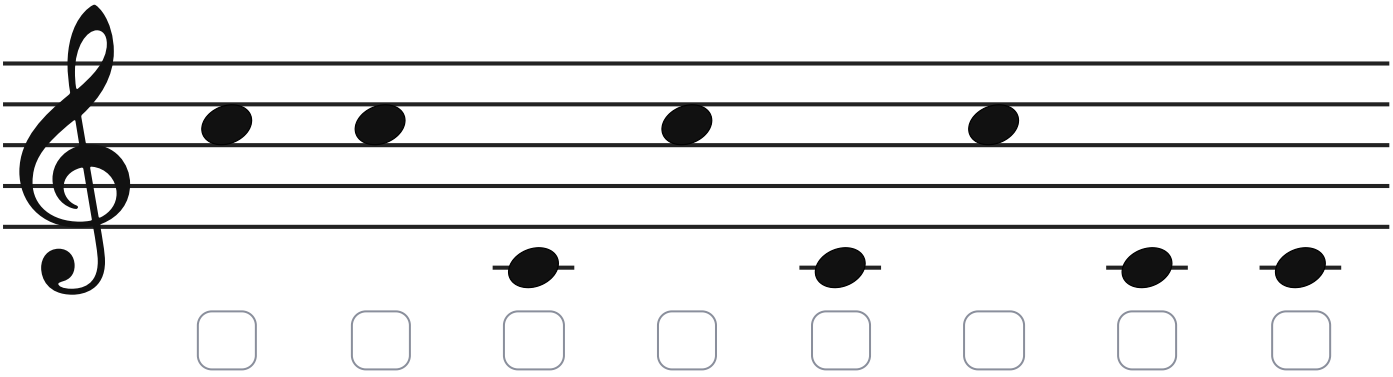

Le note gemelle

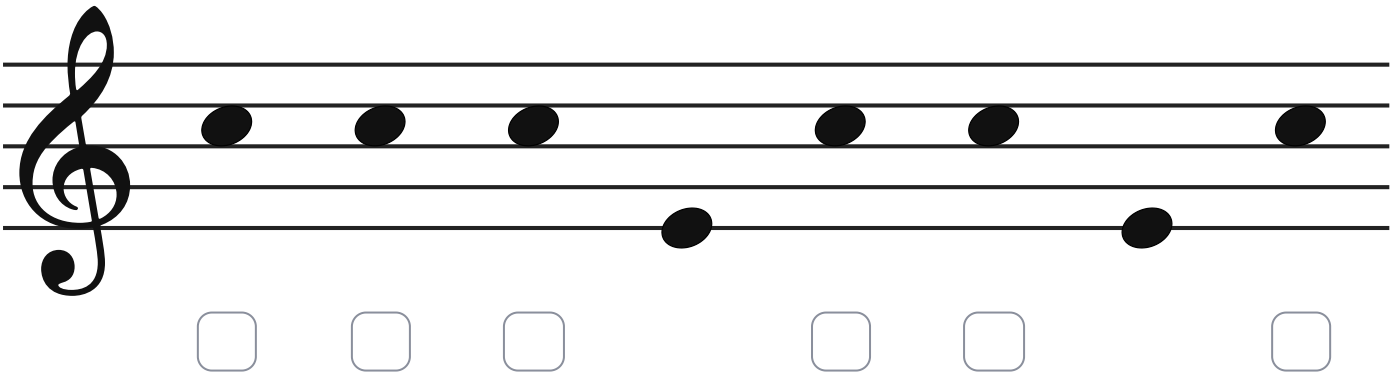

Il do si trova in due posti: sotto (grave) e nel 3° spazio (acuto). Scrivi **G** sotto il do grave e **A** sotto il do acuto.

Due note con lo **stesso nome** e un salto grande tra loro: è l'**ottava**. Il do acuto suona come il do grave, ma più in alto.

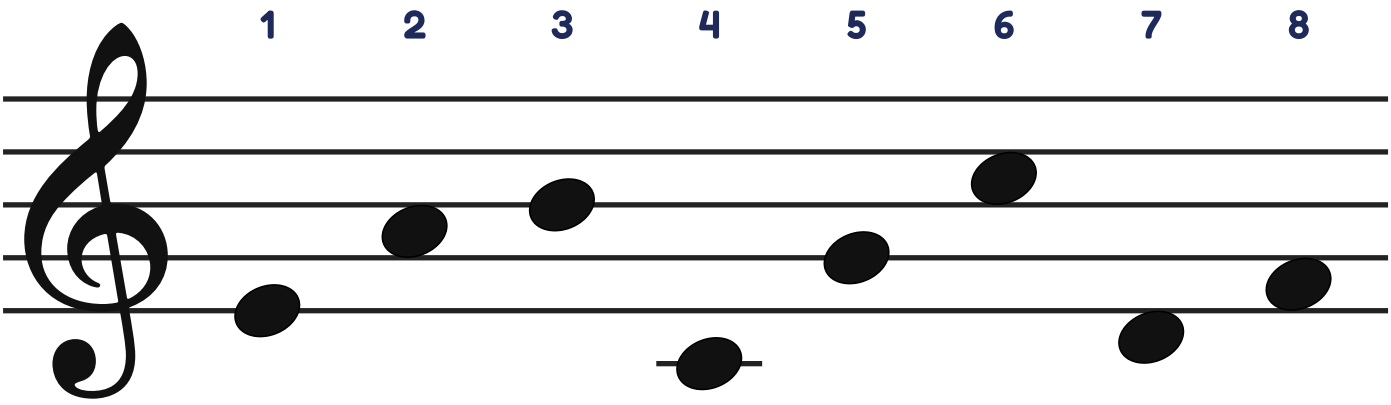

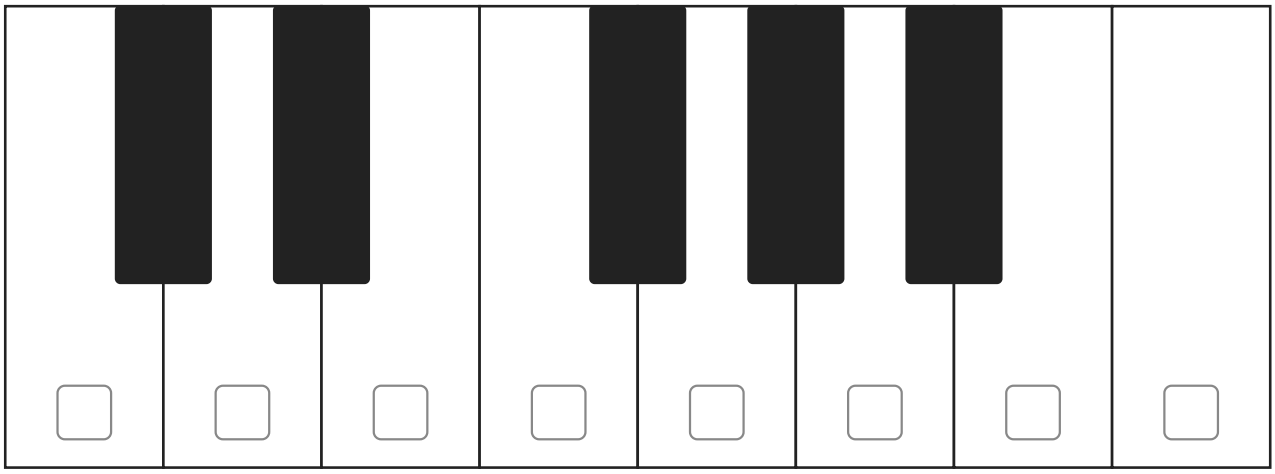

Nome _____ 3N-10

Note e tasti

Scrivi il numero di ogni nota sul tasto giusto della tastiera.

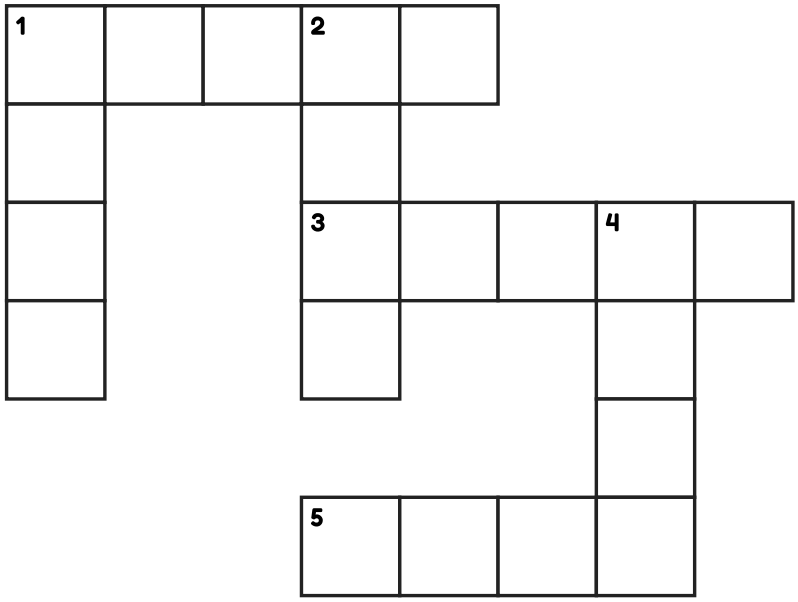

Il **do** è il tasto bianco a sinistra dei **due** tasti neri. Trovalo e poi conta: do, re, mi...

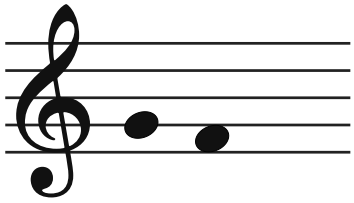

Nome _____ 3N-11

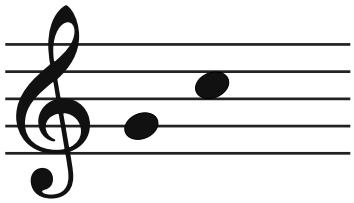

Il cruciverba delle note

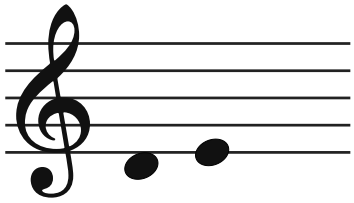

Leggi le note di ogni definizione e scrivi la parola nel cruciverba.

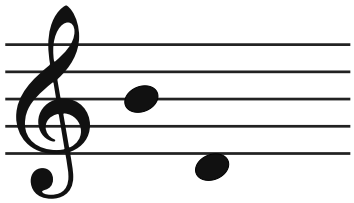

Orizzontali →

5 

Verticali ↓

1 

2 

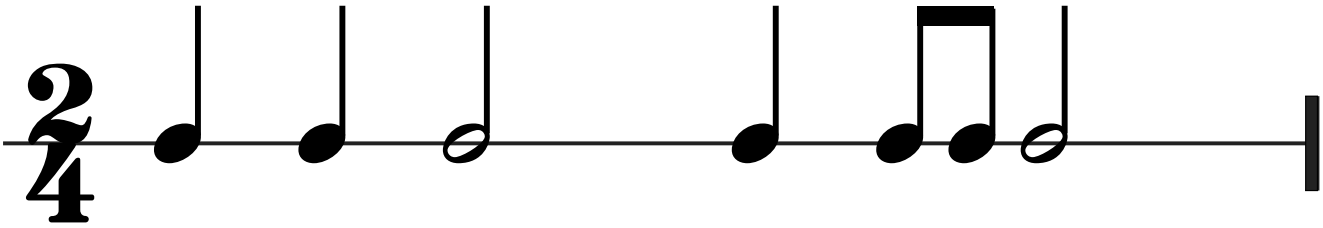

4 

Le stanghette in 2/4

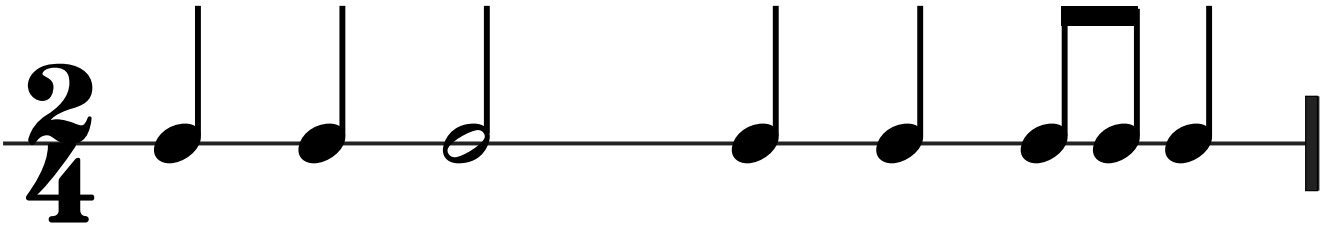

In 2/4 ogni battuta ha **2 battiti**. Conta e disegna le stanghette che mancano.

Conta i battiti: semiminima = 1, due crome = 1, minima = 2. Ogni 2 battiti, una stanghetta!

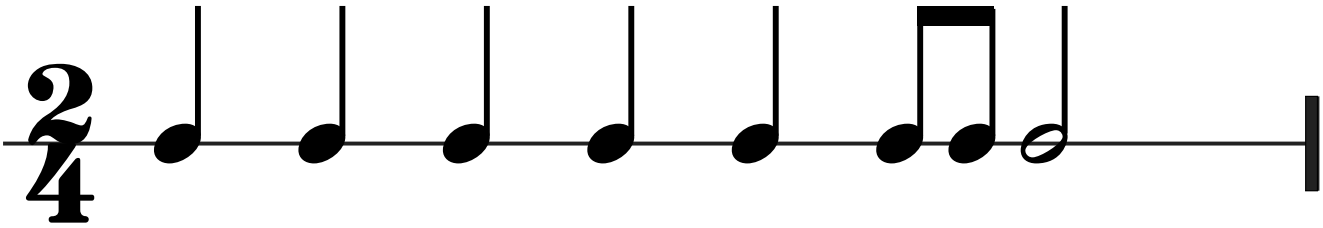

1

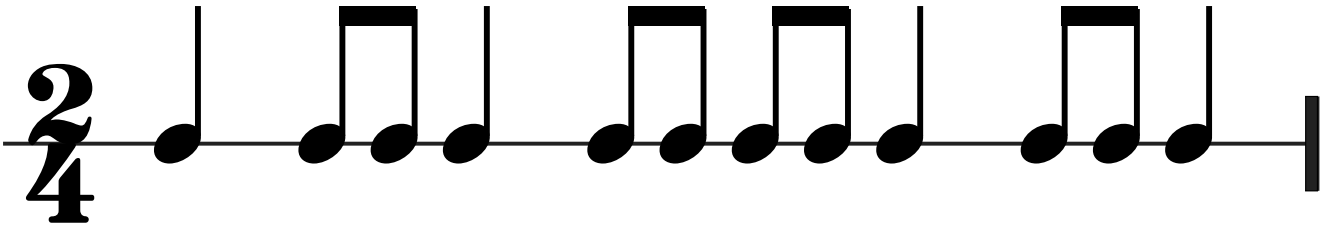

2

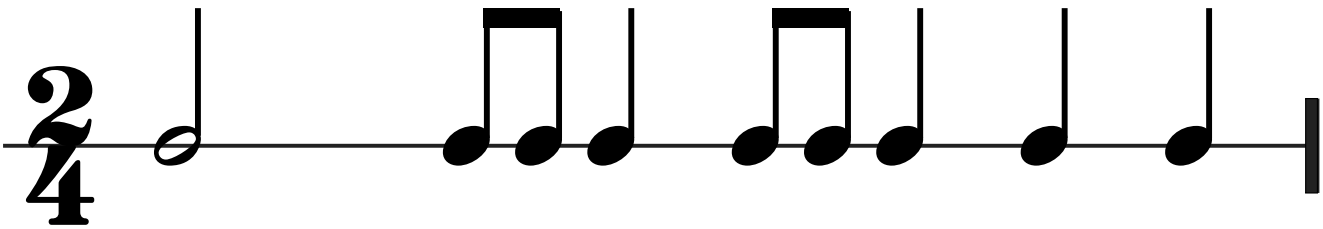

3

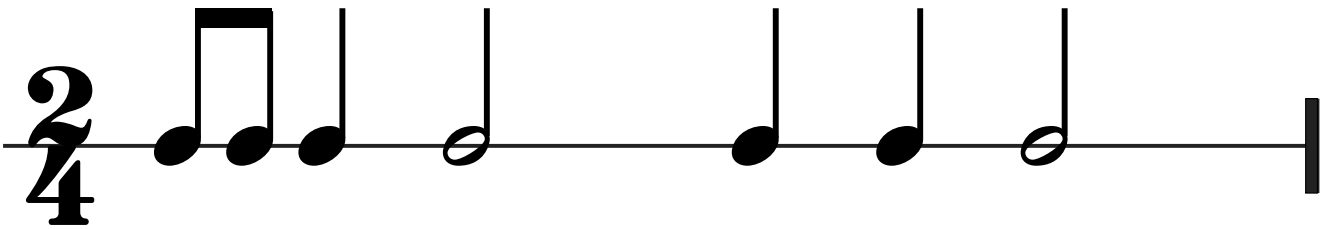

4

5

6

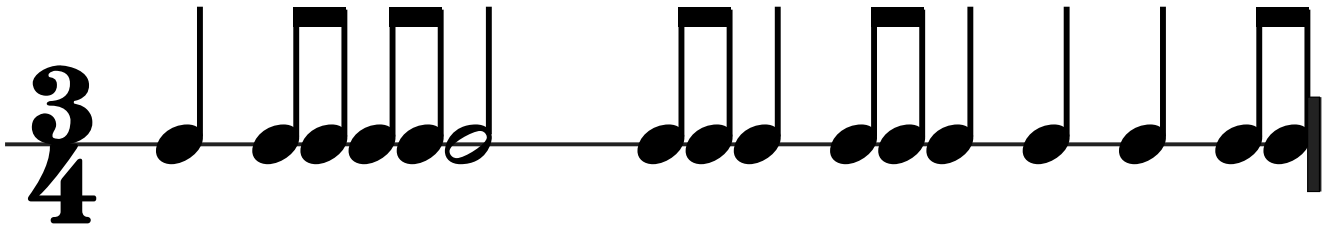

Le stanghette in 3/4 e 4/4

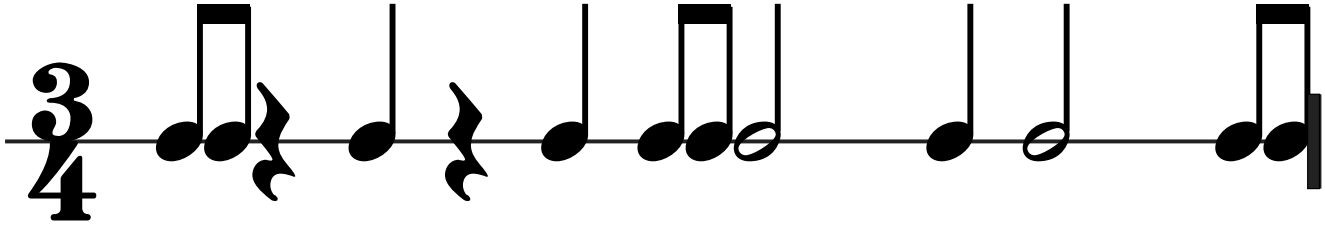

Guarda il numero in alto del tempo: quanti battiti per battuta? Disegna le stanghette.

Tempo 3/4: tre battiti per battuta

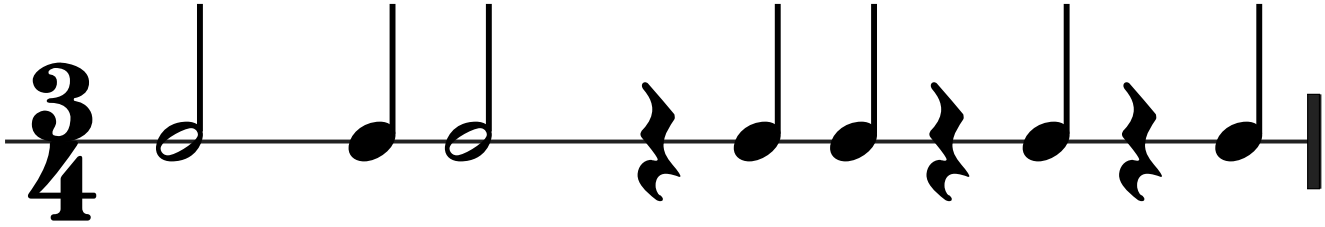

1

2

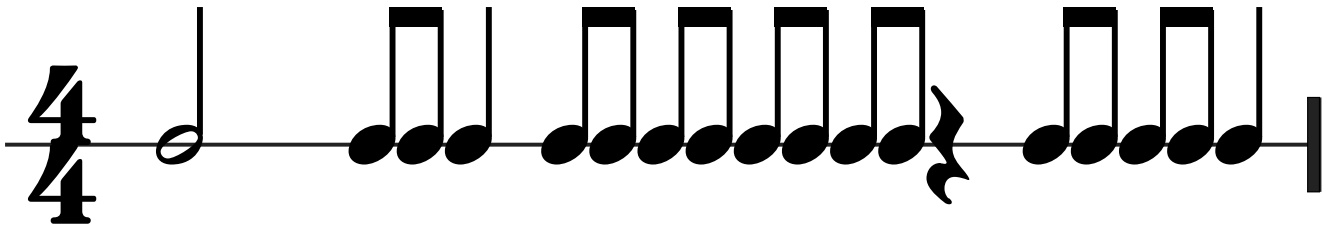

3

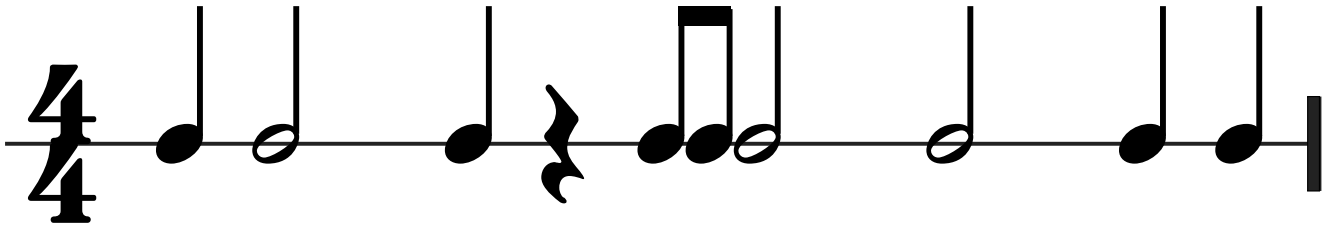

Tempo 4/4: quattro battiti per battuta

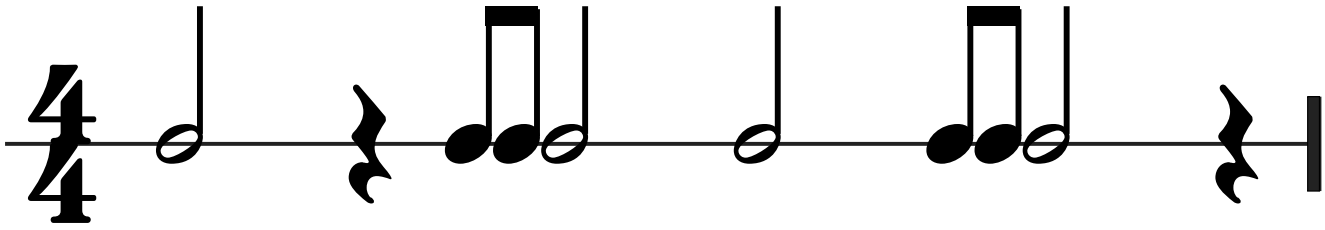

1

2

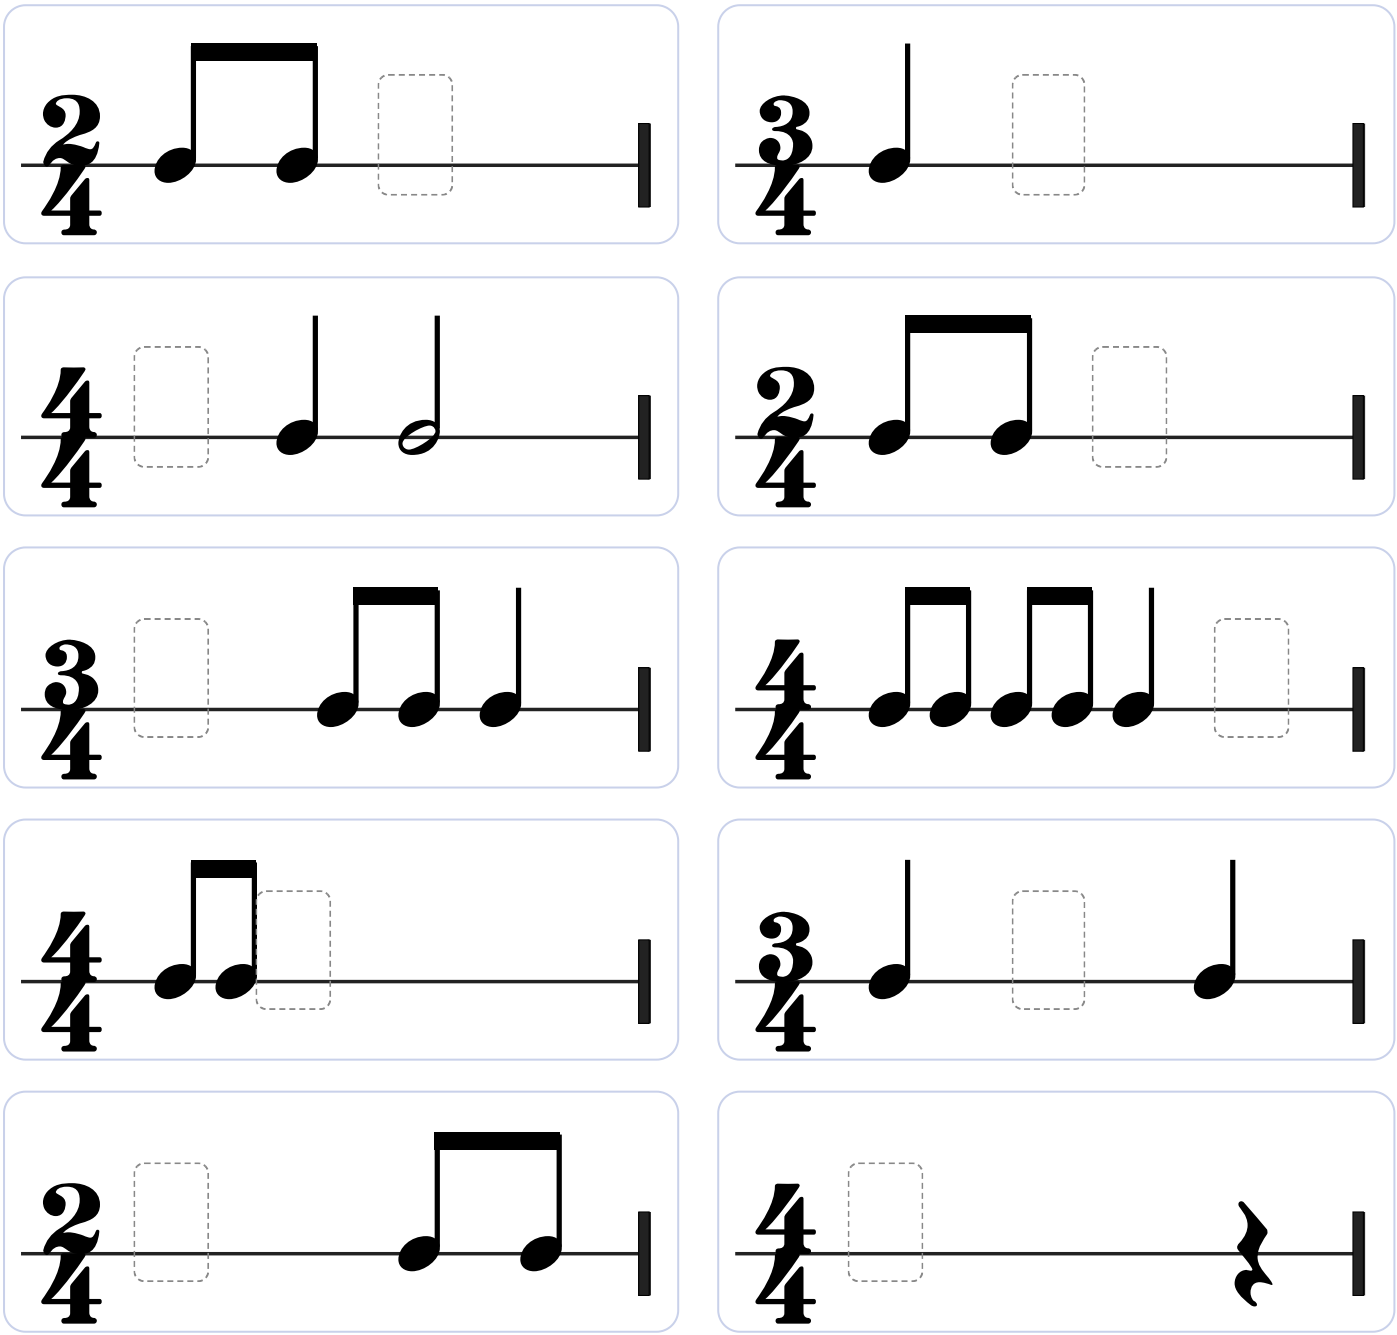

3

Completa la battuta

In ogni battuta manca una figura. Disegnala nella casella tratteggiata.

Nome _____ 3R-04

Quanti battiti vale?

Scrivi quanti battiti vale ogni figura e ogni pausa.

semibreve ☐

minima ☐

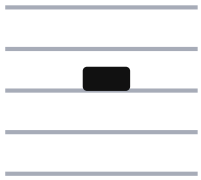

semiminima ☐

due crome ☐

pausa di semibreve ☐

pausa di minima ☐

pausa di semiminima ☐

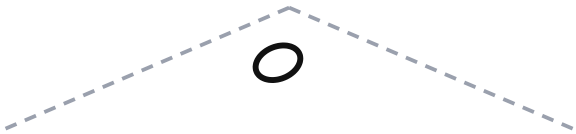

minima col punto ☐

La **pausa** vale quanto la sua figura: si conta, ma non si suona.

L'albero delle figure

Ogni figura si divide in due figure più corte. Ripassa i rami e colora ogni piano di un colore diverso.

1 semibreve = 4 battiti

2 minime

4 semiminime

8 crome

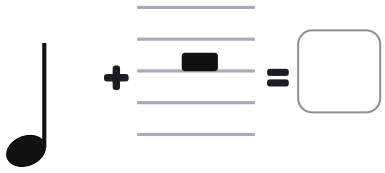

Nome _____ 3R-06

Somme ritmiche

Quanti battiti fanno in tutto? Scrivi il risultato.

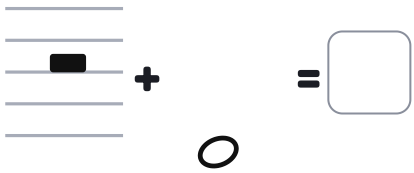

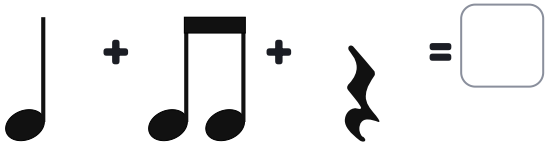

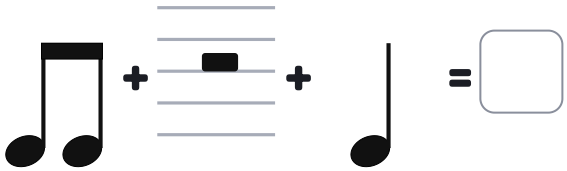

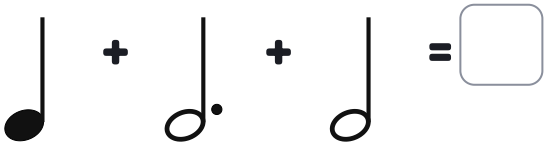

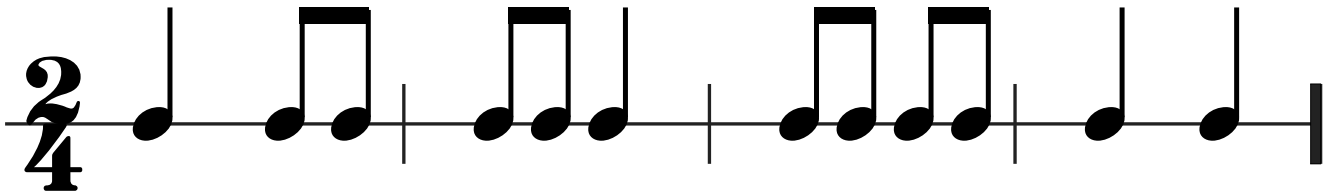

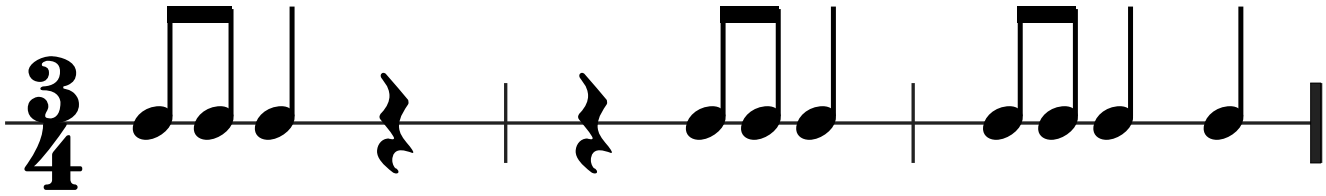

Leggi e batti

Leggi e batti tenendo il battito con il piede. Sulle pause apri le mani.

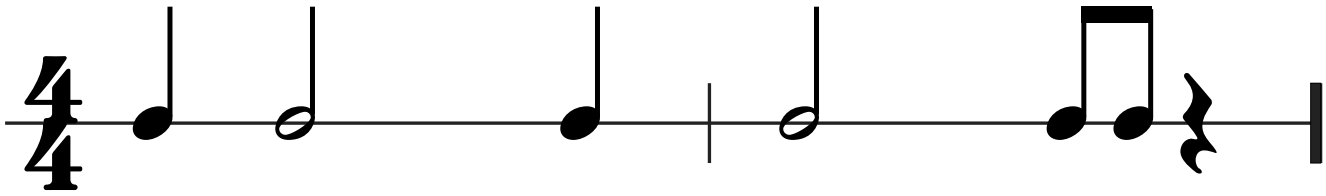

1

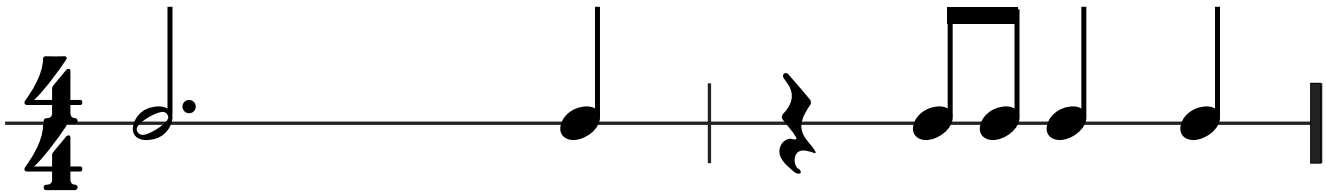

2

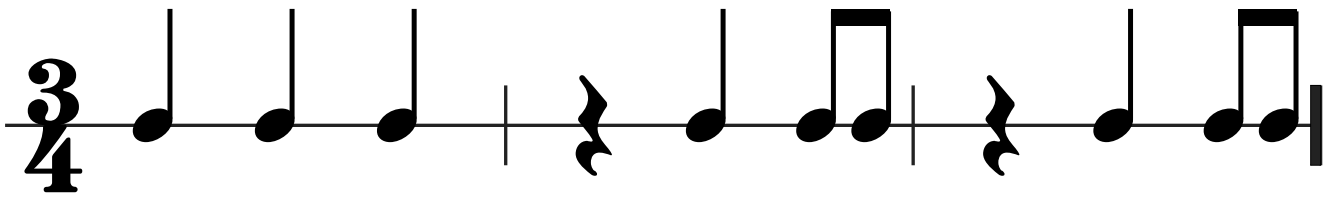

3

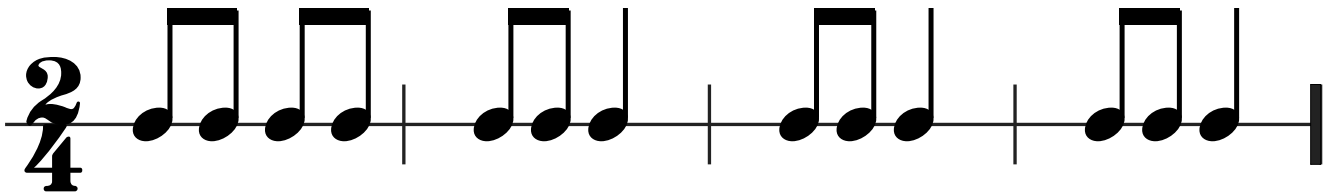

4

5

6

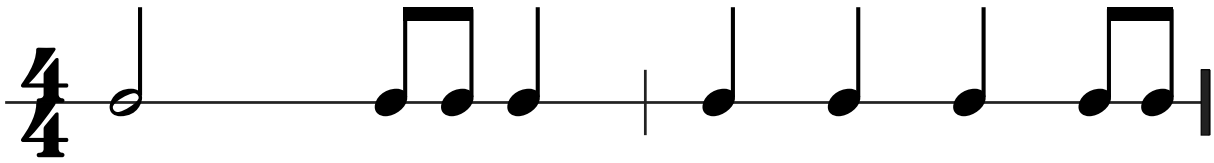

Quale battuta ho suonato?

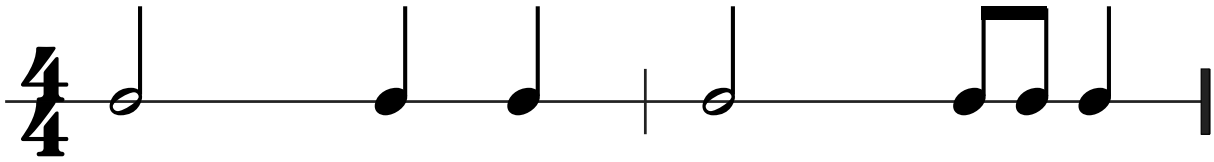

Ascolta e fai una crocetta sulla battuta giusta: A, B o C.

Ascolto 1

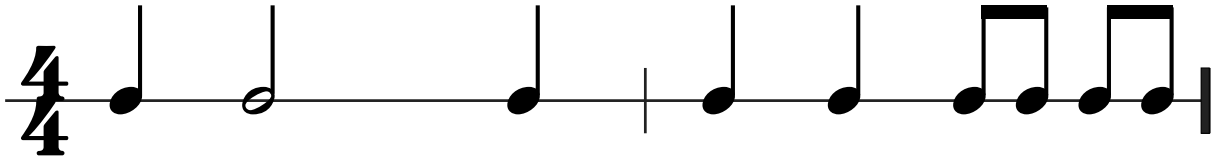

A

C

Dettato con tre note

L'insegnante suona una melodia con **do**, **re** e **mi**. Scrivi le note sui puntini.

Dettato 1

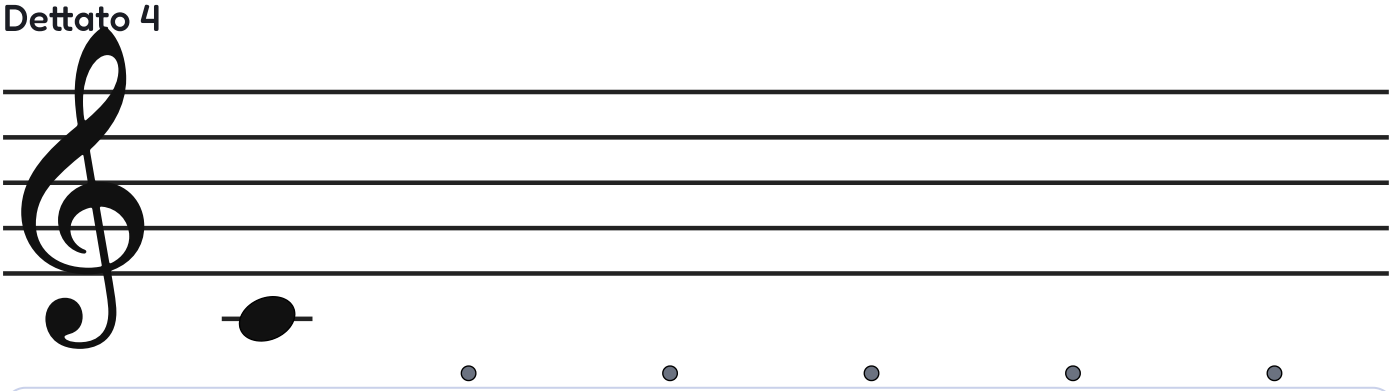

Dettato 2

Dettato 3

Dettato 4

La prima nota è sempre il **do**. Ascolta se la melodia sale, scende o resta uguale.

Le famiglie dell'orchestra

A quale famiglia appartiene? Fai una crocetta: **A** archi, **L** legni, **O** ottoni, **P** percussioni.

A · archi: corde suonate con l'arco
L · legni: si soffia (flauto, clarinetto…)
O · ottoni: si soffia nel bocchino di metallo
P · percussioni: si percuotono

violino

A L O P

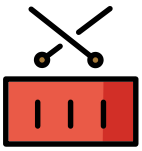

tromba

A L O P

Inventa il tuo ritmo

Scrivi un ritmo in 4/4 usando le figure che conosci. Poi battilo con un compagno.

1 battito

1 battito

2 battiti

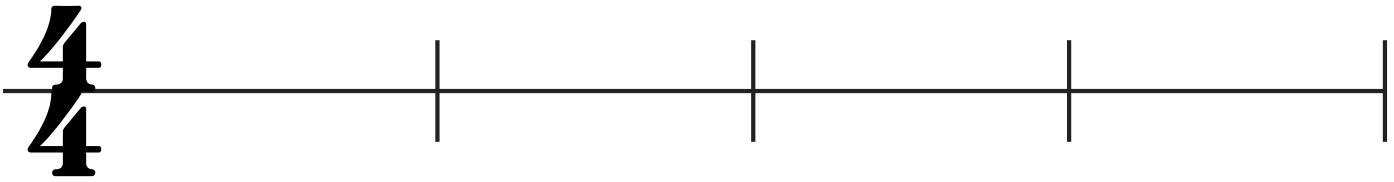

4 battiti

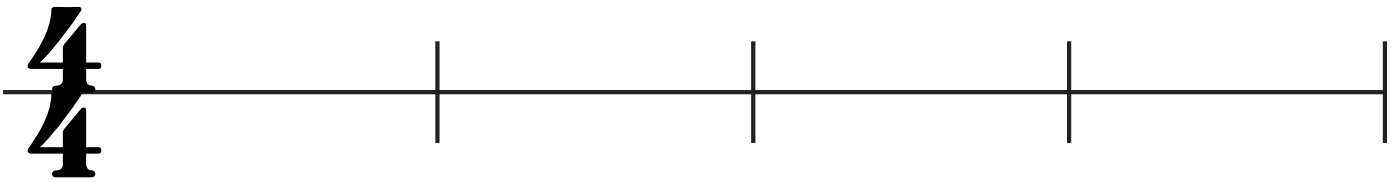

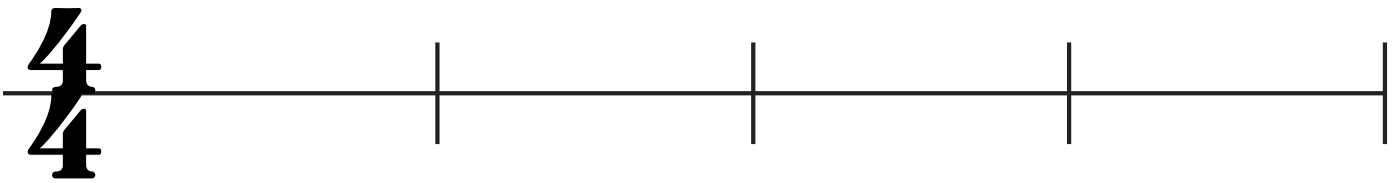

1 battito

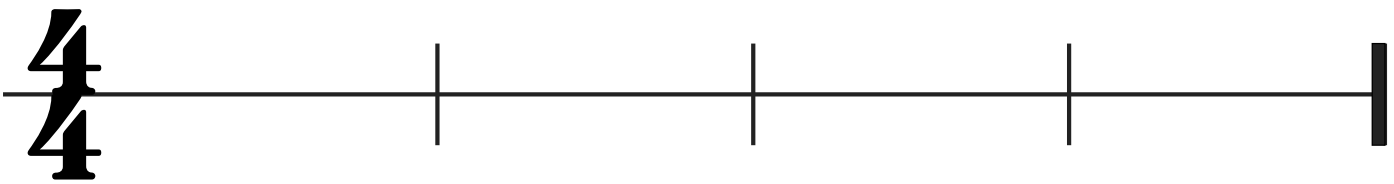

2 battiti

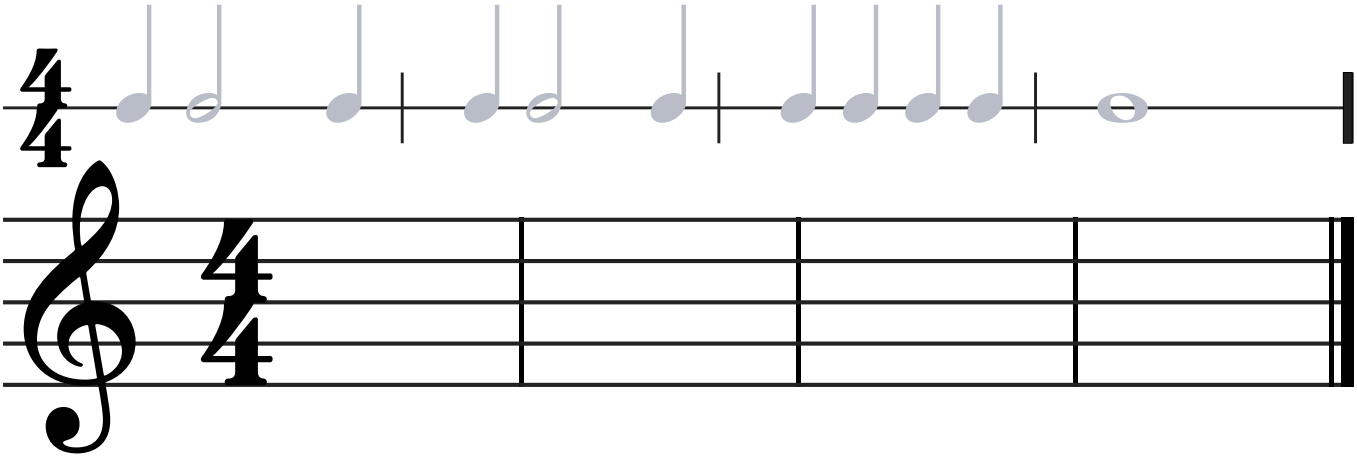

Controlla: in ogni battuta devono esserci **4 battiti**, né uno di più né uno di meno.

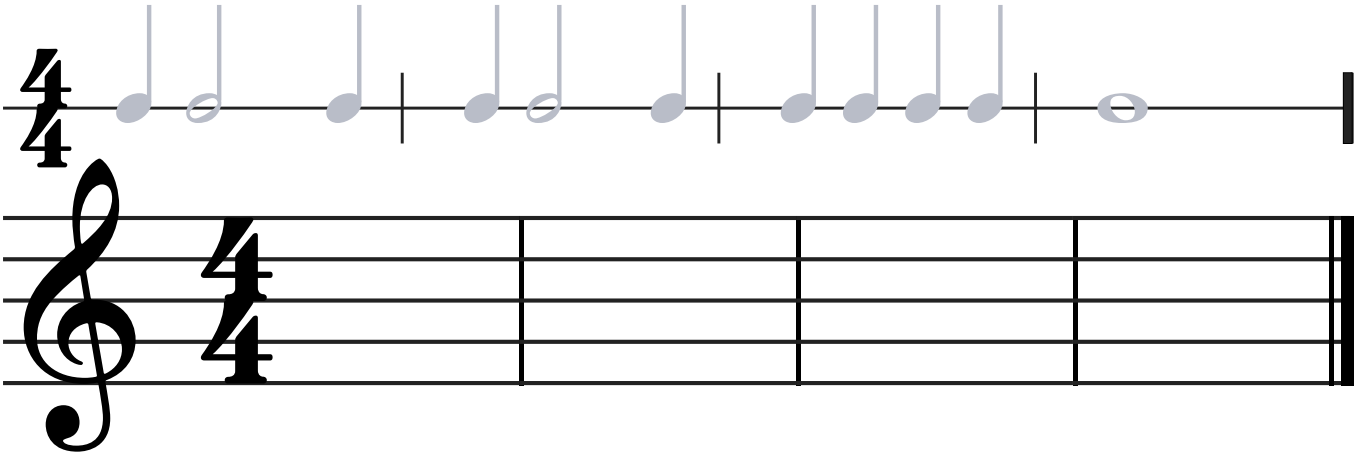

Componi con tre note

Usa il ritmo che vedi e scegli tu le note: **do**, **re** o **mi**. Poi suona la tua melodia.

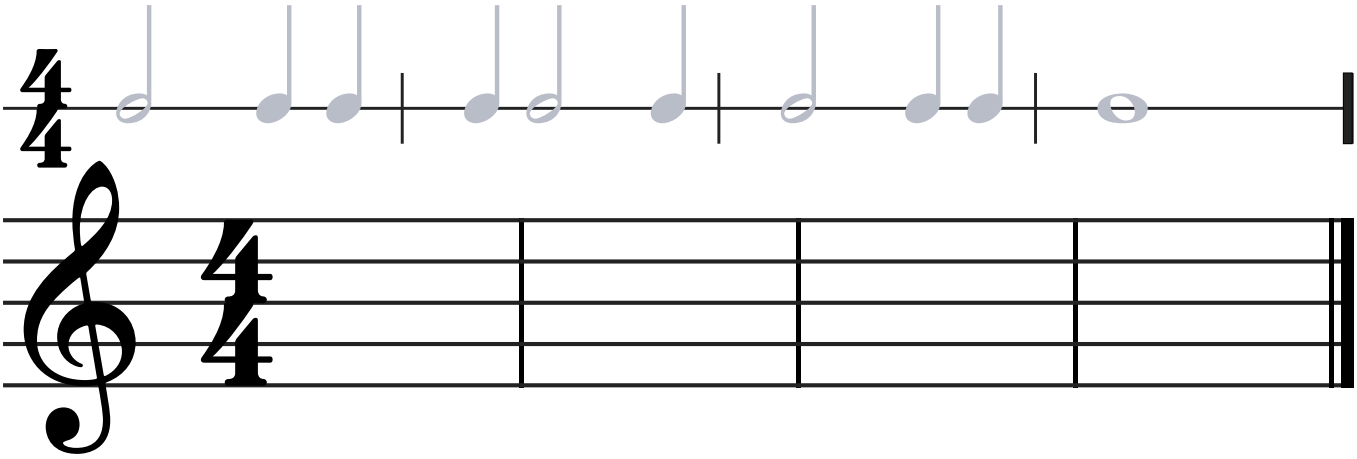

Melodia 1

Melodia 2

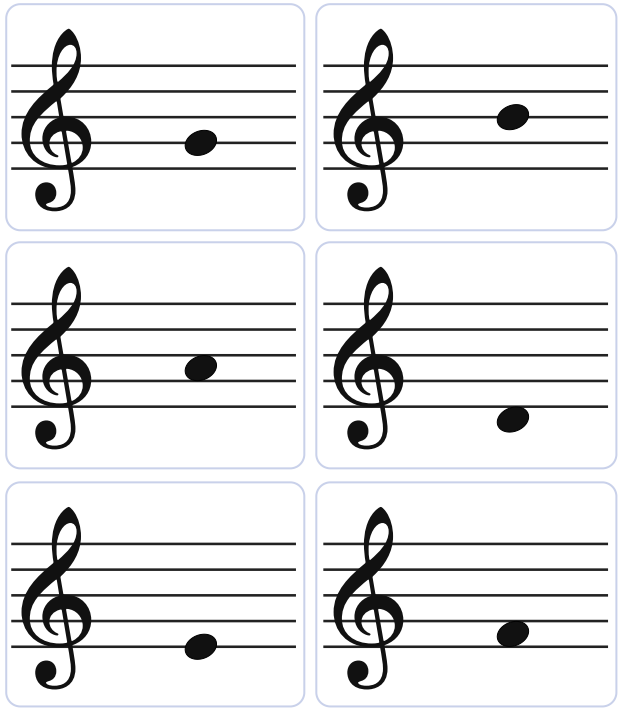

Melodia 3

Tombola delle note

Ritaglia le cartelle. L'insegnante dice il nome di una nota: se c'è, coprila con un tappo!

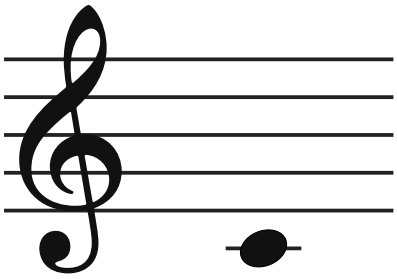

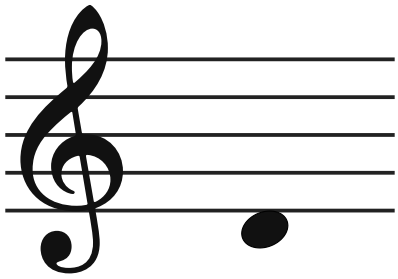

Memory: nota e nome

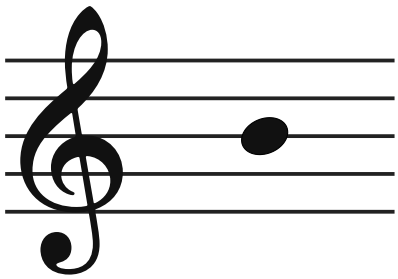

Ritaglia le carte e gioca a memory: trova la nota e il suo nome.

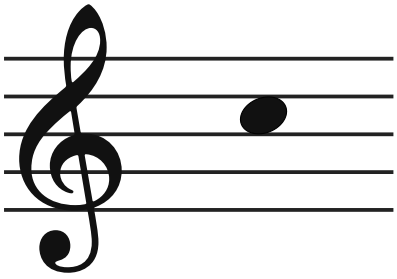

do

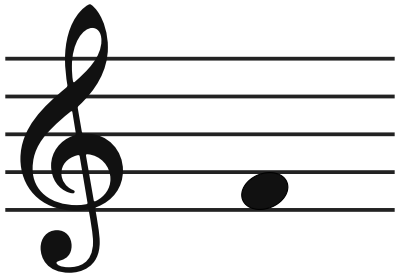

re

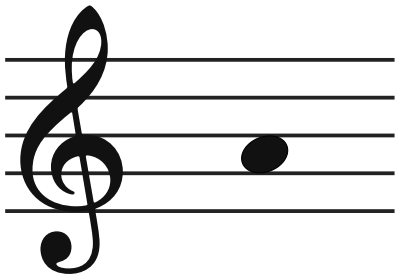

si

do acuto

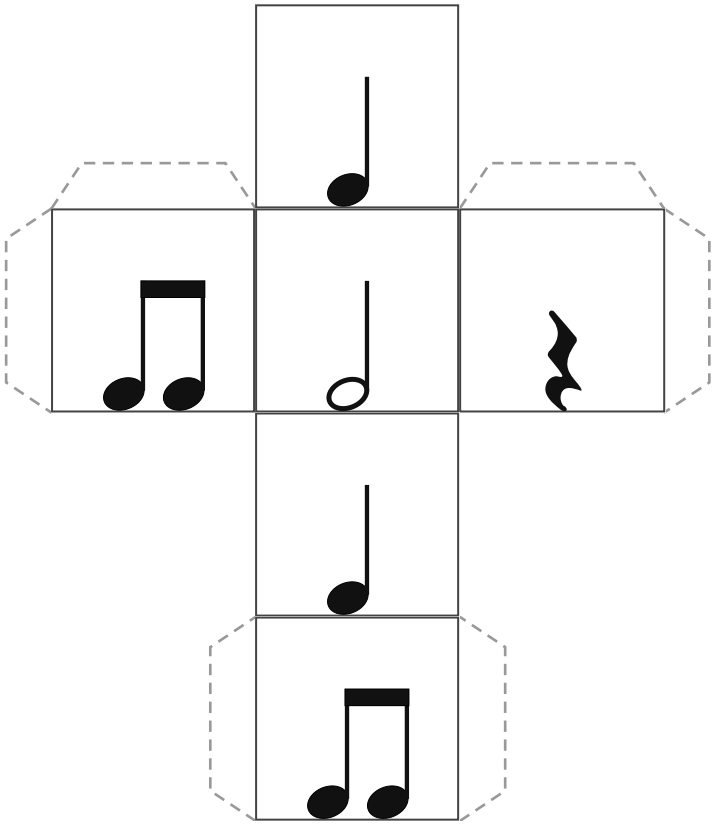

fa

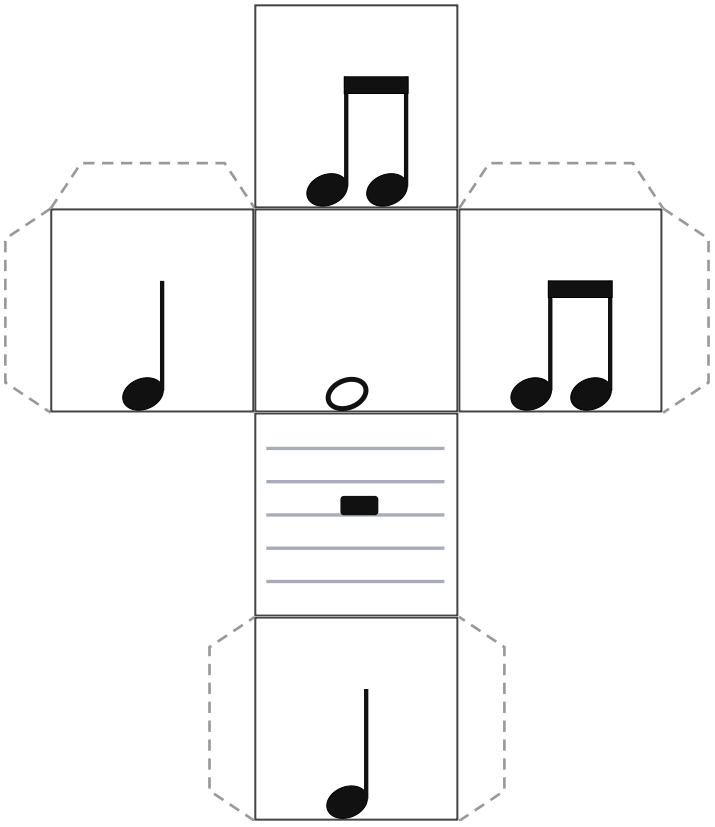

la

I dadi del ritmo

Ritaglia, piega sulle righe e incolla le alette. Tira i due dadi e batti il ritmo che esce!

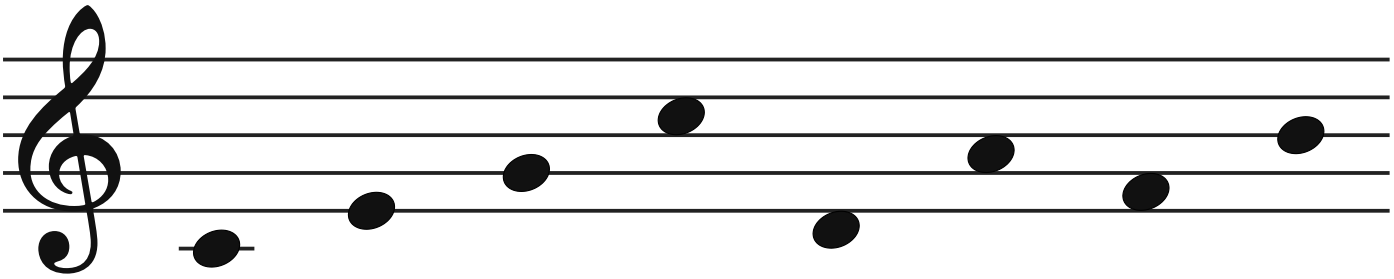

Che cosa ho imparato

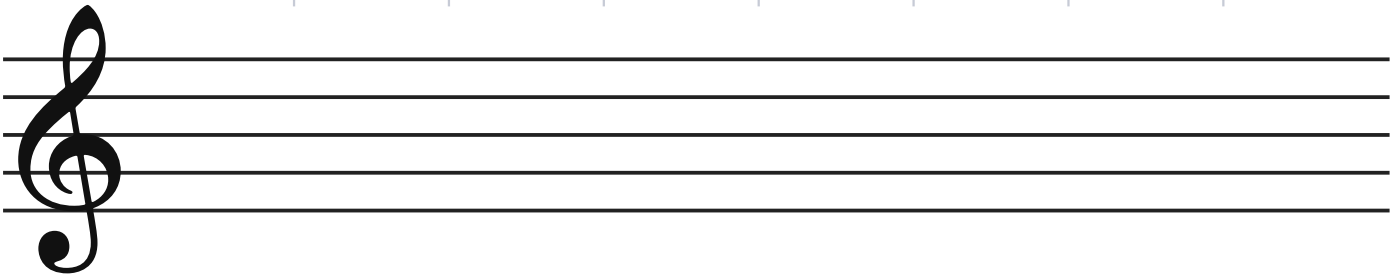

Fai tutti gli esercizi con calma. Alla fine colora la stella!

1. Scrivi il nome delle note.

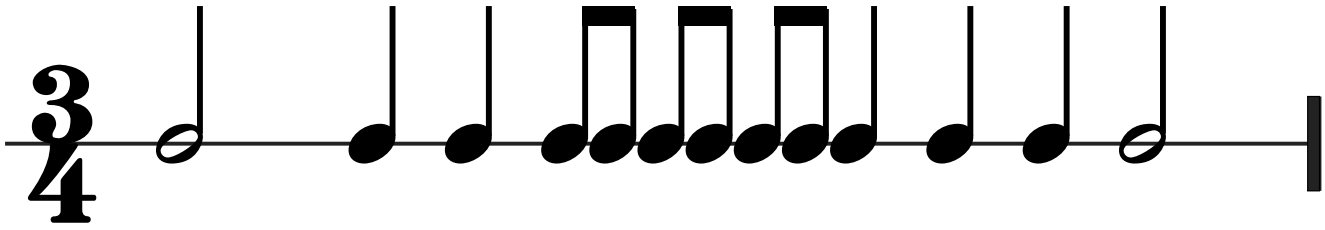

2. Disegna le note.

re | sol | do | mi | la | do | fa | si

3. Disegna le stanghette (tempo 3/4).

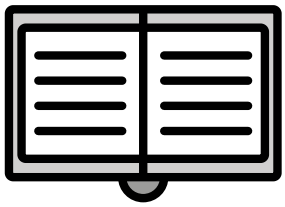

1

4. Quanti battiti?

Diploma "Lettore di note"

Lettore di note

consegnato a

_____

perché legge tutte le note **da do a do**, conosce la battuta e il tempo e scrive la musica con cura.
